Starlight and Stargazers Helena Goscilo,2024-05-21 Celebrification has thrived for centuries in literature theater music and other cultural spheres as vividly illustrated by Byron Sarah Bernhardt and Paganini It especially effloresced in cinema after the symbolically named Lumi re brothers pioneered movies as light projected moving life to be contemplated and shared in the intimate darkness of theaters Actors and actresses such as Valentino and Garbo acquired the status of divine beings whose life on and offscreen stimulated fascination and a passionate devotion most frequently invested in religious figures The recent explosion in social media has only amplified immeasurably the scale and intensity of that adulation Yearning for the seemingly transcendent fans as mere mortals seek contact with celebrities as objects of worship that like nocturnal stars are simultaneously remote yet accessible Starlight and Stargazers examines the multifaceted nature and specific manifestations of film celebrification in Czechoslovakia the Czech Republic Poland Soviet Russia Russia and Ukraine before and after 1991
