Jain, Igor M. Tomic, 1995 **The Current Issue**, 1908 Hahn and Economic Methodology Thomas Boylan, Paschal O'Gorman, 2012-03-15 Hahn on Methodology The Quest for Understanding addresses two fundamental questions i what is distinctive about economic theorising ii what is the cognitive value of the outcome of this activity of economic theorising i.e economic theory We will argue that for Hahn economic theorising is distinctive with respect to four dimensions Firstly the aim of economic theory is neither to describe

nor explain the real economic world as in the physical sciences Rather the aim is to achieve objective but non scientific understanding Secondly the central question for economic theory remains for Hahn how to understand but not to predict as in physics for instance how decentralised choices interact and perhaps get co ordinated Thirdly Hahn identifies three commitments without which he argues economic theorising for him is not possible Finally economic theorising has a distinctive approach which Hahn calls its grammar of argumentation
