

**HOW GENDER EQUALITY
DRIVES ECONOMIC GROWTH**

Economics Of Gender

Irene van Staveren

Economics Of Gender:

The Economics of Gender Joyce Jacobsen, 2007-02-27 The Economics of Gender 3e offers an affordable comprehensive and up to date introduction to the contemporary research being conducted on the differences between women's and men's economic opportunities activities and rewards While focusing on contemporary US patterns this text integrates an uniquely international comparative perspective Discusses the pros and cons of various policies including comparable worth and welfare programs Revisions to the 3rd edition include fully updated data inclusion of new research and new examples and studies Clear readable and provocative with helpful appendices to provide additional information for readers who have little experience with economics while simultaneously providing further detail for the economically sophisticated Flexible in design for use by both labor economics students and women's studies programs without labor economics prerequisites *The Economics of Gender* Joyce P. Jacobsen, 2004 *Frontiers in the Economics of Gender* Francesca Bettio, Alina Verashchagina, 2008-05-08 Pt 1 Historical perspectives pt 2 Theoretical developments pt 3 A fresh look at households pt 4 Labour market debates pt 5 Lessons from the laboratory pt 6 Institutions matter **Gender and Economics** Jane Humphries, 1995 Presents 27 articles dating from 1923 to 1994 on gender differences female labour supply male female wage differences and on the historical significance of women's work **The Economics of Gender Equality in the Labour Market** Meltem İnce Yenilmez, Gül Ş. Huyugüzel Kışla, 2021-03-07 This book evaluates the global labour market in the context of gender equality and the associated policies and regulations particularly in developing markets to recommend measures for encouraging gender equality It exposes the barriers that women employees encounter as well as some of the societal and workplace policies they specifically are subject to Important themes within this topic include participation rates the looming gap in hourly pay availability of part time and full time positions value and social status associated with jobs held by men and women The book examines how global gender policy objectives such as gender equality in careers gender balance in decision making and gender dimensions in research can be incorporated into policy frameworks The book analyzes the gendered nature of assumptions processes and theories The juxtaposition between family and work tradition and modernity and dependency and autonomy clearly still seems to be misunderstood Therefore the book asks whether work improves women's positions in society and or changes their roles in their families The authors explore and uncover the connections among employment entrepreneurship migration economies and gender global labour markets and provide helpful solutions to the perceptions surrounding women's status risks and inequality that limit their economic participation This insightful read provides comprehensive details on a variety of themes and encourages further research on policies that are key to promoting gender equality The book will appeal to postgraduate students and researchers of labour and feminist economics the economics of gender women's studies and sociology *Economics of Gender Inequality* Michael Grimm, Isabel Günther, 2020-03-06 Stephan Klasen is considered one of the most distinguished scholars on gender economics

in the 21st century Over the past 25 years he has tirelessly worked to understand the complex phenomena of gender inequality From counting the number of missing women in the world and shedding light on why women go missing to showing that leaving girls out of school not only deprives them but also robs society of the opportunity to thrive on the talents of its entire population from understanding why equal rights and rising incomes everywhere have not resulted in women participating more at work to measuring gender inequality in its various dimensions This volume a collection of some of Stephan Klasen s most important writings on the topic of gender inequality honours his academic life and gives the reader an in depth insight into both what we know and don t yet know about the economics of gender inequality

Why Gender Matters in Economics Mukesh Eswaran, 2014-08-24 An economic way of thinking about the gender issues confronting women around the world Gender matters in economics for even with today s technology fertility choices market opportunities and improved social norms economic outcomes for women remain markedly worse than for men Drawing on insights from feminism postmodernism psychology evolutionary biology Marxism and politics this textbook provides a rigorous economic look at issues confronting women throughout the world including nonmarket scenarios such as marriage family fertility choice and bargaining within households as well as market areas like those pertaining to labor and credit markets and globalization Mukesh Eswaran examines how women s behavioral responses in economic situations and their bargaining power within the household differ from those of men Eswaran then delves into the far reaching consequences of these differences in both market and nonmarket domains The author considers how women may be discriminated against in labor and credit markets how their family and market circumstances interact and how globalization has influenced their lives Eswaran also investigates how women have been empowered through access to education credit healthcare and birth control changes in ownership laws the acquisition of suffrage and political representation Throughout Eswaran applies sound economic analysis and new modeling approaches and each chapter concludes with exercises and discussion questions This textbook gives readers the necessary tools for thinking about gender from an economic perspective Addresses economic issues for women throughout the world in both developed and developing countries Looks at both market and nonmarket domains Requires only a background in basic economic principles Includes the most recent research on the economics of gender in a range of areas Concludes each chapter with exercises and discussion questions

The Economics of Gender in Mexico Elizabeth G. Katz, Maria Cecilia Correia, 2001 Extrait de la couverture Mexico has witnessed major demographic social and economic changes since the 1960s In this context the distinct roles of men and women have also changed as exemplified by female labor force participation which almost tripled in the second half of the 20th century However traditional gender roles continue to constrain men s and women s opportunities and well being in Mexico The book examines these issues from a life cycle and economic perspective It looks at the way traditional gender roles shape male and female economic activities and outcomes beginning with school age children and their education patterns continuing with the labor

force participation of adults in rural and urban areas and ending with the situation of elderly men and women The book contains new material on changes in the maquiladora sector which has historically provided important work opportunities for women as well as the distinct impact of ejido reform on rural men and women

