Pacific Eldorado Thomas J. Osborne, 2013-01-22 PACIFIC ELDORADO PACIFIC ELDORADO A HISTORY OF GREATER CALIFORNIA California's rich and complex history has long been shaped by its relationship with the vast ocean along its western shores Pacific Eldorado A History of Greater California presents the first comprehensive text to explore the entire sweep of California's past in relationship to the maritime world of the Pacific Basin. Noted historian Thomas J. Osborne dispels the commonly held notion of pre-Gold Rush California as a remote and isolated backwater. He traces the evolution of America's most populous state from the time of prehistoric Asian seafarers and sixteenth-century Spanish explorers through to its emergence in the modern world as a region whose unmatched resources and global influence have rendered it a veritable super state a Greater California whose history has far exceeded its geographical boundaries. Interspersed throughout the text are Pacific Profiles, brief chronicles of notable figures who have made an impact on the state's history. At once scholarly and accessible Pacific Eldorado offers a strikingly original interpretation of the origins and evolution of an extraordinary American state. Between Wyomings Ken Mansfield, 2009-06-09 Sometimes the distance between your mind and your heart adds up to three months, 10,000 miles and 30 years of rock and roll. Sure, it's easy enough to say you trust God that you are a new creation completely severed from the old. But as author and Grammy-winning producer Ken Mansfield confesses, sometimes it takes a change of scenery to move you beyond the mire of the past to a deeper, more intimate faith. In *Between Wyomings*, Mansfield embarks on an emblematic three-month road trip determined to face off with the good, the bad, and the tragic of his life as a famed music producer to some of the biggest names in music history. Along the journey, Mansfield colorfully recounts classic events in music history and personal experiences with icons such as Waylon Jennings, Dolly Parton, Glen Campbell, Roy Orbison, Andy Williams, Don Ho, Willie Nelson, and an obscure little band called The Beatles. With insight and humility, Mansfield chronicles 30 years of his life in the LA, London, and Nashville music scenes. A rare account filled with honesty, hope, and often hilarity, *Between Wyomings* is an unforgettable story that will leave you wholly affected as Mansfield makes his way back home to the heart of God's love, mercy, and grace. *Princeton Alumni Weekly*, 1937-08-20
