Granville The Story Of An Ohio Village:

Granville William T. Utter, 1987

Granville William Thomas Utter, 1956

Beyond the River Ann

Hagedorn, 2008-06-30 Beyond the River brings to brilliant life the dramatic story of the forgotten heroes of the Ripley Ohio line of the Underground Railroad From the highest hill above the town of Ripley Ohio you can see five bends in the Ohio River You can see the hills of northern Kentucky and the rooftops of Ripley's riverfront houses And you can see what the abolitionist John Rankin saw from his house at the top of that hill where for nearly forty years he placed a lantern each night to guide fugitive slaves to freedom beyond the river In Beyond the River Ann Hagedorn tells the remarkable story of the participants in the Ripley line of the Underground Railroad bringing to life the struggles of the men and women black and white who fought the war before the war along the Ohio River Determined in their cause Rankin his family and his fellow abolitionists some of them former slaves themselves risked their lives to guide thousands of runaways safely across the river into the free state of Ohio even when a sensational trial in Kentucky threatened to expose the Ripley conductors Rankin the leader of the Ripley line and one of the early leaders of the antislavery movement became nationally renowned after the publication of his Letters on American Slavery a collection of letters he wrote to persuade his brother in Virginia to renounce slavery A vivid narrative about memorable people Beyond the River is an inspiring story of courage and heroism that transports us to another era and deepens our understanding of the great social movement known as the Underground Railroad

Denison: the Story of an Ohio College G. Wallace Chessman, 1957

The Center of a Great Empire Andrew Robert Lee Cayton, Stuart Dale Hobbs, 2005 A forested borderland dominated by American Indians in 1780 Ohio was a landscape of farms and towns inhabited by people from all over the world in 1830 The Center of a Great Empire The Ohio Country in the Early Republic chronicles this dramatic and all encompassing change Editors Andrew R L Cayton and Stuart D Hobbs have assembled a focused collection of articles by established and rising scholars that address the conquest of Native Americans the emergence of a democratic political culture the origins of capitalism the formation of public culture the growth of evangelical Protestantism the ambiguous status of African Americans and social life in a place that most contemporaries saw as on the cutting edge of human history Indeed to understand what was happening in the Ohio country in the decades after the American Revolution is to go a long way toward understanding what was happening in the United States and the Atlantic world as a whole For The Center of a Great Empire distinguished historians of the American nation in its first decades question conventional wisdom Downplaying the frontier character of Ohio they offer new answers and open new paths of inquiry through investigations of race education politics religion family commerce colonialism and conquest As it underscores key themes in the history of the United States The Center of a Great Empire pursues issues that have fascinated people for two centuries Andrew R L Cayton distinguished professor of history at Miami University in Oxford Ohio is the author of several books including Ohio The History of a People and with Fred Anderson The Dominion of War Liberty

and Empire in North America 1500 2000 Stuart D Hobbs is program director for History in the Heartland a professional development program for middle and high school teachers of history Hobbs is the author of *The End of the American Avant Garde* *Educational Architecture in Ohio* Virginia Evans McCormick, 2001 Examining the evolution of US institutions of learning from one room schools to vast campuses this text seeks to remind readers of this heritage through an examination of the philosophies behind the architectural styles of Ohio s schools and colleges libraries and opera houses

The Thirteenth Turn Jack Shuler, 2014-08-26 The story of a rope a symbol and rough justice in America The hangman s knot is a simple thing to tie just a rope carefully coiled around itself up to thirteen times But in those thirteen turns lie a powerful symbol one that is all too deeply connected to America s past and present The last man to be hanged in the United States was Billy Bailey who was executed in Delaware in 1996 for committing a double murder Even today hanging is still legal in certain situations in New Hampshire and Washington And the noose remains a potent cultural symbol An incident in Jena Louisiana in 2006 in which nooses were used to menace black students made national news Yet little has changed according to author Jack Shuler there have been nearly 100 noose incidents just in the last two years The Thirteenth Turn unravels these stories from Judas Iscariot perhaps the most infamous hanged man to the killing of Perry Smith and Richard Hickock the murderers at the heart of Truman Capote s *In Cold Blood* and beyond In his travels across America Shuler traces the evolution of this dark practice As he investigates the death of John Brown or the 1930 lynching that inspired the song *Strange Fruit* he finds that the very places that perpetrated these acts now seek to forget them Shuler s account is a kind of shadow history of America a reminder that vigilantes and hangmen play a crucial role in our national story The Thirteenth Turn is a courageous and searching book that reminds us where we come from and what is lost if we forget

New Englanders on the Ohio Frontier Virginia E. McCormick, Robert W. McCormick, 1998-06 This work examines the founding and development of Worthington Ohio to show how it reflects New England culture transplanted and reshaped by the Western frontier It provides a perspective from which historians can better understand the process of westward migration and frontier settlement

