

HANDBOOK OF ORGANIZATIONAL JUSTICE

Edited by

Jerald Greenberg • Jason A. Colquitt

Handbook Of Organizational Justice

Liyong Dong

Handbook Of Organizational Justice:

Handbook of Organizational Justice Jerald Greenberg, Jason A. Colquitt, 2013-05-13 Matters of perceived fairness and justice run deep in the workplace. Workers are concerned about being treated fairly by their supervisors; managers generally are interested in treating their direct reports fairly, and everyone is concerned about what happens when these expectations are violated. This exciting new handbook covers the topic of organizational justice, defined as people's perceptions of fairness in organizations. The Handbook of Organizational Justice is designed to be a complete, current, and comprehensive reference chronicling the current state of the organizational justice literature. Tracing the development of ideas regarding organizational justice, this book introduces the topic of organizational justice from a historical perspective and presents fundamental issues regarding the nature of organizational justice; examines the justice judgment process, specifically addressing basic psychological processes such as the roles of control, self-interest, morality, and trust in the formation of justice judgments; discusses the consequences of fair and unfair treatment in the workplace; focuses on such key issues as promoting justice in the workplace in ways that help manage stress and the underlying processes that account for the effectiveness of justice applications; examines the generalizability of the interaction between process and outcomes; and focuses on the notion of cross-cultural differences in justice effects and summarizes the state of the science of organizational justice and presents various issues for future research and theorizing. This Handbook is useful as a guide for professors and graduate students primarily in the fields of management and psychology. It also is highly relevant to professionals in the fields of communication, sociology, legal studies, marketing, and human resources management.

Handbook of Organizational Justice Jerald Greenberg, Jason A. Colquitt, 2008 *Handbook of Organizational Justice*, 2005 *Handbook of Organizational Justice* Jerald Greenberg, Jason A. Colquitt, 2013-05-13 Matters of perceived fairness and justice run deep in the workplace. Workers are concerned about being treated fairly by their supervisors; managers generally are interested in treating their direct reports fairly, and everyone is concerned about what happens when these expectations are violated. This exciting new handbook covers the topic of organizational justice, defined as people's perceptions of fairness in organizations. The Handbook of Organizational Justice is designed to be a complete, current, and comprehensive reference chronicling the current state of the organizational justice literature. Tracing the development of ideas regarding organizational justice, this book introduces the topic of organizational justice from a historical perspective and presents fundamental issues regarding the nature of organizational justice; examines the justice judgment process, specifically addressing basic psychological processes such as the roles of control, self-interest, morality, and trust in the formation of justice judgments; discusses the consequences of fair and unfair treatment in the workplace; focuses on such key issues as promoting justice in the workplace in ways that help manage stress and the underlying processes that account for the effectiveness of justice applications; examines the generalizability of the interaction between process and outcomes; and focuses on the notion of cross-cultural

Understanding and Communicating Science LeeAnn Kahlor, Patricia Stout, 2009-11-13 Science communication has become increasingly popular in journalism and mass communication as the media offer more scientific and technological information to the public This volume explores the evolution of science communication addressing key issues and offering substance for future study Harnessing the energies of junior scholars on the forefront of science communication this work pushes the boundaries of research forward allowing scholars to sample the multiple paradigms and agendas that will play a role in shaping the future of science communication Editors LeeAnn Kahlor and Patrici

The Views of Japanese Employees on Cross-Border M&As Kai Oliver Thiele, 2018-07-02 Kai Oliver Thiele analyses M As between companies from different cultures which in general impose unique challenges but also offer invaluable opportunities for all parties Since Japan lags expectations regarding the amount of cross border M As it is the more important to understand the drivers of

successful cross border acquisitions coming into the country However how the employees view on a merger can be successfully managed to leverage the M As success rate remains yet unanswered By focusing on the employees needs this research seeks to contribute positively to an increase of the cross border M As success rate

Management and Organization Theory Jeffrey A. Miles, 2012-01-30 MANAGEMENT AND ORGANIZATION THEORY Management and Organization Theory offers a summary and analysis of the 40 most popular researched and applied management and organization theories This important resource includes key instruments used to measure variables in each theory and examines pertinent questions about the theory strengths and weaknesses practical applications and the seminal articles published on each theory This is a remarkable book Jeffrey Miles clearly explains and synthesizes 40 major theories of management and organization in an easily accessible and engaging style Well researched comprehensive in its coverage thorough balanced and fair in its analyses of theories the book is destined to be a major authoritative reference in the field It is one of the most readable informative and useful books I have read I strongly recommend it Shaker A Zahra department chair Robert E Buuck Chair and professor Strategic Management and Organizations Department University of Minnesota This book provides a terrific advantage to any student or manager seeking to grasp the fundamental concepts that explain organizations and the behavior of people within them Richard L Daft author The Executive and the Elephant A Leader s Guide to Building Inner Excellence and the Brownlee O Currey Jr Professor of Management Owen Graduate School of Management Vanderbilt University An easy to read summary of some of the most critical theories in the field of management theories that have implications not just for scholars but for practicing managers as well Jay Barney professor of management and human resources and Chase Chair for Excellence in Corporate Strategy Fisher College of Business The Ohio State University

