the summer he and his friends would loaf at the dilapidated park with warped plywood ramps strewn with rusty nails They were the outsiders of the town or at least thought of themselves that way They wore jeans and ripped skate shoes and felt free in their special hang out the skatepark where they had their own language their own heroes and their own views of the world In this setting they matured from children awestruck of high school kids to bored young men desperate to get out Clint now an adult rekindles these forgotten memories as he drives across the country visiting unremarkable skateparks in America s small towns Why is he drawn to these skateparks What is their charm How does the skatepark function as an institution and what is the indelible mark it leaves on those who grow in its womb As he makes his way further west Clint relearns how to skate He chats with locals crashes bleeds and hears a lot of stories that sound like his own The rust begins to wear off but questions remain Can someone who left skating behind rediscover the activity that defined his youth Can someone who abandoned skateboarding make the skatepark once again his home