Cultivating Regionalism Kenneth H. Wheeler, 2011-11-01 In this ambitious book Kenneth Wheeler revises our understanding of the nineteenth century American Midwest by reconsidering an institution that was pivotal in its making the small college During the antebellum decades Americans built a remarkable number of colleges in the Midwest that would help cultivate their regional identity Through higher education the values of people living north and west of the Ohio River formed the basis of a new Midwestern culture *Cultivating Regionalism* shows how college founders built robust institutions of higher learning in this socially and ethnically diverse milieu Contrary to conventional wisdom these colleges were much different than their counterparts in the East and South not derivative of them as many historians suggest Manual labor programs for instance nurtured a Midwestern zeal for connecting mind and body And the coeducation of men and women at these schools exploded gender norms throughout the region Students emerging from these colleges would

ultimately shape the ethos of the Progressive era and in large numbers take up scientific investigation as an expression of their egalitarian production oriented training More than a history of these antebellum schools this elegantly conceived work exposes the interplay in regionalism between thought and action who antebellum Midwesterners imagined they were and how they built their colleges in distinct ways **Trans-Appalachian Frontier, Third Edition** Malcolm J.

Rohrbough,2008-01-09 The first American frontier lay just beyond the Appalachian Mountains and along the Gulf Coast Here successive groups of pioneers built new societies and developed new institutions to cope with life in the wilderness In this thorough revision of his classic account Malcolm J Rohrbough tells the dramatic story of these men and women from the first Kentucky settlements to the closing of the frontier Rohrbough divides his narrative into major time periods designed to establish categories of description and analysis presenting case studies that focus on the county the town the community and the family as well as politics and urbanization He also addresses Spanish French and Native American traditions and the anomalous presence of African slaves in the making of this story **The Politics of Long Division** Donald John

Ratcliffe,2000 This sequel to Donald J Ratcliffe s Party Spirit in a Frontier Republic investigates the origins of the important series of political contests now known as the Second Party System Whereas recent historians claim that the mass parties of the antebellum era emerged in the 1830s Ratcliffe argues that already by 1828 the battle lines had been laid down in Ohio that would dominate local and national politics until the eve of the Civil War and even persist into the twentieth century This cleavage in popular political loyalties first emerged Ratcliffe contends in the wake of the Missouri crests and the Panic of 1819 In 1824 the struggle to control the federal government saw many voters make choices to which they subsequently clung Then in 1828 with the rise of the Jacksonian opposition the excitements of the first closely contested presidential election in Ohio brought unprecedented numbers of voters into the electoral contest The choices that voters made at this critical time reflected in part the energetic organizational work of ambitious politicians and the persuasive scurrility of the media But more significantly it revealed not only the economic hopes and political attachments but also the cultural attitudes ethnic antagonisms and social tensions that divided Ohioans in the much neglected decade of the 1820s **The Cormany Diaries**

James Mohr,1982-12-15 This unique pair of diaries offers an unforgettable account of the life of an average Northern family coping with the dangers and tensions of the Civil War There were thousands like them but few left such a clear and indelible record of their experiences Rachel Cormany nee Bowman met Samuel Cormany at Otterbein University in Ohio After her husband enlisted in a cavalry unit she writes poignantly of her anxieties poverty and loneliness Samuel on the other hand is ambitious in his military career and tells enthusiastically about his engagements that include camp life cavalry raids army politics and his battles with alcohol Editor James C Mohr has arranged the diaries so that the voices of husband and wife alternate and his notes enlighten many of the issues relating to the diarists and their daily lives **Cradles of Conscience**

James A. Hodges,James H. O'Donnell,John William Oliver,2003 Because of its history of westward expansion and its diverse

population Ohio is home to many independent institutions of higher education This text comprises essays which relate the circumstances of the foundation of 40 such institutions and the history of each since its inception Ohio State History of the Daughters of the American Revolution ... Daughters of the American Revolution. Ohio Society,1928 **The Old Northwest** ,1979 A journal of regional life and letters Land Use and Urban Form Grant Ian Thrall,2017-10-12 Originally published in 1987 The Consumption Theory of Land Rent or CTLR is a comprehensive model of the urban landscape developed by Grant Ian Thrall Working from the basic idea that the same underlying processes account for the spatial structure of all places Thrall shows how CTLR can be used as a tool to explain and predict the long term consequences of policy decisions by governments such as introducing light rail rapid transit or parameter changes in the economy such as a general rise in real income Thrall s methodology for the analysis of land rent and land use in a significant research accomplishment and a major analytical tool for students and professionals within city planning regional science urban geography and urban economics *Original Ohio* David W. Meyers,Elise Meyers Walker,2024-03-04 Every community begins with a dream a dream of a better life Home to thousands of settlements extending as far back as 13 000 years ago Ohio has seen most of its architectural history fall to the wrecking ball But there is still history all around if we know where to look Located south of Dayton SunWatch is the best known Fort Ancient Indian village in the United States On the other side of the state Marietta is the oldest permanent settlement in the Northwest Territory About fifty miles southeast of Cincinnati antebellum Ripley grew to prominence as a bastion of abolitionism Dennison also known as Dreamsville was born virtually overnight thanks to the railroads Authors David Meyers and Elise Meyers Walker reveal twenty one communities where the Ohio story can still be seen *Publications of the Ohio Archaeological and Historical Society* ,1958 **The Encyclopædia Britannica: Gichtel-Harmonium** ,1910 **The Encyclopaedia Britannica: Fra to Har** ,1910
