Indonesian Chronology Casparis, 2021-12-06 **Fruits of Inspiration** , 2021-09-13 A rich collection of lengthy and thorough articles about such a broad field as the history art and archeology of South and Southeast Asia this volume is a worthy tribute to a great scholar Professor J G de Casparis has lectured and published widely both at the School of African and Oriental Studies in London and at the Departments of South and Southeast Asian Studies in Leiden Inspired by his lifelong devotion to this field his former colleagues and students now spread over many countries in Asia and the West present the selected fruits of their research as a token of friendship and admiration Epigraphy is the main theme in most of the thirty articles contained in this volume but others focus on the Borobudur the Old Javanese calendar books and writing materials Buddhist iconography and important issues such as the nature of the lasting relationship between South and Southeast Asia particularly in pre Islamic times All authors share the outspoken historical and textual approach so characteristic of the work of Professor de Casparis and his circle thus giving this book its inner coherence and consistency This book is not just a random collection of papers The scope and richness of the contributions will not fail to appeal to new generations of scholars and students working in this field and as such this book is expected to fulfill its own role in the transmission of knowledge regarding the great civilizations of ancient South and Southeast Asia *The Materiality and Efficacy of Balinese Letters* , 2016-10-05 The Materiality and Efficacy of Balinese Letters examines traditional uses of writing on the Indonesian island of Bali focusing on the power attributed to Balinese script The approach is interdisciplinary and comparative bringing together insights from anthropological and philological perspectives Scholars have long recognized a gap between the practices of philological interpretation and those of the Javano Balinese textual tradition The question is what impact this gap should have on our conception of the text Of what relevance for example are the uses to which Balinese script has been put in the context of ceremonial rites What ideas of materiality power and agency are at work in the production and preservation of palm leaf manuscripts inscribed amulets and other script bearing instruments Contributors include Andrea Acri Helen Creese Richard Fox H I R Hinzler Annette Hornbacher Thomas M Hunter and Margaret Wiener
