Selected Writings: From South Melbourne Tim Dalton,2014-06-09 This selection of work is nothing more than a capture of some pieces that I produced during the two years that I worked at Collarts Most of these thoughts were originally produced as blog posts first thoughts or critical responses to media reports Yes most of these writings are unconnected to one another but I wanted to capture my thoughts before they were lost in the ether I believe it is best to lead by example and my desire for Collarts students to write blogs where they are able to collegially critique one another provided the impetus for this work Indeed this strategy was successful and Collart's now has a student body that expresses their thoughts via the Collarts blogs Job done *Tour de France* Graeme Fife,2011-09-15 In this updated edition of the highly acclaimed Tour de France Graeme Fife sets the 2015 race in the context of the event's remarkable history which stretches back to July 1903 Named one of the top 5 sports books of the year by both the Times and the Independent this meticulously researched guide has a pacy narrative which paints an irresistible portrait of this extraordinary competition and a colourful picture of the men

who have given the Tour its enduring universal appeal Tour de France The History The Legend The Riders is laced with tales of great solo performances amazing fortitude terrible misfortune and magnificent triumphs and will include the stories behind the headlines of the 2015 race

Overlander Rupert Guinness,2018-08-01 A powerful memoir about an epic bike race across one of the most challenging landscapes in the world Rupert Guinness set out on the trip of a lifetime to race across Australia in the inaugural Indian Pacific Wheel Race This would be no ordinary bike race Unlike the Tour de France which Guinness made his name reporting on for decades competitors would ride completely unassisted from Fremantle in Western Australia to the Opera House in Sydney on the other side of the country a gruelling distance of over 5 000 kilometres that would not only test riders physical endurance but their psychological resilience as well Dubbed The Hunger Games on Wheels there would be no help just riders and their bikes crossing one of the most beautiful and most inhospitable places on earth Rupert s mission was to test his own grit physical and emotional as he followed the trail of the pioneering men and women whose historic rides over the last two centuries unveiled a largely unknown interior But when a terrible tragedy stopped competitors in their tracks Rupert was forced to make one of the toughest decisions he had ever faced and ultimately what he discovered was the extraordinary power of the human spirit
