military engagement between two powerful long time foes The Soviet Union which had climbed to power from the shambles of the 1917 Revolution that saw communism overthrow the czar and Germany which had risen from the ashes of World War I s Treaty of Versailles certainly had a complicated history Battle of Kursk Long time adversaries Germany and the Soviet Union put their hostilities to the test in World War II Despite a temporary truce in the signing of the Molotov Ribbentrop Non aggression Pact in 1939 the Germans and the Soviets knew that the time was coming when they would face one another on the battlefield Adolf Hitler eager to accomplish his confident prediction that Russia would be easily defeated and its people subjected into slavery to serve as free labor for Germany invaded the vast country in June 1941 Battle of the Bulge The bloodiest battle in American history earned its name from the war correspondents who were covering the conflict The bulge was a protuberance 50 miles wide and 70 miles deep in the American lines The Germans who had been in flight from the American invasion of Normandy were not supposed to be in the Ardennes region with its terrain deemed too difficult for tanks to move or soldiers to fight That deadly assumption left the Ardennes and the town of Bastogne insufficiently defended by 80 000 American soldiers most of whom had minimal battle experience Battle of Berlin The Battle of Berlin was a monumental battle between two adversaries who despised one another For the Russians who had endured the horrific suffering and loss of lives in defending their nation against the Nazi invasion the opportunity for vengeance seemed as if fate was on their side For the German civilians who remained in Berlin the approach of the Red Army invoked terror The Germans hoped that the Americans would reach them first they would have preferred to surrender to the Americans Battles of World War II John Macdonald, 1993 On cover Stunning 3 dimensional computer graphics re create the most important battles of World War II from Europe to the Pacific Clash of Wings Walter J. Boyne, 2012-03-13 From the author of Clash of Titans comes a captivating exploration of the role of air power in World War II In his captivating narrative Boyne resurrects the war of the skies in all its heroic and tragic drama while supplying insightful expert conclusions about previously overlooked aspects of the war including the essential role of American bombers in Europe Germany s miscalculation of the number of planes required for victory the Allies slow start in deploying maximum air power and why they eventually triumphed The Battle of the Somme Stewart Ross, 2004 Describes the Battle of the Somme in July 1916 which cost the Allies fifty eight thousand troops on the first day of fighting and provides a short account of the Second Battle of the Somme in 1918 Battle of Britain 1940 Douglas C. Dildy, 2018-01-25 In August 1940 the Luftwaffe began an operation to destroy or neutralize RAF Fighter Command and enable Hitler to invade Britain that autumn It was a new type of air warfare the first ever offensive counter air campaign against an integrated air defence system Powerful combat proven and previously all conquering the German air force had the means to win the Battle of Britain Yet it did not This book is an original rigorous campaign study of the Luftwaffe's Operation Adlerangriff researched in Germany's World War II archives and using the most accurate data available Doug Dildy explains the capabilities of both sides sets the campaign in context
