Grant,Andrew Carnegie,Henry Adams,2016-06-14 Brilliant captivating and unforgettable memoirs from four of the greatest minds in American history Penned between 1771 and 1790 and published after his death The Autobiography of

Benjamin Franklin is one of the most acclaimed and widely read personal histories ever written. From his youth as a printer's assistant working for his brother's Boston newspaper through his own publishing, writing, and military careers, his scientific experiments, and worldwide travels, his grand triumphs and heartbreaking tragedies, Franklin tells his story with aplomb, bringing to life the flesh and blood man behind the American icon. Completed just days before his death, Ulysses S. Grant's *Personal Memoirs* is a clear and compelling account of his military career, focusing on two great conflicts: the Mexican American War and the Civil War. Lauded for its crisp and direct prose, Grant's autobiography offers frank insight into everything from the merits of the war with Mexico to the strategies and tactics employed by Union forces against the Confederacy, to the poignancy of Grant's meeting with General Lee at Appomattox Court House. Documenting a world of tariffs, insider deals, and Wall Street sharks, as well as his stunning rise from bobbin boy to steel baron, *The Autobiography of Andrew Carnegie* opens a window into the great industrialist's decision-making process. His insights on education, business, and the necessity of giving back for the common good set an inspirational example for aspiring executives and provide a fitting testament to the power of the American dream. *The Education of Henry Adams* is the Pulitzer Prize-winning memoir of a brilliant man reckoning with an era of profound change. The great grandson of President John Adams and the grandson of President John Quincy Adams, Henry Adams possessed one of the most remarkable minds of his generation. Yet he believed himself fundamentally unsuited to the era in which he lived, the tumultuous period between the Civil War and World War I. Written in third person, this uniquely unclassifiable autobiography is the Modern Library's number one nonfiction book of the twentieth century. This ebook has been professionally proofread to ensure accuracy and readability on all devices.
