S Ben Porath

Handbook Of Suicidology Principles Problems And Practice:

Handbook of Suicidology Louis Wekstein, 1979 **The Veteran'S Guide to Psychiatry** Deborah Y. Liggan MD, 2015-12-19 The Veterans Administration continues to play a central role in providing mental health services but everyone in the field can do a better job helping those who've served our country Deborah Y Liggan MD who has succeeded in both civilian and Air Force military service explores the spectrum of mental health illnesses that affect veterans and how each disorder impacts their lives and the lives of their loved ones Topics focus specifically on veterans and include psychiatric interviewing mood disorders anxiety disorders psychotic disorders disorders of cognition recovery from mental illness and psychiatric emergencies With clear and concise language the guide explores how to respond to complaints such as depression suicide and psychotic thought processes At the conclusion of each chapter are ten study questions of self examination for review The Veterans Guide to Psychiatry is the definitive guide for psychiatrist residents psychologists psychiatric social workers and anyone involved in diagnosing and treating emotional illnesses **The Sealed Box of Suicide** Colin Tatz, Simon Tatz, 2019-09-23 This unique book explores suicide as more than just a manner of death It challenges the myths beliefs dogma and customs of suicide from the earliest theories It offers fresh insights into dark spaces World wide suicide deaths are three times greater than homicides and are increasing Current approaches to stem this epidemic are not working or have very limited success Mental health interventions theories about a suicide or a depression gene and the ever increasing dispensing of antidepressants have not lessened the stark statistics The authors attempt to understand the soul of the suicide addressing the social economic political historical geographic and cultural contexts in which suicide occurs The social order is indelibly connected to settings places circumstances relationships occupations climate and milieu Most of the 36 diverse categories of self motivated deaths defy a one size fits all approach Recognising contexts and looking outside the confines that have imprisoned thinking about suicide could well be more effective in alleviating or mitigating suicide than years searching for a possible vaccination against such death The book is an appeal to move beyond the medical model of suicide Written in a very accessible style it is of interest to social scientists philosophers professionals and researchers in public health medical and behavioural sciences and lay persons alike A critical stimulating and moral tale of suicide that provides a new look Michael J Kral PhD School of Social Work Wayne State University Michigan USA a major breakthrough and a step in the right direction in addressing the problem of suicide Said Shahtahmasebi PhD Research Director the Good Life Research Centre Trust Christchurch New Zealand informed understanding of suicide's multiplicity and historical instability Jennifer White PhD School of Youth and Child Care University of Victoria British Columbia Canada **Family Therapy with Suicidal Adolescents** Anthony P. Jurich, 2012-01-26 This book describes a blend of insight oriented behavioral and strategic family therapy which the author has developed over thirty four years of dealing with suicidal adolescents It aims not to replace other forms of therapy but to augment the therapist's

own therapeutic style The book offers an informative and personally told story bringing together scholarship and meaningful glimpses into the thought processes of suicidal youth Written in an understandable friendly and practical style it will appeal to those in clinical practice as well as graduate level students pursuing clinical work

Risk Management with Suicidal Patients Bruce Bongar, Alan L. Berman, Ronald W. Maris, Morton M. Silverman, Wendy Packman, Eric A. Harris, 1999-07-16

How does the law define reasonable care in the treatment of suicidal patients What are the most clinically and legally appropriate procedures for evaluating and managing suicide risks And what forms of precautionary planning and documentation are recommended for minimizing the likelihood of malpractice actions Drawing upon years of clinical experience as well as extensive malpractice claims data and relevant case law this book outlines effective assessment management and treatment procedures that balance the need for high quality care with the requirements of court determined and statutory standards Three widely cited papers on standards of care are accompanied by four new chapters on clinical and legal risk management and issues surrounding pharmacotherapy Offering frank balanced coverage of an extremely challenging clinical situation Risk Management with Suicidal Patients helps psychologists psychiatrists and other practitioners develop their own clinically and legally informed strategies for providing the best possible care It is also an invaluable resource for legal professionals and may serve as a text in psychology and psychiatry ethics courses and courses on mental health law

