Aikman, 2017-09-25 The Art and Practice of Court Administration explores the context in which court administration is practiced and identifies the qualities and skills court administrators need Divided into two major parts part one covers the history of the field and how courts are organized environmental conditions in which court administration is practiced special impact on courts of the elected clerk of court prosecutor and the sheriff the judge's administrative roles as well as how a judge's judicial and administrative roles work with management The second part reviews a new approach for setting and adjusting priorities among the multiple functions courts perform the Hierarchy of Court Administration It defines priorities analyzes court roles that establish mission critical functions and sets an agenda for advancing courts throughout this century Thorough and complete The Art and Practice of Court Administration details how courts operate the court administrator's position and responsibilities and approaches to issues and problems

**Handbook of Administrative Reform** Jerri Killian, Niklas Eklund, 2008-02-21 The field of public administration currently lacks sufficient resources for understanding the rationale implications and inherent practices of reforming government administration around the world The Handbook of Administrative Reform satisfies this need by bringing together diverse international experts to analyze the sensible processes and

Government Budget Forecasting Jinping Sun, Thomas D. Lynch, 2017-09-25 Revenue and expenditure forecasting plays an important role in public budgeting and financial management particularly during times of financial constraint when citizens impose greater accountability upon government to use taxpayer dollars more efficiently Despite its significance revenue and expenditure forecasting is often overlooked in the budget process and there is an imbalance between practice and research in this area Based on the collaboration of budget scholars and practitioners Government Budget Forecasting fulfills two purposes Enhances the understanding of revenue and expenditure estimation both theoretically and practically Stimulates dialogue and debate among practitioners and academicians to identify good forecast practices as well as areas for improvement Divided into four parts this comprehensive reference first examines forecast practices at the federal state and local levels drawing on case studies that include California Texas and Louisiana It then explores consensus systems and risk assessment considering political factors and the costs of forecast errors The text concludes with a call to transparency and guidance from a code of ethics and a look at forecasting practices in emerging

countries *Health Capital and Sustainable Socioeconomic Development* Patricia A. Cholewka, Mitra M. Motlagh, 2008-03-10 Given ongoing worldwide calamities such as famine natural disasters and drug abuse international attention has increasingly focused upon disease detection prevention containment and treatment Ill health hampers a country's social and economic development by triggering a vicious cycle of unsustainable resource use Given the recent outbreaks of worldwide calamities such as famine and natural disasters international attention has increasingly focused upon disease detection prevention and treatment Serving an unmet need in the marketplace this text highlights mounting evidence of the relationship between human capital and socioeconomic development and poses management strategies from international and interdisciplinary sources Scholars and practitioners in the health and sustainable development fields address such issues as healthcare and education funding for healthcare services and the impact of legal and political policies

**Business Improvement Districts** Goktug Morcol, Lorlene Hoyt, Jack W. Meek, Ulf Zimmermann, 2017-09-29 Initiated and governed by property or business owners under the authorization of state and local governments business improvement districts BIDs have received a very mixed reception To some they are innovative examples of self governance and public private partnerships to others they are yet another example of the movement toward the privatization of what should be inherent government responsibilities Among the first books to present a collection of scholarly work on the subject Business Improvement Districts Research Theories and Controversies brings together renowned leaders in the field to compile the highest quality theoretical legal and empirical studies into one comprehensive volume Investigating fundamental concerns at the core of the debate as well as potential solutions this groundbreaking resource Tackles the need for improved problem solving and efficiency in service delivery Examines new and innovative policy tools for both the public and private sectors Evaluates whether BIDs do ignore the needs and voices of residential property owners Discusses the challenge created by social segregation in cities Addresses lack of accountability by BIDs to the public and elected representatives From different perspectives leading practitioners and academics analyze the pros and cons of BIDs both in the United States and around the world They look at their impact on urban planning and retail revitalization consider their legal implications and explore ways to measure BID performance Filled with case studies of urban centers including San Diego Atlanta New York Toronto and Capetown and state models such as New Jersey and Pennsylvania this examination brings together essential information for researchers as well as those leaders and policy makers looking to adopt a BID model or improve one already in place

*Contracting for Services in State and Local Government Agencies* William Sims Curry, 2008-11-05 The First Complete Contracting Reference Textbook for State and Local Agencies Federal contracting officials have a comprehensive resource in the Federal Acquisition Regulations FAR to guide them through the arduous contracting process however until now there has been no such counterpart for state and local government agencies Contracting for Services in State and Local Government Agencies is the first reference book of its kind specifically designed to provide state and local administrators with a concise

authoritative resource on contracting for services Draws from the best features of existing RFPs and contracts nationwide In preparation for writing this book author William Sims Curry contacted all 50 state governments as well a large selection of city and county governments and asked them to participate in the development of templates for Requests for Proposals RFPs and service contracts These agencies were asked to complete a questionnaire and provide copies of their RFP and service contract templates Out of their contributions the best features from each were incorporated into the Best Practices RFP and Service Contract which are presented here in this volume The templates can be readily downloaded from an included CD ROM These can be fully adapted to meet any specific need In the text both of these documents are examined line by line with the author explaining specific language choices Guides you through the contracting process step by step In addition to these model documents additional techniques and tools are introduced to assist agencies in improving their services contracting programs The book is presented in the sequence of the contracting cycle beginning with advance contract planning and proceeding to pre solicitation solicitation proposal evaluation negotiation and award through contract administration and closeout By adopting the techniques in this book state and local agencies will be able to effectively contract for services get the best price available and get important jobs done on time
