The Oxford Handbook of Taboo Words and Language Keith Allan, 2019 This volume brings together experts from a wide range of disciplines to define and describe taboo words and language and to investigate the reasons and beliefs behind them It examines topics such as impoliteness swearing censorship taboo in deaf communities translation of tabooed words and the use of taboo in banter and comedy

Mousepads, Shoe Leather, and Hope Zephyr Teachout, Thomas Streeter, 2015-12-03 Howard Dean s campaign for president changed the way in which campaigns are run today With an unlikely collection of highly talented and motivated staffers drawn from a variety of backgrounds the Dean campaign transformed the way in which money was raised and supporters galvanized by using the Internet Surprisingly many of the campaign staff members were neither computer whizzes nor practiced political

operatives even though that is how some of them are identified today This book allows key individuals in the campaign the chance to tell their stories with an eye to documenting the Internet campaign revolution and providing lessons to future campaigns Howard Dean s inspirational statement of what it took for his campaign to get as far as it did mousepads shoe leather and hope holds great wisdom for anyone campaigning today especially the 2008 presidential candidates *Rebel Politics* David Brenner,2019-10-15 *Rebel Politics* analyzes the changing dynamics of the civil war in Myanmar one of the most entrenched armed conflicts in the world Since 2011 a national peace process has gone hand in hand with escalating ethnic conflict The Karen National Union KNU previously known for its uncompromising stance against the central government of Myanmar became a leader in the peace process after it signed a ceasefire in 2012 Meanwhile the Kachin Independence Organization KIO returned to the trenches in 2011 after its own seventeen year long ceasefire broke down To understand these puzzling changes Brenner conducted ethnographic fieldwork among the KNU and KIO analyzing the relations between rebel leaders their rank and file and local communities in the context of wider political and geopolitical transformations Drawing on Political Sociology *Rebel Politics* explains how revolutionary elites capture and lose legitimacy within their own movements and how these internal contestations drive the strategies of rebellion in unforeseen ways Brenner presents a novel perspective that contributes to our understanding of contemporary politics in Southeast Asia and to the study of conflict peace and security by highlighting the hidden social dynamics and everyday practices of political violence ethnic conflict rebel governance and borderland politics
