Something to Say William Carlos Williams, 1985

Something to Say William Carlos Williams on Younger Poets collects all of Williams known writings reviews essays introductions and letters to the editor on the two generations of poets that followed him from Kenneth Rexroth and Louis Zukofsky to Robert Lowell and Allen Ginsberg What might have been a random collection of occasional pieces achieves remarkable coherence from the singleness of Williams poetic vision his belief that the secret spirit of ritual of poetry was trapped in restrictive molds and if these could be broken the spirit would be able to live again in a new contemporary form Only a revived clarity and accuracy in sight and expression would enable the modern world to reform social order which Williams saw in complete disarray To resuscitate American Poetry Williams concentrated his efforts on the purification of poetic speech his American idiom and on remaking the poetic line in a new measure his variable foot And while his battles with his contemporaries on these issues could be heated he was always a nurturing father to the young a useful presence a model and a liberator He told Ginsberg to pare down and economize Roethke to open up and encouraged Lowell and Levertov to shake off poetic conventions But in all his emphasis on the poem as a made object of concrete physicality or as a field of action he would return again and again to this basic advice to young writers The only thing necessary is to have something to say when at last the opportunity comes to say it

Williams Crane Doyle, 2013-11-05 This set comprises of 40 volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 volume set of Critical Heritage published by Routledge in October 1995 **Artists in the Audience** Greg Taylor, 2018-06-05 Gone with the Wind an inspiration for the American avant garde Mickey Mouse a crucial source for the development of cutting edge intellectual and aesthetic ideas As Greg Taylor shows in this witty and provocative book the idea is not so far fetched One of the first ever studies of American film criticism Artists in the Audience shows that film critics beginning in the 1940s turned to the movies as raw material to be molded into a more radical modernism than that offered by any other contemporary artists or thinkers In doing so they offered readers a vanguard alternative that reshaped postwar American culture nonaesthetic mass culture reconceived and refashioned into rich personally relevant art by the attuned creative spectator *1960* Al Filreis, 2021-10-26 In 1960 when World War II might seem to have been receding into history a number of artists and writers instead turned back to it They chose to confront the unprecedented horror and mass killing of the war searching for new creative and political possibilities after the conservatism of the 1950s in the long shadow of genocide Al Filreis recasts 1960 as a turning point to offer a groundbreaking account of postwar culture He examines an eclectic group of artistic literary and intellectual figures who strove to create a new language to reckon with the trauma of World War II and to imagine a new world Filreis reflects on the belatedness of this response to the war and the Holocaust and shows how key works linked the legacies of fascism and antisemitism with American racism In grappling with the memory of the war he demonstrates artists reclaimed the radical elements of modernism and brought forth original ideas about testimony to traumatic history 1960 interweaves the lives and works of figures across high and popular culture including Chinua Achebe Hannah Arendt James Baldwin Amiri Baraka Paul Celan John Coltrane Frantz Fanon Roberto Rossellini Muriel Rukeyser Rod Serling and Louis Zukofsky and considers art forms spanning poetry fiction memoir film painting sculpture teleplays musical theater and jazz A deeply interdisciplinary cultural literary and intellectual history this book also offers fresh perspective on the beginning of the 1960s **William Carlos Williams** Charles Doyle, 1997 William Carlos Williams 1883 1963 Writings include Poems Spring and All Paterson Volume covers the period 1909 1967 **Pound/Williams** Ezra Pound, 1996 Ezra Pound and William Carlos Williams two towering figures in American poetry began their lifelong and often contentious friendship as students at the University of Pennsylvania Their correspondence ran from 1907 the year Pound took up his virtually permanent residence in Europe until Williams death in 1963 The letters contribute an unparalleled documentary record of modern culture a wealth of information about the lives and works of the two poets themselves the literary and political movements in which they became involved and the impact of public events upon the arts the activities of other writers and artists and the world of small presses and little magazines that nourished the growth of modernism Pound Williams contains 169 letters selected from the poets surviving

correspondence each letter reproduced in full and accompanied by explanatory notes Historical introductions place each of the live chronological groupings of letters into context and a biographical glossary identifies persons prominently mentioned
