**The Cake Lady** Donna Bender Hood,2018-07-26 Since the ax blade was expertly honed and it was swung with precision and power perfect pieces of firewood fell on either side of the cutting stump Splitting perfect firewood was an art and Grayson Rivers was satisfied with his efforts As part of his fairly regular fitness routine he hand cut his own firewood at least as much as time would allow What people said about firewood was true Cut your own wood and it warmed you twice Cutting his own also made him thankful for the half ton gas wood splitter he used for the bulk of his serious woodcutting     **A Play a Month for Female Characters** Alice Louise Williams Chaplin,1917     *What Happens in Vegas...* Kimberly Lang,2012-09-04 Southern belle Evie Harrison has learned to disguise her rebelliousness and be ladylike at all times But ladies are certainly not supposed to get pregnant from one sinful night with a drop dead gorgeous stranger Evie s scandalous baby bombshell and the dangerously attractive billionaire Nick Rocco are tantalizing gossip column fodder that could ruin the Harrison family even a shotgun marriage is better than an illegitimate heir So Evie says I do preparing herself for a wedding night more explosive than she dares imagine     In the Footsteps of Dracula Stephen Jones,2017-10-03 More than thirty chilling stories and novellas featuring Bram Stoker s King of the Vampires Count Dracula Prince of Darkness Since his creation one

hundred and twenty years ago the name of Dracula has become synonymous with the legend of the vampire and the character is one of the world's most iconic to appear in fiction and film. Now this history of the blood drinking nobleman follows Dracula from his origins in Transylvania through his travels down the decades into a dystopian twenty first century where vampires rule the world. Is it possible that the Count's condition can be cured by modern medicine? How does the mythology perpetuated by literature and movies affect the existence of a real bloodsucker? How can an immortal creature adapt to the social and technological changes that have already shaped our modern world? And what happens when Dracula turns up for his own birthday party? These and many other questions are answered by acclaimed authors such as Ramsey Campbell, Christopher Fowler, Charlaine Harris, Nancy Holder, Nancy Kilpatrick, Brian Lumley, Graham Masterton, Paul McAuley, Kim Newman, Michael Marshall Smith, F. Paul Wilson and many others including Dracula's original creator Bram Stoker with a long lost version of the story first presented in 1897.

**Through Wolf's Eyes** Wayne R. Wolford Sr, 2013-02-04 I have written this book to give a greater understanding of how this history was formed and the relationship between history of old and today as we see culture expand. This is my story. It explains the principles of slavery, organized baseball, and Veterans of the military. There are some stories of individuals that have made and are making an impact on this great nation. This book was written to inform readers about Black History in Warren County, McMinnville, Tennessee, located in middle Tennessee. The very first chapter was written to inspire all that read it. Chapter two is to explain principles of slavery. There are names, dates, and information that can help give individuals closure in the history. The photos in this book are most important so that you can have a name, a place, what a person or people look like. It took 17 years to get information, history, stories, photos, and research to make this a very interesting book. When one opens this book, *Through Wolf's Eyes*, they will see what I see. Great book for historians, no matter what flavor you are.
