and can't even talk to Bayleigh on the phone. Not wanting to miss out on the summer before senior year, she takes a job at the local indoor BMX track. The job is fun; her boss is laid back, and the place is packed with hot guys. One of them just might have a crush on her. This may be a summer without her best friend, but it doesn't mean she'll have to spend the summer alone.

Summer Together It's the summer after graduation, and Bayleigh just asked Becca to be her maid of honor. Determined to give her best friend the greatest wedding ever, Becca has a lot on her plate. When she thinks she's finally got everything under control, a certain member of the groom's bridal party can't keep his eyes off her. Becca's not sure how to handle all the attention, but she is sure of one thing: This will be a summer to remember.

Summer Apart Becca survived her first year of college barely, and now she's out for summer break. This would be an awesome time to hang out with her mega-cute and famous motocross racing boyfriend, Nolan Park, but unfortunately for her, she just broke up with him. As much as she likes Park, she couldn't handle the emotional turmoil of having him go back home to California after every visit. The paparazzi are watching his every move, and Becca doesn't like what she sees about Park online. She thinks the time apart will do her some good. She's never been more wrong in her life.

Summer Forever Now that Park is a daily presence in Becca's life, she thought everything would be perfect. But Park gave up everything—his home, his job, and his friends—to be closer to her, and she can't help but worry if she's good enough to keep him happy. After all, there's one very intimate part of a relationship that she hasn't yet given him. But Park doesn't give up easily, and he's determined to make this summer one they'll remember for a lifetime.

Christmas With You The holidays are approaching, and Becca is nervous about meeting Park's parents for the first time. As they embark on a trip to California, everything that can go wrong does go wrong. For Becca and Park, the only thing they can always count on is their love for each other.

This book presents methodological and empirical advancements in evaluating the accessibility, use, demand, and behavior and equity of urban parks. A comparative analysis was conducted across four planning areas in Singapore, a renowned compact city. An innovated conceptual framework was devised to effectively measure residents' physical and perceived accessibility to their most often visited parks, explore their perceptual park use, demand, and behavior, as well as to evaluate the spatial equity of park distribution. This was achieved through spatial analysis combined with a household perception study involving 597 participants. The target audience for this book includes
