Economy Of Northern Ireland Perspectives For Structural Change:

The Economy of Northern Ireland Paul Teague, 1993 The essays in this collection focus on the need for a radical rethink of economic policy in Northern Ireland The central theme of the collection is that Northern Ireland needs a regional policy based on the creation of an agglomeration economy This in turn requires the back up of a regional institutional framework To create such a framework Northern Ireland needs new structures of governance based on further disconnection from the mainland Contributors J E Birnie Vani Borooah Robert Clulow Celia Davies Douglas Hamilton Mark Hart Norma Heaton D M W N Hitchins Rory O Donnell Gillian Robinson Michael Smyth Paul Teague K Wagner

The Dynamics of Conflict in Northern Ireland Joseph Ruane, Jennifer Todd, 1996-11-13 This book offers a uniquely comprehensive account of the conflict in Northern Ireland providing a rigorous analysis of its dynamics and present structure and proposing a new approach to its resolution It deals with historical process communal relations ideology politics economics and culture and with the wider British Irish and international contexts It reveals at once the enormous complexity of the conflict and shows how it is generated by a particular system of relationships which can be precisely and clearly described The book proposes an emancipatory approach to the resolution of the conflict conceived as the dismantling of this system of relationships Although radical this approach is already implicit in the converging understandings of the British and Irish governments of the causes of conflict The authors argue that only much more determined pursuit of an emancipatory approach will allow an agreed political settlement to emerge

Rethinking Northern Ireland David Miller, 2014-09-25 Rethinking Northern Ireland provides a coherent and critical account of the Northern Ireland conflict Most writing on Northern Ireland is informed by British propaganda unionist ideology or currently popular ethnic conflict paradigm which allows analysts to wallow in a fascination with tribal loyalty Rethinking Northern Ireland sets the record straight by reembedding the conflict in Ireland in the history of an literature on imperialism and colonialism Written by Irish Scottish and English women and men it includes material on neglected topics such as the role of Britain gender culture and sectarianism It presents a formidable challenge to the shibboleths of contemporary debate on Northern Ireland A just and lasting peace necessitates thorough re evaluation and Rethinking Northern Ireland provides a stimulus to that urgent task

Ireland's Economic History Gerard McCann, 2011-09-12 This book explores the complex developments that have shaped Ireland's economic development north and south and led to recurring crises and instability The Irish economy has been traditionally portrayed as a product of its political divisions and the colonial legacy divided and analysed in terms of the hegemonic tensions that exist on the island Influenced by these divisions academics have tended to look at a two region approach to economic development without adequately acknowledging the interactive nature of the island economy as a source of the crises or as a solution to systemic divergence McCann's definitive and dynamic history of the Irish economy circumvents conventional analyses and investigates the economic development of the island economy as a whole highlighting where aggressive differentiation has been divisive

and destabilising He concludes by considering an alternative integrated and cohesive process of economic development

Revisiting the UK and Ireland's Transatlantic Economic Relationship with the United States in the 21st Century Anne Groutel,Marie-Christine Pauwels,Valérie

Peyronel,2016-10-25 This book revisits the economic relationship that ties the UK and Ireland to the United States in the aftermath of the greatest economic crisis of the past fifty years When considering recent developments to these economic links it appears that oppositional forces are at work On one hand globalization and the rise of new economic powers may undermine the ties Besides Ireland s and the UK s European Union membership could also loosen their economic ties with the US Conversely the future Transatlantic Trade and Investment Partnership agreement may well strengthen trade and investment links between the US and Europe Are the economic bonds between the US the UK and Ireland waning as some pundits purport Or are those claims overstated Could their economic relationship simply be going through a process of change Although there may not be a single and straightforward answer to these questions the authors seek to address these issues and provide insight into the changing dynamics of this historic economic relationship

Ireland on the World Stage

William Crotty,David E. Schmitt,2014-06-03 For 2nd and 3rd year courses in Irish Politics European Politics or Comparative Politics International Relations or Economic Development This book provides an up to date analysis of Ireland s place on the world stage exploring its international relations evolving economic power changing relationship with the EU its political role in the world and its changing relationship with England and Northern Ireland The book traces Ireland s development from a rural and isolated country to one that has emerged as an influential player on the international stage It looks at the continuing difficulties with the North Ireland s role of prominence in Europe and the way in which it has benefited from economic globalisation

The Atlantic Economy Denis O'Hearn,2001 This title is suitable for final year undergraduates postgraduates and academics in the fields of Irish studies development economics and comparative history