A History of Feminist and Gender Economics Giandomenica Becchio, 2019-10-30 This book offers a historical exploration of the genesis of feminist economics and gender economics as well as their theoretical and methodological differences Its narrative also serves to embed both within a broader cultural context Although both feminist economics and gender neoclassical economics belong to the cultural process related to the central role of the political economy in promoting women's emancipation and empowerment they differ in many aspects Feminist economics mainly influenced by women's studies and feminism rejected neoclassical economics while gender neoclassical economics mainly influenced by home economics and the new home economics adopted the neoclassical economics approach to gender issues The book includes diverse case studies which also highlight the continuity between the story of women's emancipation and the more recent developments of feminist and gender studies This volume will be of great interest to researchers and academia in the fields of feminist economics gender studies and the history of economic thought

The Economics of Women, Men, and Work Francine D. Blau, Marianne A. Ferber, Anne E. Winkler, 2002 This text is designed for courses concerned with the economic status of women economics of gender and economics of the family but is also applicable to interdisciplinary women's studies courses introductory level courses in economic problems and as a supplement to general labour economics courses The book draws into a single accessible volume a summary and synthesis of research and data from economics and other social sciences on women men and work in the labour market and household

Handbook of Research on Gender and Economic Life Deborah M. Figart, Tonia L. Warnecke, 2013-01-01 The excellent list of themes and chapters in this volume reflects the maturity reached by feminist economics in its different dimensions Based on the notion of social provisioning for all as the basic objective of economics they represent a challenge to conventional economic thought and they show the importance of understanding theory institutions empirical work and policy from a gender perspective The global perspective provided through themes and authors is a very useful contribution to the literature Lourdes Bener a Cornell University US Standard economics has a narrow and distorted vision of what the economy is and how it works Gender scholars are on the forefront of developing better more encompassing models of human provisioning for well being This volume presents a wonderful sampling of these new theoretical and empirical developments Paula England New York University US This is an impressive collection that delves deeply and broadly into the myriad ways that gender shapes and alters economic lives and illuminates complex facets of the economic and social provisioning process across the globe The chapters by an exciting variety of researchers policy analysts and practitioners from numerous fields present a consistent and persuasive vision of economic well being as critical to the flourishing of all people Myra H Strober Stanford University US In the aftermath of global economic downturn it has

never been more important to understand how gender relates to economic life and well being This interdisciplinary collection of original research details key areas of intersection provides a comprehensive overview of the current state of research and proposes avenues for further investigation The Handbook illuminates complex facets of the economic and social provisioning process across the globe The contributors academics policy analysts and practitioners from wide ranging areas of expertise discuss the methodological approaches to and analytical tools for conducting research on the gender dimension of economic life They also provide analyses of major issues facing both developed and developing countries Topics explored include civil society discrimination informal work working time central bank policy health education food security poverty migration environmental activism and the financial crisis Economists sociologists and political scientists will find this book to be an invaluable research tool as will academics researchers and students with an interest in economics particularly feminist economics gender studies and global studies

Hopes Dashed? Prue Hyman, 2017-03-08 What has happened to New Zealand women's economic and social status over the last twenty years In 1994 economist Prue Hyman published *Women and Economics* an overview of the status of women in the New Zealand economy Much has changed since then but how much Has the promise of equality been fulfilled in the labour market Is unpaid domestic work being given the recognition it deserves In this BWB Text Hyman surveys the mixed record of the past two decades revealing that the work of feminism is not over yet

A History of Feminist and Gender Economics Giandomenica Becchio, 2019-10-30 This book offers a historical exploration of the genesis of feminist economics and gender economics as well as their theoretical and methodological differences Its narrative also serves to embed both within a broader cultural context Although both feminist economics and gender neoclassical economics belong to the cultural process related to the central role of the political economy in promoting women's emancipation and empowerment they differ in many aspects Feminist economics mainly influenced by women's studies and feminism rejected neoclassical economics while gender neoclassical economics mainly influenced by home economics and the new home economics adopted the neoclassical economics approach to gender issues The book includes diverse case studies which also highlight the continuity between the story of women's emancipation and the more recent developments of feminist and gender studies This volume will be of great interest to researchers and academia in the fields of feminist economics gender studies and the history of economic thought

