Directory of Grants in the Humanities ,2004 **Catalog of Federal Domestic Assistance** United States. Office of Management and Budget,2009 Identifies and describes specific government assistance opportunities such as loans grants counseling and procurement contracts available under many agencies and programs *Routledge International Handbook of Migration Studies* Steven J. Gold,Stephanie J. Nawyn,2019-05-08 This revised and expanded second edition of Routledge International Handbook of Migration Studies provides a comprehensive basis for understanding the complexity and patterns of international migration Despite increased efforts to limit its size and consequences migration has wide ranging impacts upon social environmental economic political and cultural life in countries of origin and settlement Such transformations impact not only those who are migrating but those who are left behind as well as those who live in the areas where migrants settle Featuring forty six essays written by leading international and multidisciplinary scholars this new edition showcases evolving research and theorizing around refugees and forced migrants new migration paths through Central Asia and the Middle East the condition of statelessness and South to South migration New chapters also address immigrant labor and entrepreneurship skilled migration ethnic succession contract labor and informal economies Uniquely among texts in the subject area the Handbook provides a six chapter compendium of methodologies for studying international migration and its impacts Written in a clear and direct style this Handbook offers a contemporary integrated resource for students and scholars from the perspectives of social science humanities journalism and other disciplines **United States Congressional Serial Set, No. 14689, Senate Reports No. 1-15** , *Better Education for Students and Teachers Act* United States. Congress. Senate. Committee on Health, Education, Labor, and Pensions,2001 Europa World Year Taylor & Francis Group,2004 Putting Children First Ajay Chaudry,2004-07-22 In the five years following the passage of federal welfare reform law the labor force participation of low income single mothers with young children climbed by more than 25 percent With significantly more hours spent outside the home single working mothers face a serious childcare crunch how can they provide quality care for their children In *Putting Children First* Ajay Chaudry follows 42 low income families in New York City over three years to illuminate the plight of these mothers and the ways in which they respond to the difficult challenge of providing for their children s material and developmental needs with limited resources Using the words of the women themselves Chaudry tells a startling story Scarce subsidies complicated bureaucracies inflexible work schedules and limited choices force families to piece together care arrangements that are often unstable unreliable inconvenient and of limited quality Because their wages are so low these women are forced to rely on inexpensive caregivers who are often under qualified to serve the developmental needs of their children Even when these mothers find good affordable care it rarely lasts long because their volatile employment situations throw their needs into constant flux The average woman in Chaudry s sample had to find five different primary caregivers in her child s first four years while over a quarter of them needed seven

or more in that time This book lets single low income mothers describe the childcare arrangements they desire and the ways that options available to them fail to meet even their most basic needs As Chaudry tracks these women through erratic childcare spells he reveals the strategies they employ the tremendous costs they incur and the anxiety they face when trying to ensure that their children are given proper care Honest powerful and alarming Putting Children First gives a fresh perspective on work and family for the disadvantaged It infuses a human voice into the ongoing debate about the effectiveness of welfare reform showing the flaws of a social policy based solely on personal responsibility without concurrent societal responsibility and suggesting a better path for the future