Inclusive Policing from the Inside Out Angela L. Workman-Stark, 2017-02-15 This book provides a roadmap for how police services can address incivility in the workplace and become more inclusive from the inside out In the past few years policing has come under increased scrutiny due to a number of police involved shootings and in custody deaths where systemic racism the inability to effectively confront persons suffering from mental illness and excessive use of force have been perceived by civil rights groups to play a significant factor These deaths and the subsequent public outcry have led to various constituents questioning the legitimacy of the police The book incorporates real stories of police officers and case studies of select police organizations A look inside a number of these departments has identified an equal concern for incivility within the workplace in the form of gender and ethnic harassment and discrimination The costs of workplace incivility can be significant as workplace victims are not only likely to decrease their work effort quality of work and their level of commitment to the organization they are also likely to mistreat others in the workplace and to take their frustrations out on those they serve While these costs have a significant impact for police organizations incivility by police officers against members of the public can have a much greater impact in terms of eroding perceptions of police legitimacy This book takes a

unique approach in providing a model for police organizations to pursue in becoming more inclusive To this end this book will be very relevant for police practitioners reform advisors researchers and graduate level course in special topics

Politics in Organizations Gerald R. Ferris, Darren C. Treadway, 2012 First Published in 2012 Routledge is an imprint of Taylor Francis an informa company *Perspectives on Justice and Trust in Organizations* Linda L. Neider, Chester A. Schriesheim, 2012-08-01 We are living in an age of pervasive distrust one so severe that journalists discuss the trust deficit almost as regularly as they do trade or economic shortfalls Perceptions of injustice and lack of fairness have increased so much during the years after the economic crash of 2008 that few organizations both public and private have been left unaffected In fact numerous opinion polls illustrate deep distrust on the part of participants towards political leaders government organizations and certainly business leaders across many industries Democrats Republicans conservatives liberals the wealthy the poor executives police officers managers the list goes on and on Some months back an NBC WSJ survey showed an eye popping 82% disapproval rating for the U S Congress the lowest in the history of the poll With this climate as a backdrop Volume 9 of the Research in Management series brings together seven chapters written by leading scholars in the field of justice and trust who present new research models and conceptualizations to provide insights for key issues in this field both from a scholarly perspective as well as pragmatic suggestions for practice **Handbook of Managerial Behavior and Occupational Health** Alexander-Stamatios G. Antoniou, 2009-01-01 The reader will find the articles themselves very well written and well researched this book would best be utilized as a reference tool for a researcher or as a reader for a masters or doctoral level course in organizational studies industrial or organizational psychology this text will be extremely valuable Jeffrey D Yergler Leadership Organization Development Journal This exciting Handbook provides an authoritative and comprehensive overview of managerial behavior and occupational health Containing both theoretical and empirical contributions written by eminent academics the Handbook covers a range of factors that influence behavior including migration and health job insecurity the impact of age diversity work stress and health in the context of social inequality as well as occupational health from a psychological perspective It is an essential reference tool to further research on psychology stress and understanding the behaviors of health within working environments The book will be invaluable to academics and students in the fields of occupational health **The Oxford Handbook of Justice in the Workplace** Russell Cropanzano, Maureen L. Ambrose, 2015 Offering the most thorough discussion of organizational justice currently available The Oxford Handbook of Justice in the Workplace provides a comprehensive review of empirical and conceptual research addressing this vital topic **Distributive and Procedural Justice** Kjell Törnblom, Riël Vermunt, 2016-05-23 This interdisciplinary and cross national volume brings together theory and research by prominent scholars within the areas of distributive and procedural justice not only featuring work within each area separately as is commonly done but also showing how combinations of the two justice orientations might operate to affect justice judgments and guide behaviour Chapters

cover various levels of analysis from intra personal to interpersonal to group and societal levels The volume is divided into four sections distributive justice procedural justice distributive and procedural justice and methodological issues Each section is subdivided into two parts basic research and applied research re current and important societal issues Each chapter contains an overview of theoretical and empirical research on a particular topic The volume is designed for use on courses in social psychology psychology sociology political philosophy and law *Fairness and Justice in Environmental Decision Making* Catherine Gross,2014-01-10 By crossing disciplinary boundaries this book uniquely connects theories of justice with people s lived experience within social conflicts over resource sharing It shows why some conflicts such as local opposition to wind farms and water disputes have become intractable social problems in many countries of the world It shows the power of injustice in generating opposition to decisions The book answers the question why are the results of many government initiatives and policies not accepted by those affected Focusing on two social conflicts over water sharing in Australia to show why fairness and justice are important in decision making the book shows how these conflicts are typical of water sharing and other natural resource conflicts experienced in many countries around the world particularly in the context of climate change It tells the stories of these conflicts from the perspectives of those involved These practically based findings are then related back to ideas and constructs of justice from disciplines such as social psychology political philosophy and jurisprudence With a strong practical focus this book offers readers an opportunity to develop a deep understanding of fairness and justice in environmental decision making It opens up a wealth of fairness and justice ideas for decision makers practitioners and researchers in natural resource management environmental governance community consultation and sustainable development as well as people in government and corporations who interface and consult with communities where natural resources are being used **Social Psychology** Karen A. Hegtvedt,Cathryn Johnson,2017-07-12 *Social Psychology Individuals Interaction and Inequality* invites you to take a sociological approach to the study of the individual in relationship to society This unique new text explains how social psychology provides varied yet interrelated explanations for individuals experiences in groups and how the micro level interactions of individuals have consequences for macro level phenomena within society Karen A Hegtvedt and Cathryn Johnson describe an array of processes that shape interaction given differences in status power or group memberships Unlike other social psychology texts theirs stresses the interconnections among these processes to create a story about how individuals perceive and then act in their social worlds In addition to introducing the central theoretical approaches and important empirical studies the authors also provide many examples that help students locate the substance of social psychology in their own experiences and social interactions In the end readers will gain an understanding of how their identities and perceptions shape what they do how the structures in which they are embedded may constrain or facilitate their behaviors and how these dynamics contribute to reinforcing or ameliorating inequalities in their social groups
