Balla, 2013-05-13 Published in 1983 *Mental Retardation* is a valuable contribution to the field of Education What is Mental Retardation? Harvey N. Switzky, Stephen Greenspan, 2006 *What is Mental Retardation* is a rare peek into the divergent and at times contentious points of view among the world's leading researchers on what the condition of mental retardation is and how it should be defined measured and implemented in the 21st century This candid and insightful collection of 21 essays features expert opinion on issues ranging from whether mental retardation really is a slowing of mental development and what the disability should be called to how cultural norms affect the definition of the condition worldwide and lessons learned from the Atkins v Virginia case The definitions of mental retardation published from 1921 2002 by the American Association on Intellectual and Developmental Disabilities provide the backdrop for this powerful discussion **Handbook of Mental Retardation and Development** Jacob A. Burack, Robert M. Hodapp, Edward F. Zigler, 1998-02-28 This book reviews theoretical and empirical work in the developmental approach to mental retardation Armed with methods derived from the study of typically developing children developmentalists have recently learned about the mentally retarded child's own development in a variety of areas These areas now encompass many aspects of cognition language social and adaptive functioning as well as of maladaptive behavior and psychopathology In addition to a focus on individuals with mental retardation themselves familial and other ecological

factors have influenced developmental approaches to mental retardation Comprised of twenty seven chapters on various aspects of development this handbook provides a timely comprehensive guide to understanding mental retardation and development **International Review of Research in Mental Retardation** ,2002-02-13 International Review of Research in Mental Retardation is an ongoing scholarly look at research into the causes effects classification systems syndromes etc of mental retardation Contributors come from wide ranging perspectives including genetics psychology education and other health and behavioral sciences **International Review of Research in Mental Retardation** Norman R. Ellis,Norman W. Bray,1985 **Intellectual Disability** James C. Harris M.D.,2005-09-01 It is estimated that 7 2 million people in the United States have mental retardation or associated impairments a spectrum now referred to as intellectual disability This book provides professionals with the latest and most reliable information on these disabilities It utilizes a developmental perspective and reviews the various types of intellectual disabilities discusses approaches to classification diagnosis and appropriate interventions and provides information on resources that may offer additional help Case examples are included in each section to highlight specific diagnostic and treatment issues The emphasis in this book is on the development of the person the provision of interventions for behavioral and emotional problems associated with intellectual disability and the positive support necessary for self determination It discusses the facilitation of transitions throughout the lifespan from infancy to maturity and old age Additionally the book reviews evaluations for behavioral and emotional problems genetic factors appropriate psychosocial medical and pharmacological interventions and family and community support

Routledge Library Editions: Special Educational Needs Various,2021-07-29 This set of 62 volumes originally published between 1951 and 1999 amalgamates a wide breadth of literature on Special Educational Needs with a particular focus on inclusivity class management and curriculum theory This collection of books from some of the leading scholars in the field provides a comprehensive overview of the subject how it has evolved over time and will be of particular interest to students of Education and those undertaking teaching qualifications **Intellectual Disability** S. Whitaker,2013-10-30 The current construct of intellectual disability is based on the assumption that both IQ and adaptive behaviour can be measured accurately Intellectual Disability explains how and why this is not fit for purpose and that it is actually neither necessary nor reasonable to have a single construct of intellectual disability **Developmental Psychopathology, Volume 3** Dante Cicchetti,Donald J. Cohen,2006-03-31 Developmental Psychopathology Volume 3 Risk Disorder and Adaptation provides a life span developmental perspective on high risk conditions and mental disorders Moreover it examines developmental pathways to resilient adaptation in the face of adversity *Development and Disabilities* Robert M. Hodapp,1998-10-13 This book offers a multi disability approach to children with mental retardation deafness blindness and motor impairments **A Clinician's Guide to Mental Health Conditions in Adults with Autism Spectrum Disorders** Eddie Chaplin,Jane McCarthy,Debbie Spain,2019-10-21 This comprehensive and much needed guide addresses the issues faced by clinicians in

assessing and treating the range of mental health conditions which can affect adults with Autism Spectrum Disorder ASD Its particular focus on adults fills a notable gap in the ASD professional literature with an extensive array of contributors from across the psychology and healthcare professions Covering a wide variety of common co occurring mental health conditions including mood disorders anxiety psychosis OCD personality disorders and eating disorders this guide also explores broader issues to do with promoting positive mental health and wellbeing Authoritative and detailed this is an essential resource for all clinicians and professionals looking to understand and tailor their approach to mental health in autistic adults and the need for specific methods and strategies to enhance assessment and treatment Issues in the Developmental Approach to Mental Retardation Robert M. Hodapp, Jacob A. Burack, Edward Zigler, 1995-01-27 Issues in the Developmental Approach to Mental Retardation is one of the first books exclusively devoted to applying the theories findings and approaches used in work with nonretarded children to several types of retarded individuals The editors and contributors define the developmental approach and explore theoretical issues as they relate to retarded populations Problems involving similar sequences of development cross domain relations the environment and motivation are all discussed as is the importance of separating the various etiological groups for research and intervention purposes The contributors also examine the nature of development in specific etiological groups types of retardation that are addressed include cultural familial retardation Down syndrome fragile X syndrome autism and children with sensory and motor handicaps This significant volume demonstrates how data from nonretarded development can inform work with retarded populations and how findings from children with mental retardation enrich developmental theory *Retardation in Young Children* Sarah H. Broman, Paul L. Nichols, Peter Shaughnessy, Wallace Kennedy, 2013-01-11 Results of the Collaborative Perinatal Project report disclose the risk factors for mental retardation found in children examined from the prenatal period to age seven Both biological and social risk factors are analyzed for both severe and mild cognitive deficits The authors of this volume investigated the etiologies of the neurological subgroups of the retarded and reveal through comparisons with non retarded groups important population factors related to normal cognitive development *Scientific Studies in Mental Retardation* John Dobbing, A. D. B. Clarke, 1984-06-18