Brexit and the Political Economy of Ireland Paul Teague,2021-05-03 The UK s departure from the EU has profoundly affected the

politics and economics of Northern Ireland Brexit has shattered a political accommodation that was taking shape in the region that involved nationalism and unionism refraining from aggressively pursuing their own objectives or making excessive demands on each other Economically it has made the task of building an innovative economy in the region

immeasurably more difficult Without radical change Northern Ireland is destined to be an economic outhouse of an under performing UK economy This book represents the first systematic study of the impact of Brexit on the political and economic future of Northern Ireland and Ireland It provides a detailed assessment of the consequences of the Belfast Agreement and highlights how Brexit imperils the advances that have been made since its signing in 1998 It makes a dispassionate assessment of the changes that may be necessary to create a stronger Northern Ireland economy On the one hand demands for the immediate unification of Ireland that are now being made loudly and persistently by nationalists and republicans are considered too precipitous The two economies on the island are not yet ready for Irish unity On the other hand the book argues the case for a radical reorientation of the Northern Ireland economy through the incremental creation of an all Ireland economy The book cuts through the rhetoric that characterizes so much discussion about the Northern Ireland economy and provides a hard headed appraisal of not only its structure and performance but also the economic feasibility of Irish unity

Migration in Irish History 1607-2007 Patrick Fitzgerald, Brian Lambkin, 2008-10-27 Migration people moving in as immigrants around as migrants and out as emigrants is a major theme of Irish history This is the first book to offer both a survey of the last four centuries and an integrated analysis of migration reflecting a more inclusive definition of the people of Ireland

In Search of Ireland Brian Graham, 2002-11-01 In Search of Ireland argues that Ireland's political problems are created by conflicts and confusions of identity It brings together a number of distinguished contributors each of whom examines a particular aspect of Ireland's diverse cultural geography and history Issues covered include the changing definitions of Irishness the roles of class and gender in constructing traditional alignments of identity the role of ethnicity in Irish society the invention and imagining of Irish place the political implications of a pluralistic Ireland The contributors demonstrate that many people both inside and outside of Ireland continue to define themselves and their conflicts through simple sectarian stereotypes The authors argue that politicians and others must reject these outdated either/or representations and accommodate instead the fluidity of Irish identity James Anderson University of Newcastle Upon Tyne S J Connolly Queen's University Belfast Neville Douglas Queen's University Belfast Brian Graham University of Ulster

The New Politics of Sinn Féin Kevin Bean, 2007-01-01 Sinn Féin in ourselves or we ourselves began innocuously enough at least in etymology when founder Arthur Griffith asked the publishers of an Oldcastle paper if he might use their name for a new political party that he was setting up Since that 1905 founding however and through its journey from

revolutionary movement to potential political partner in the state it was pledged to destroy the modern political meaning of Sinn Féin reflects a contradictory and tension heavy history of Irish republicanism The New Politics of Sinn Féin is a powerful and revealing assessment of the ideological and organizational development of provisional republicanism since 1985 The first half of the volume chronicles the processes of change that transformed the republican movement from its revolutionary origins to its current role as a civic and legislative power while the second half explores the ideological implications of this transition Arguing that the political movement remains a site of contestation between elements of the universal and the particular Kevin Bean looks especially to the tensions between civic and ethnic conceptions of identity and the nation as a way to define Sinn Féin in its current incarnation making this an essential volume for anyone concerned with the contemporary state of Irish politics

Women Divided Rosemary Sales, 2002-11-01 The ongoing Irish peace process has renewed interest in the current social and political problems of Northern Ireland In bringing together the issues of gender and inequality Women Divided a title in the International Studies of Women and Place series offers new perspectives on women's rights and contemporary political issues Women Divided argues that religious and political sectarianism in Northern Ireland has subordinated women A historical review is followed by an analysis of the contemporary scene state market particularly employment patterns family and church and the role of women's movements The book concludes with an in depth critique of the current peace process and its implications for women's rights in Northern Ireland arguing that women's rights must be a central element in any agenda for peace and reconciliation

Urban Planning and Cultural Inclusion W. Neill, H. Schwedler, 2001-04-30 Cities divided by ethnic and cultural conflict need to identify create and maintain some kind of shared identity amongst their inhabitants if they wish to survive in competition with one another and not be submerged in tensions Urban planning and city management can take these identities on board constructively and can assist them without allowing the city to deteriorate into a disconnected and hostile conglomeration Belfast and Berlin are currently in the process of responding to this challenge What will the implications be for town planners and how do they approach their task

A Rocky Road Cormac Ó Gráda, 1997 Most Irish historians agree that the southern Irish economy performed very badly between 1920 and the early 1960s This volume critically compares new data for a fresh perspective While providing a comprehensive narrative for a specialist audience it also addresses those aspects of the record that are of interest to general readers 25 illustrations
