The Portrait of an Artist as a Pathographer: On Writing Illnesses and Illnesses in Writing Jayjit Sarkar, Jagannath Basu, 2021-05-09 Focusing on the various intersections between illness and literature across time and space The Portrait of an Artist as a Pathographer seeks to understand how ontological phenomenological and epistemological experiences of illness have been dealt with and represented in literary writings and literary studies In this volume scholars from across the world have come together to understand how the pathological condition of being ill the sufferers as well as the pathologists dealing with the ill the healers and caregivers have shaped literary works The language of medical science with its jargon and the language of the every day with its emphasis on utility prove equally insufficient and futile in capturing the pain and suffering of illness It is this insufficiency and futility that makes us turn towards the canonical works of Joseph Conrad Samuel Beckett William Carlos Williams Virginia Woolf Kazuo Ishiguro Miroslav Holub as well as the non canonical Ant nio Lobo Antunes Yumemakura Baku Wopko Jensma and Vaslav Nijinsky This volume helps in understanding and capturing the metalanguage of illness while presenting us with the tradition of writing pain In an effort to expand the definition of pathography to include those who are on the other side of pain the essays in this collection aim to portray the above mentioned pathographers as artists turning the anxiety and suffering of illness into an art form Looking deeply into such creative aspects of illness this book also seeks to evoke the possibility of pathography as world literature This book will be of particular interest to undergraduate postgraduate and research students as well as scholars of literature and medical humanities who are interested in the intersections between literary studies and medical science

Hawrylchak, 2020-11-09 Keine ausführliche Beschreibung für USA verfügbar *Fremde und Fiktion* Stephan Wolting, 2023-04-17 Die Fremde in ihren vielerlei Facetten und unterschiedlichsten Ausformungen ist in den letzten Jahrzehnten interdisziplinär wiederholt ins Gespräch gekommen. Eine eher untergeordnete Position nimmt dabei allerdings die Betrachtung der Wechselbeziehung von motivischer biographischer oder welcher Fremde auch immer und ästhetisch literarischer Form ein, was vorschnell mit dem Begriff Verfremdung in ebenfalls verschiedenster Ausprägung gekennzeichnet ist. Anhand programmatischer Texte wie Einzeluntersuchungen zeigt Stephan Wolting die besondere Rückbeziehung von Literatur aus der Fremde und formalen Möglichkeiten eines ästhetischen Fremdstellens. Stichwort Fiktion innerhalb ausgewählter Beispiele der deutschsprachigen Gegenwartsliteratur auf. Otherness in their many facets and most varied forms have repeatedly come up for discussion on an interdisciplinary level in recent decades. However, the consideration of the interrelationship of motivic biographical or whatever strange and aesthetic literary form occupies a rather subordinate position which is prematurely characterized with the term alienation in also various forms. On the basis of programmatic texts such as individual investigations, this work attempts to show the special reciprocity of literature from abroad and formal possibilities of an aesthetic alienation. keyword: fiction within selected examples of contemporary German language literature.
