The Camera Assistant Douglas C. Hart, 1996 A handbook **The Camera Assistant** Douglas Hart, 2012-10-12 Veteran camera assistant Doug Hart describes in this comprehensive technical guide all of the important facets and duties of the first and second camera assistants' jobs. Whether it is feature films, episodic television, documentaries, commercials, or music videos. **The Camera Assistant: A Complete Professional Handbook** explains both the practice and theory behind it with a concentration on technique rather than equipment. In addition, personal anecdotes from the author's years behind and beside the camera provide insight into this demanding field. Key topics include film formats and aspect ratios, testing lenses and camera equipment, focus theory, film loading and labeling, scene blocking, marking actors, shooting tips, slating, paperwork, equipment maintenance, set etiquette, and finding work. This is not a camera equipment handbook; it is a comprehensive procedures manual which describes and explains the most important responsibilities of the camera assistant on the set, the theory behind the practice, and the methods that get the job done properly and keep the assistant frequently employed. Douglas C. Hart has been a freelance first camera assistant on feature films, documentaries, television shows, and commercials for more than 20 years, including 10 years and 10 films as first camera assistant to Gordon Willis, ASC, as well as work in 42 states and 26 foreign countries. His work includes *Presumed Innocent*, *Hannah and Her Sisters*, *The Cosby Mysteries*, and *CBS's Central Park West*. He is a member and former president of the International Photographers Local 644, IATSE, and teaches the **Camera Assistant Workshops** at the International Film and Television Workshops in Rockport, Maine. **Principal Photography** Vincent LoBrutto, 1999-05-30 By using photography as a storytelling medium, the cinematographer plays a key role in translating a screenplay into images and capturing the director's vision of a film. This volume presents in depth interviews with 13 prominent cinematographers who discuss their careers and the art and craft of feature film cinematography. The interviewees, who represent the spectrum of big budget Hollywood and low budget independent filmmaking from the sixties through the nineties, talk about their responsibilities, including lighting, camera movement,

equipment cinematic grammar lenses film stocks interpreting the script the budget and schedule and the psychological effect of images Each interview is preceded by a short biography and a selected filmography which provide the background for a detailed analysis of the photographic style and technique of many highly acclaimed and seminal films *The Filmmaker's Handbook* Steven Ascher,Edward Pincus,2007 A fully revised comprehensive guide offers an in depth exploration of today's recent technological advances such as digital age filmmaking while reviewing a collection of new methods and techniques in relation to various film formats and offering suggestions on the business aspects of financing and producing films Original
