Queer Politics in Contemporary Turkey Paul Gordon Kramer, 2022-03-23 Drawing on the words and stories of queer Turkish activists this book aims to unravel the complexities of queer lives in Turkey In doing so it challenges dominant conceptualizations of the queer Turkish experience within critical security discourses The book argues that while queer Turks are subjected to ceaseless forms of insecurity in their governance opportunities for emancipatory resistance have emerged alongside these abuses It identifies the ways in which the state the family Turkish Islam and other socially mediated processes and agencies can expose or protect queers from violence in the Turkish community

*Breastfeeding in American Women's Literature* Wendy Whelan-Stewart, 2024-09-18 Rather than rarities literary depictions of women breastfeeding infants are more common in American literature than recognized In some cases readers have dismissed such portrayals as scenic background or strokes of verisimilitude In other cases we have failed to register them at all By cataloging and closely reading scenes of characters breastfeeding across the nineteenth twentieth and twenty first centuries this book decodes the beliefs of writers as celebrated as Willa Cather Toni Morrison and Louise Erdrich and as current as Camille Dungy Maggie Nelson and Torrey Peters It traces in these authors fantasies and fears the consistent and sometimes competing cultural ideologies that accrue over decades and find expression in breastfeeding scenes Despite the different historical and cultural expectations of what a mother should be and do twentieth and twenty first century women writers have consistently singled out maternal pleasure a mother's privileging of her own desire as the most important theme attending scenes of breastfeeding

*Pioneer Women* Joanna Stratton, 2013-05-28 From a rediscovered collection of autobiographical accounts written by hundreds of Kansas pioneer women in the early twentieth century Joanna Stratton has created a collection hailed by Newsweek as uncommonly interesting and a remarkable distillation of primary sources Never before has there been such a detailed record of women's courage such a living portrait of the women who civilized the American frontier Here are their stories wilderness mothers schoolmarm Indian squaws immigrants homesteaders and circuit riders Their personal recollections of prairie fires locust plagues cowboy shootouts Indian raids and blizzards on the plains vividly reveal the drama danger and excitement of the pioneer experience These were women of relentless determination whose tenacity helped them

to conquer loneliness and privation Their work was the work of survival it demanded as much from them as from their men and at last that partnership has been recognized These voices are haunting The New York Times Book Review and they reveal the special heroism and industriousness of pioneer women as never before Scientific Temperance Journal ,1918

Animals and Women Carol J. Adams, Josephine Donovan, 1995-11-14 *Animals and Women* is a collection of pioneering essays that explores the theoretical connections between feminism and animal defense Offering a feminist perspective on the status of animals this unique volume argues persuasively that both the social construction and oppressions of women are inextricably connected to the ways in which we comprehend and abuse other species Furthermore it demonstrates that such a focus does not distract from the struggle for women's rights but rather contributes to it This wide ranging multidisciplinary anthology presents original material from scholars in a variety of fields as well as a rare early article by Virginia Woolf Exploring the leading edge of the species gender boundary it addresses such issues as the relationship between abortion rights and animal rights the connection between woman battering and animal abuse and the speciesist basis for much sexist language Also considered are the ways in which animals have been regarded by science literature and the environmentalist movement A striking meditation on women and wolves is presented as is an examination of sexual harassment and the taxonomy of hunters and hunting Finally this compelling collection suggests that the subordination and degradation of women is a prototype for other forms of abuse and that to deny this connection is to participate in the continued mistreatment of animals and women **Traditions of the Arapaho** George Amos Dorsey, Alfred Louis Kroeber, 1903