Dying, Death, and Bereavement Lewis R. Aiken, 2001 This book is a brief but comprehensive survey of research writings and professional practices concerned with death and dying It is interdisciplinary and eclectic medical psychological religious philosophical artistic demographics bereavement and widowhood are all considered but with an emphasis on psychological aspects A variety of viewpoints and research findings on topics subsumed under thanatology receive thorough consideration Questions activities and projects at the end of each chapter enhance reflection and personalize the material This fourth edition features material on moral issues and court cases concerned with abortion and euthanasia the widespread problem of AIDS and other deadly diseases the tragedies occasioned by epidemics starvation and war and the resumption of capital punishment in many states The book's enhanced multicultural tone reflects the increased economic social and physical interdependency among the nations of the world Topics receiving increased attention in the fourth edition are terror management attitudes and practices concerning death cross cultural concepts of afterlife gallows humor out of body experiences spiritualism mass suicide pet and romantic death euthanasia right to die postbereavement depression firearm deaths in children children's understanding of death child adolescent adult and physician assisted suicide religious customs and death confronting death legal issues in death dying and bereavement death education death music creativity and death longevity broken heart phenomenon beliefs in life after death new definitions of death children's acceptance of a parent's death terminal illness and the politics of death and dying

Sermons on Suicide James T.

Clemons, 1989-01-01 Sermons on Suicide offers a variety of biblical texts interpretations literary references medical insights

current statistics personal illustrations and practical suggestions by over a dozen preachers to help clergy deal with the challenging and important subject of suicide This collection of sermons from a broad spectrum of religious and theological perspectives demonstrates that suicide for all its complexity and all its negativism can be treated in a positive straight forward manner Ministers from all religious groups will gain valuable insight from this informative resource which serves as an excellent model for those who preach on suicide It will also benefit anyone wanting to learn more about what religious leaders have thought preached and advocated over the centuries

Bulletin of the Menninger Clinic Menninger Clinic,1981

Preventing Adolescent Suicide Dave Capuzzi,Larry B. Golden,1988 First Published in 1988 Routledge is an imprint of Taylor Francis an informa company

Interviewing and Deception David Canter,Laurence Alison,2018-11-07 First published in 1999 this volume brings together a unique range of previously unpublished studies that explore the psychological processes involved in interviewing statement validation detecting deception and the use of expert witnesses for the examination of such processes One major challenge of any police enquiry is to filter out the distortions in the collection collation and employment of the information on which all subsequent actions rely These distortions may be produced by poor witness recall deliberate obfuscation and deception professional negligence or as a product of a variety of communication problems The contributors to the volume tackle these and many related issues Recent developments in our understanding of the investigative interview process are covered in a number of insightful studies by leading researchers combining academic rigour with direct practical relevance The wide range of topics covered in this volume will be of value and interest to all students of crime and its investigation as well as those who have a broader interest in interviewing and the assessment of information from naturally occurring accounts Social scientists and those psychologists concerned to develop their understanding of accounts of crime will find the volume of particular utility as will all those in law enforcement who wish to see an improvement in these crucial aspects of all criminal investigations

The Counselor's Desk Manual Kenneth Urial Gutsch,Jack Lemore Daniels,1985

Девиантология. Социология преступности, наркотизма, проституции, самоубийства и других «отклонений» ,2021-02-15 1 2004 2 2007 3 2013

Principles and Practice of Psychiatric Nursing Gail Wiscarz Stuart,Sandra J. Sundeen,1987 Principles and Practice of Psychiatric Nursing 8th Edition provides comprehensive coverage of psychiatric nursing Beginning with fundamental coverage of all key psychiatric nursing principles it goes on to address the complete continuum of care including mental health promotion and illness prevention crisis intervention and psychiatric rehabilitation and recovery The book then applies psychiatric nursing principles to specific clinical disorders based on adaptive maladaptive coping responses the six step nursing process and DSM IV TR and NANDA diagnoses Subsequent chapters describe various modalities of treatment psychopharmacology somatic therapies cognitive and behavioral therapies managing aggressive behavior and more hospital based and community based care and treatment of special populations

The Broader View of Suicide Said Shahtahmasebi,Hatim A. Omar,2020-03-20 Suicide is a leading

cause of death globally and the second biggest cause of death in young people Over 800 000 people commit suicide annually While many approaches to suicide prevention have been proposed the only ones to show even limited success are those at the grassroots level involving everyone from parents to teachers health care providers and the community as a whole This book explores both current and outdated perceptions of suicide and presents a number of novel approaches and tools to prevent suicide

Canada's Mental Health ,1982 **Psychology** Douglas A. Bernstein,1988 Девиантология Яков Гишинский,2016-11-29 1 2004 Деление с Суицидом Джон Р. Троуп,2014-12-30 *The Cumulative Book Index* ,1980 A world list of books in the English language
