which are known in a general way to represent the mysteries and facts of the Christian faith but which fail to recall them to the uninitiated beholder in anything like a distinct and accurate manner Churches are dedicated to saints hitherto unheard of and streets sometimes large cities bear their names Pictures even of saints best known are seen in churches and art galleries coupled with incidents and surroundings that fairly bewilder the mind Nor need one go abroad to feel thus puzzled and perplexed The very pictures and prints copied from the Great Masters which adorn our own homes affect us similarly In the books which lie on our tables in the contributions of the art critics to our newspapers and magazines we are constantly lighting on references to names and facts of which we want ampler knowledge About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works A *Handbook of Christian Symbols; and Stories of the Saints As Illustrated in Art* Clara Erskine Clement Waters, 2013-09

Discovering World Religions at 24 Frames Per Second Julien R. Fielding, 2008-09-26 Traditionally university students have gained access to world religions by reading primary texts *Discovering World Religions at 24 Frames Per Second* takes students beyond the written page offering an exploration of the same religious traditions through the study of feature films The many definitions of religion are examined along with its various components including doctrine myth ethics ritual and symbol Specific religious traditions including Hinduism Sikhism Zoroastrianism Buddhism Confucianism Daoism popular religion and Shinto are examined Biographical sketches of

directors whose films tend to focus on a particular religious tradition are also included such as Zhang Yimou Hayao Miyazaki Deepa Mehta and Akira Kurosawa Discovering World Religions at 24 Frames Per Second is unique in the area of religion and film studies in that it isn't just a collection of essays Instead it provides the introductory student with the necessary background information on the various religions before looking at how their ideas can be understood not through texts but through the cinematic medium To keep the conversation fresh most of the films used in the book were made within the last decade Furthermore examples range from popular mainstream fare such as Star Wars and the Lord of the Rings trilogy to lesser known foreign films such as The Wooden Man's Bride and The Great Yokai War Several films with a cult like following are also discussed including Fight Club Princess Mononoke Spirited Away and Jacob's Ladder This book is also unique in that instead of drawing upon the Judeo Christian tradition it draws from Eastern traditions
