Economic Life In Ottoman Jerusalem:

Economic Life in Ottoman Jerusalem Amnon Cohen, 2002-08-22 A vivid and detailed picture of everyday life in Ottoman Jerusalem

The Ottoman Middle East Eyal Ginio, Elie Podeh, 2013-11-21 This collection of articles discusses various political social cultural and economic aspects of the Ottoman Middle East By using various textual and visual documents produced in the Ottoman Empire the collection offers new insights into the matrix of life during the long period of Ottoman rule The different parts of the volume explore the main topics studied by Amnon Cohen Ottoman Palestine Egypt and the Fertile Crescent under Ottoman rule Ottoman Jews and their relations with the surrounding societies and various social aspects of Ottoman societies

The Palestinian Peasant Economy Under the Mandate Amos Nadan, 2006 Challenging the claim that Palestine's peasant economy progressed during the 1920s and 1930s Amos Nadan skillfully integrates a wide variety of sources to demonstrate that the period was actually one of deterioration on both the macro per capita and micro levels The economy would have most likely continued its downward spiral during the 1940s had it not been for the temporary prosperity that resulted from World War II Nadan argues that this deterioration continued despite the British authorities channeling of funds from the Jewish sector and the wealthier Arab sectors into projects for the Arab rural economy The British were hoping that Palestine's peasants would not rebel if their economic conditions improved These programs were on the whole defective because the British chose programs based on an assumption that the peasants were too ignorant to manage their farms wisely instead of working with the peasants and their own institutions

Jews, Turks, and Ottomans Avigdor Levy, 2002-11-01 This book focuses on central topics such as the structure of the Jewish community its organization and institutions and its relations with the state the place Jews occupied in the Ottoman economy and their interactions with the general society Jewish scholarship and its contribution to Ottoman and Turkish culture science and medicine Written by leading scholars from Israel Turkey Europe and the United States these pieces present an unusually broad historical canvas that brings together different perspectives and viewpoints The book is a major original contribution to Jewish history as well as to Turkish Balkan and Middle East studies

Forging Urban Solidarities Charles L. Wilkins, 2010 As with most empires of the Early Modern period 1500-1800 the Ottomans mobilized human and material resources for war-making on a scale that was vast and unprecedented The present volume examines the direct and indirect effects of war-making on Aleppo an important Ottoman administrative center and Levantine trading city as the empire engaged in multiple conflicts including wars with Venice 1644-69 Poland 1672-76 and the Hapsburg Empire 1663-64 1683-99 Focusing on urban institutions such as residential quarters military garrisons and guilds and using intensively the records of local law courts the study explores how the routinization of direct imperial taxes and the assimilation of soldiers to civilian life challenged and reshaped the city's social and political order