Gender, Development and Globalization Lourdes Beneria, Günseli Berik, Maria Floro, 2015-07-24 Gender Development and Globalization is the leading primer on global feminist economics and development Lourdes Beneria a pioneer in the field of feminist economics is joined in this second edition by Günseli Berik and Maria Floro to update the text to reflect the major theoretical empirical and methodological contributions and global developments in the last decade Its interdisciplinary investigation remains accessible to a broad audience interested in an analytical treatment of the impact of globalization processes on development and wellbeing in general and on social and gender equality in particular The revision will continue to provide a wide ranging discussion of the

strategies and policies that hold the most promise in promoting equitable and sustainable development The authors make the case for feminist economics as a useful framework to address major contemporary global challenges such as inequalities between the global South and North as well as within single countries persistent poverty and increasing vulnerability to financial crises food crises and climate change The authors approach is grounded in the intellectual current of feminism and human development drawing on Amartya Sen s capability approach and focused on the importance of the care economy increasing pressures faced by women and the failures of neoliberal reforms to bring about sustainable development reduction in poverty inequality and vulnerability to economic crisis

The Feminist Economics of Trade Irene van Staveren,2007 Demonstrates what feminist economics contributes to the analysis of international trade through theoretical modelling econometric and policy oriented contributions from various economic perspectives including structuralist institutionalist neoclassical and Post Keynesian This book examines the two way relationship between gender and trade

Scandalous Economics Aida A. Hozic,Jacqui True,2016 This book is about the neglect of gender and race in explanations of the Global Financial Crisis It is also about the sexual scandals and gendered austerity policies that have relegated public debate and the crisis itself We need to look at the activities and the privileges of the advantaged the TED women of the crisis as much as the victimization of the disadvantaged to fully grasp the interplay between gender and economy in this age of restoration

Economics and Gender Flavia Marco,2002 This Bibliography is intended to facilitate the exchange and dissemination of information on gender and economics It contributes to the research and analysis of recent trends in globalization and economic liberalization changes in the roles performed by women and men and the development policies adopted The subjects addressed in the Bibliography are the effects of global and national economic processes on the traditional roles carried out by men and women the impact of gender stereotypes on their economic opportunities international trade with an emphasis on the opportunities and restrictions it entails upon women liberalization of the financial market financial crises and their effects on the population

Gender Economics: Breakthroughs in Research and Practice Management Association, Information Resources,2018-12-07 Gender Economics challenges current economic theory targeting the way gender is often used for economic gain or increased market share Experts realize that company growth can no longer be achieved by taking a conventional approach but few follow through with introducing new frameworks that change the way diversity is treated Gender Economics Breakthroughs in Research and Practice features current research that combines the concepts of gender theory sociology and economics observing how diversity influences numerous dimensions of business and consumerism Covering topics including gender empowerment and also bias economic equality industrial creativity leadership and the impact of social connectedness on life satisfaction this publication is an ideal reference source for legislators and policymakers economic developers corporate practitioners educational faculties academicians researchers and graduate level students of all disciplines

Gender and the Dismal Science Ann Mari

May,2022-07-05 The economics profession is belatedly confronting glaring gender inequality Women are systematically underrepresented throughout the discipline and those who do embark on careers in economics find themselves undermined in any number of ways Women in the field report pervasive biases and barriers that hinder full and equal participation and these obstacles take an even greater toll on women of color How did economics become such a boys club and what lessons does this history hold for attempts to achieve greater equality Gender and the Dismal Science is a groundbreaking account of the role of women during the formative years of American economics from the late nineteenth century into the postwar period Blending rich historical detail with extensive empirical data Ann Mari May examines the structural and institutional factors that excluded women from graduate education to academic publishing to university hiring practices Drawing on material from the archives of the American Economic Association along with novel data sets she details the vicissitudes of women in economics including their success in writing monographs and placing journal articles their limitations in obtaining academic positions their marginalization in professional associations and other hurdles that the professionalization of the discipline placed in their path May emphasizes the formation of a hierarchical culture of status seeking that stymied women's participation and shaped what counts as knowledge in the field to the advantage of men Revealing the historical roots of the homogeneity of economics this book sheds new light on why biases against women persist today **Contemporary Global Perspectives on Gender Economics**

Moore, Susanne,2015-07-24 The rise of women in the workforce has led to many campaigns for wage equality and the impartial treatment of both sexes as they pursue careers previously designated as either a man's or a woman's job The impact of these campaigns has been felt but a sense of gender stereotyping still affects not only the social and cultural well being of the modern organization but the drive for innovation and economic success as well Contemporary Global Perspectives on Gender Economics challenges current economic theory targeting the way gender is often used for economic gain or increased market share Experts realize that company growth can no longer be achieved by taking a conventional approach but few follow through with introducing new frameworks that change the way diversity is treated By acknowledging that issues like childcare and the wage gap are not only a woman's challenge this book speaks to legislators and policymakers economic developers corporate practitioners educational faculties and students of all disciplines who are looking to change the way gender is viewed in the workforce This essential reference source features chapters that combine the concepts of gender theory sociology and economics and cover topics including economic equality gender bias the history of gender economics industrial creativity and the impact of social connectedness on life satisfaction

Economics Of Gender Introduction

In the digital age, access to information has become easier than ever before. The ability to download Economics Of Gender has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Economics Of Gender has opened up a world of possibilities. Downloading Economics Of Gender provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Economics Of Gender has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Economics Of Gender. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Economics Of Gender. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Economics Of Gender, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Economics Of Gender has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize

personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Economics Of Gender Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
