In *Great Battles of World War II* Michael Dudley has taken a fresh look at the crucial battles which decided the outcome of the Second World War beginning with the evacuation of Dunkirk in 1940 a feat that boosted the morale of a nation during its darkest hour and reaching a climactic end with the final bloody reckoning between the Red Army and the Third Reich amongst the ruins of Berlin.

How did the Allies win early military victories in the Mediterranean and Pacific? What was the nature of the fighting in Eastern Europe? What was the impact of the U.S. and Japan entering the war? How did the Allies win back Nazi occupied territories? Answers to these questions are provided along with analyses of the most important battles of World War II in North Africa, in the Pacific, on the Eastern front, in the Atlantic and at Normandy. Learn about the military maneuvers and tactics that determined the outcome of World War II.
