

### Plum Blossoms

Far across hill and dale  
The blossoms of the plum have cast  
A delicate pink veil.

Bashō

So sweet the plum trees smell!  
Would that the brush that paints the flower  
Could paint the scent as well.

I came to look, and lo,  
The plum tree petals scatter down  
A fall of purest snow.

Rankō (1728-99)

**Narrating Medicine in Middle English Poetry** Eve Salisbury, 2022-08-11 Exploring medical writing in England in the 100 years after the advent of the Great Mortality this book examines the storytelling practices of poets patients and physicians in the midst of a medieval public health crisis and demonstrates how literary narratives enable us to see a kinship between poetry and the healing arts Looking at how we can learn to diagnose a text as if we were diagnosing a body Salisbury provides new insights into how we can recuperate the voices of those afflicted by illness in medieval texts when we have no direct testimony She considers how we interpret stories told by patients in narratives mediated by others ways that women factor into the shaping of a medical canon how medical writing intersects with religious belief and memorial practices governed by the Church and ways that regimens of health benefit a population in the throes of an epidemic *The English Catalogue of Books: v. [1]. 1835-1863* Sampson Low, James Douglas Stewart, 1864 *Elements of Art, a Poem in Six Cantos* Martin Archer Shee, 1809

*The Complete Poems* Anne Sexton, 2016-04-05 The collected works of Anne Sexton showcase the astonishing career of one of the twentieth century's most influential poets For Anne Sexton writing served as both a means of expressing the inner turmoil she experienced for most of her life and as a therapeutic force through which she exorcised her demons Some of the richest poetic descriptions of depression anxiety and desperate hope can be found within Sexton's work *The Complete Poems* which includes the eight collections published during her life two posthumously published books and other poems collected after her death brings together her remarkable body of work with all of its range of emotion With her first collection the haunting *To Bedlam and Part Way Back* Sexton stunned critics with her frank treatment of subjects like masturbation incest and abortion blazing a trail for representations of the body particularly the

female body in poetry She documented four years of mental illness in her moving Pulitzer Prize winning collection *Live or Die* and reimagined classic fairy tales as macabre and sardonic poems in *Transformations* The *Awful Rowing Toward God* the last book finished in her lifetime is an earnest and affecting meditation on the existence of God As a whole *The Complete Poems* reveals a brilliant yet tormented poet who bared her deepest urges fears and desires in order to create extraordinarily striking and enduring art

Twentieth-Century Russian Poetry Katharine Hodgson, Joanne Shelton, Alexandra Smith, 2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi authored study of changing cultural memory and identity this revisionary work charts Russia's shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation's culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin's second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandelstam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period Contributions to this volume explore the multiple factors involved in reshaping the canon understood as a body of literary texts given exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions competing views of scholars and critics including figures outside Russia and the self canonising activity of poets themselves Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground Required reading for students teachers and lovers of Russian literature *Twentieth Century Russian Poetry* brings our understanding of post Soviet Russia up to date

**Wordplay and Powerplay in Latin Poetry** Phillip Mitsis, Ioannis Ziogas,2016-07-28 The political allegiances of major Roman poets have been notoriously difficult to pin down in part because they often shift the onus of political interpretation from themselves to their readers By the same token it is often difficult to assess their authorial powerplays in the etymologies puns anagrams telestichs and acronyms that feature prominently in their poetry It is the premise of this volume that the contexts of composition performance and reception play a critical role in constructing poetic voices as either politically favorable or dissenting and however much the individual scholars in this volume disagree among themselves their readings try to do justice collectively to poetry's power to shape political realities The book is aimed not only at scholars of Roman poetry politics and philosophy but also at those working in later literary and political traditions influenced by Rome's greatest poets

**Seventeenth - Century Poetry** Graham Parry,2024-11-01 First published in 1985 *Seventeenth Century Poetry* considers the way the poetry of the major seventeenth century writers functioned in a social

context how it grew out of the poets social circumstances and ambitions enhance their relationships with friends and patrons how it proposed ideals of conduct and the good life In the case of religious verse the poetry is read within its devotional context which in turn is related to the fortunes of the Church of England in Stuart and Commonwealth times The book also pays serious attention to the millenarian strain which ran through religious poetry at this time Graham Parry has selected nine poets both well and lesser known Jonson Donne Herrick Milton Herbert Crashaw Vaughan Traherne and Marvell For each he considers individual volumes of poetry as they originally appeared and by analysing their structure and layout as well as the content of the poems he shows us what effects the poets aim to produce on their audience In bypassing conventional groupings of seventeenth century poets and in emphasising the historical and social context in which they wrote the author provides students with a fresh and illuminating perspective on their work This is a must read for students and scholars of English literature
