FOR HEALTHY LIVING  
FOR SOCIAL RESPONSIBILITY

Dear Parents/Guardians,

Thank you for enrolling your child/children in the Bangor Region YMCA Swim Lessons. **Your child is in for a fun, safe and positive experience!**

**The Bangor Region YMCA's goal is to increase Safety Around the Water.** Because Maine has abundant locations for recreation around water, it is extremely important that children and adults know how to swim and enjoy water safely. Our YMCA is dedicated to this goal by providing a program for all ages and ability levels.

Our swim lessons program meets national YMCA standards. We focus on integrating water safety benchmark skills such as "Swim, Float, Swim" and "Jump, Push, Turn, and Grab" at a beginner level to help children learn what to do in an emergency. At an advanced level, we will prepare them for competitive swimming and lifeguarding. **At the Y, we celebrate your child's achievements, give them a sense of belonging, and build positive relationships.** To foster this, our program will teach the whole child by integrating character and safety lessons into each session. Lastly, **we want to increase our communication with you.** Therefore, you will receive mid-session and end-of-session progress reports from your child's instructor.

If there are any limitations or special needs your child may have that could impact their health, safety or ability to understand and follow directions or perform various skills, please let us know before the session begins so we can make the needed accommodations. All of our Certified Swim Instructors are equipped with the teaching techniques to best reach students with diverse abilities.

We know that many parents/guardians (old and new) have many questions. For that reason, we are providing this handbook full of information that you will need to know for a successful lesson experience. **Inside is information regarding locker room usage, policies, and other guidelines. Please take the time to read and review this handbook.**

Feel free to contact us with any additional questions or concerns that you may have by emailing Shawn Rich at [srich@bangorY.org](mailto:srich@bangorY.org) or Tammy Hodgdon at [thodgdon@bangorY.org](mailto:thodgdon@bangorY.org)

Thank you for choosing our Y to teach your child/children this important life skill.

Sincerely,

Bangor Region YMCA Aquatics

the number of men who can walk twenty five miles in five hours is very small and will always remain so If we take the population of any town or village we shall find that out of every hundred young men from eighteen to twenty five years of age there are about sixty more or less given to athletic sports twenty who are very enthusiastic about them and six or eight who would make good walkers runners and general athletes Of this six or eight there is generally one who is better than his fellows and he becomes the village champion in one sport or another This is about the true proportion one per cent of the young male community that is capable of being taken at random and converted into good professional walkers A general system of early physical training would soon increase this proportion but as we are never likely to see any such system adopted we must be content with what we can get Out of those capable of becoming great walkers and striving to become so the proportion of second rate men is quite large To be continue in this ebook

As recognized, adventure as without difficulty as experience very nearly lesson, amusement, as capably as deal can be gotten by just checking out a book **Handbook Of Swimming** furthermore it is not directly done, you could consent even more in relation to this life, approximately the world.
