Great American Hypocrites Glenn Greenwald, 2008-04-15 A takedown of the GOP's deceitful propaganda machine from the blogger of Salon's Unclaimed Territory and the author of the New York Times bestsellers How Would a Patriot Act and A Tragic Legacy Ever since the cowboy image of Ronald Reagan was sold to Americans the Republican Party has used the same John Wayne imagery to support its candidates and take elections We all know how they govern but the right wing propaganda machine is very adept at hijacking debate and marketing their candidates as effectively as the Marlboro Man For example Myth The Republican nominee is an upstanding regular guy who shares the values of the common man Reality He divorced his first wife in order to marry a young multimillionaire heiress whose family then funded his political career Myth Republicans are strong on defense and will keep us safe Reality They prey on fears and their endless wars make America far less secure Myth Republicans are the party of fiscal restraint and small limited government Reality Soaring deficits unchecked presidential power and an increasingly invasive surveillance state are par for the course The first book to dissect the Republican Cult of Personality and leave it openly exposed in its unabashed shameful depravity Great American Hypocrites is a deeply necessary call out to Democrats to attack the GOP with their competitor's very own weapons Praise for Great American Hypocrites Intelligent insightful Daily Kos Glenn Greenwald has done it again Alan Colmes Glenn Greenwald is a treasure BuzzFlash
