**The Great Secret** Maurice Maeterlinck, 2010-03-16 CONTENTS Prologue India Egypt Persia Chaldea Greece Before Socrates The Gnostics and the Neoplatonists The Cabala The Alchemists The Modern Occultists The Metapsychists Conclusions From the Author s PROLOGUE Do not look to find in this volume a history of occultism or a methodical monograph on the subject To such a work one would need to devote whole volumes which would of necessity be filled with a great measure of that very rubbish which I wish above all to spare the reader I have no other aim than to tell as simply as possible what I have learned in the course of some years that were spent in these rather discredited and unfrequented regions Reproduction of 1922 Edition

The Great Secret of Mind Tulku Pema Rigtsal, 2013-04-08 Dzogchen Great Perfection goes to the heart of our experience by investigating the relationship between mind and world and uncovering the great secret of mind s luminous nature Weaving in personal stories and everyday examples Pema Rigtsal leads the reader to see that all phenomena are the spontaneous display of mind a magical illusion and yet there is something shining in the midst of experience that is naturally pure and spacious Not recognizing this natural great perfection is the root cause of suffering and self centered clinging After introducing us to this liberating view Pema Rigtsal explains how it is stabilized and sustained in effortless meditation without modifying anything whatever thoughts of happiness or sorrow arise simply dissolve by themselves into the spaciousness of pure presence The book is divided into chapters on the view meditation as the path conduct the attainment and the four bardos

Each chapter consists of mini sections that can be read as stand alone Dharma talks Pema Rigtsal has studied and lived with several authentic Dzogchen masters and has surprising stories to tell about their unconventional methods to introduce students to the subtle view of Dzogchen      *Coach Wooden's Greatest Secret* Pat Williams,Jim Denney,2014-02-04 At the first practice of each season legendary coach John Wooden taught his players how to put on their socks and shoes a very particular way When asked about this he replied The little things matter All I need is one little wrinkle in one sock to put a blister on one foot and it could ruin my whole season I started teaching about shoes and socks early in my career and I saw that it really did cut down on blisters during the season That little detail gave us an edge Coach Wooden knew the long term impact of little things done well Now Pat Williams takes Coach Wooden s lesson along with stories of people whose lives have exemplified the importance of little things done well and shows readers how the small things one does or doesn t do drastically affect one s integrity reputation health career faith and success People who want to do their best in life family work and faith will benefit from this entertaining and inspirational book      *The Greatest Secret Ever Hidden* Chester Sapino,2008 In 1972 sinister and dark forces invaded my life from a nonphysical realm causing great fear to grip my heart This experience led me to undertake a detailed search and study over a 35 year period of ancient writings dealing with the spirit realm During this time I came to realize that there are two forces that we have to deal with in our lives on a continuous basis namely the forces of good and evil I also became aware of the fact that there are two forces called the truth and the false Discerning the knowledge of the truth involved the construction of what I refer to in the book as the matrix of truth The matrix can be looked upon as building blocks that a person establishes in their heart as they live out their life In my quest for the truth I uncovered The Greatest Secret Ever Hidden Can you imagine a secret that has been veiled in secrecy for thousands of years being revealed in a flash of insight which is so remarkable as to totally boggle the mind The question will be whether you have the tenacity and the ability to uncover understand and live in The Greatest Secret Ever Hidden Your belief system will be pushed to the wall as you read this book and for you it will be a matter of life and death as you attempt to grapple with the astounding truth revealed in The Greatest Secret Ever Hidden      **A Glimpse of the Great Secret Society** Louis-René de Caradeuc de La Chalotais,Charles Newdigate Newdegate,1872      *The Greatest Secret* Orison Swett Marden,2019-11-07 CONTROL YOUR THOUGHTS CONTROL YOUR DESTINY We are the product of our thoughts yet none of us has truly chosen the thoughts we have grown up with They are the thoughts of our families our culture our religious teachings and those of our peers Consequently none of us has attained the full life we desired for ourselves Modern science has proved that intelligence is not confined to the brain cells but that we think as a whole and that all the cell life takes part in the thinking process Every thought every impression made on the mind every mental attitude affects all of the cells of the body For that reason this classic text by Orison Swett Marden and updated by David H Morgan may be the most important book you will ever read If our thoughts are our destiny in reading this book you will discover Thought Our Incredible Life
