Fresher Styles for Web Designers Curt Cloninger,2008-12-18 Fresher Styles for Web Designers surveys eight innovative contemporary visual design styles that break the mold and offer creative solutions to a variety of interactive design challenges Readers will learn practical ways to incorporate these design approaches into their commercial work using specific online examples as illustration In 2001 Cloninger wrote Fresh Styles for Web Designers arguing that beauty actually enhances usability Since then styles and technologies have evolved but clients still expect sites that both function well and visually entice This book will inspire web designers and developers to deliver sites that do both There are plenty of web design books that teach code There are several books about contemporary print design that discuss visual aesthetics This book stands out because it synthesizes experimental web design innovations with commercial marketing goals without ignoring usability concerns

eService-Learning Jean R. Strait,Katherine Nordyke,2023-07-03 This book serves as an introduction to using online teaching technologies and hybrid forms of teaching for experiential learning and civic engagement Service learning has kept pace neither with the rapid growth in e learning in all its forms nor with the reality that an increasing number of students are learning online without exposure to the benefits of this powerful pedagogy Eservice learning electronic service learning combines service learning and on line learning and enables the delivery of the instruction and or the service to occur partially or fully online Eservice learning allows students

anywhere regardless of geography physical constraints work schedule or other access limitations to experience service learning It reciprocally also equips online learning with a powerful tool for engaging students In eservice learning the core components of service learning and reflection may take a different form due to the online medium for example reflection often occurs through discussion board interactions journals wikis or blogs in an eservice learning course Moreover the service though still community based creates a world of opportunities to connect students with communities across the globe as well as at their very own doorstep This book introduces the reader to the four emerging types of eservice learning from Extreme EService Learning XE SL classes where 100% of the instruction and 100% of the service occur online to three distinct forms of hybrid where either the service or the instruction are delivered wholly on line with students for instance providing online products for far away community partners or in which both are delivered on site and online It considers the instructional potential of common mobile technologies phones tablets and mobile reading devices The authors also address potential limitations such as technology challenges difficulties sustaining three way communication among the instructor community partner and students and added workload The book includes research studies on effectiveness as well as examples of practice such drafting grants for a community partner an informational technology class building online communities for an autism group and an online education class providing virtual mentoring to at risk students in New Orleans from across the country
