Economic Thought Since Keynes A History And Dictionary Of Major Economists:

Economic Thought Since Keynes Michel Beaud, Gilles Dostaler, 2005-09-27 *Economic Thought Since Keynes* provides a concise overview of changing economic thought in the latter part of the twentieth century Offering a concise biography of 150 influential economists since Keynes it is an invaluable reference tool

Economic Thought Since Keynes Michel Beaud, Gilles Dostaler, 1997 *Economic Thought Since Keynes* provides a concise overview of changing economic thought in the latter part of the twentieth century Part 1 gives an analysis of topics including Keynes and the General Theory the triumph of interventionism the neoclassical synthesis the resurgence of liberalism Part 11 gives a concise biography of the 150 most influential economists since Keynes This invaluable book will be a useful reference tool for anyone teaching or studying economics

Mic Thought Since Keynes Michel Beaud, 1997-09-01 *Economic Thought Since Keynes* provides a concise overview of changing economic thought in the latter part of the twentieth century Part 1 gives an analysis of topics including Keynes and the General Theory the triumph of interventionism the neoclassical synthesis the resurgence of liberalism Part 11 gives a concise biography of the 150 most influential economists since Keynes This invaluable book will be a useful reference tool for anyone teaching or studying economics

Economic Thought in Communist and Post-Communist Europe Hans-Jurgen Wagener, 1998-02-12 Written by leading east European scholars this book provides a wide ranging overview of fifty years of economic thinking under communist rule in Europe and during the first phase of post communist economic transformation

An Outline of the History of Economic Thought Ernesto Screpanti, Stefano Zamagni, 2005-05-26 This book provides a comprehensive overview of the development of economics from its beginnings at the end of the Middle Ages up to contemporary developments It is strong on contemporary theory providing extensive coverage of the twentieth century particularly since the Second World War The second edition has been revised and updated to take account of new developments in economic thought

The Nobel Memorial Laureates in Economics Howard R. Vane, Chris Mulhearn, 2005 this book will continue to share shelf space next to my current textbooks As a librarian such utility makes this a desirable addition to any educator s collection As a history of economic thought book Vane and Mulhearn have brought together a breadth of information that can be found through disparate sources but at a cost of effort and especially for students qualitative decisions regarding sources The convenience of their starting methodology breadth over depth coverage and clear intention of writing to an audience of students makes this a useful text Kirk Douglas Johnson *Journal of the History of Economic Thought* The essays summarizing the main achievements of the prize winners are well written and to the point They are short enough that they never cause the reader to lose interest but substantive enough to let you know what the winners accomplishments amount to These compact factually accurate essays mark the real value of the book as a reference work there is little for which to fault the authors Vane and Mulhearn have done a very nice job with the book and it is an added bonus that it includes a formal portrait photograph of each prize winner Bradley W Bateman *History Political*

Economy Vane and Mulhearn have produced a useful reference work John Quiggin *Economic Analysis and Policy* This collection has the capacity to surprise the reader You learn all sorts of new and sometimes admirable things about these economists and about the richness of the profession that is often obscured from students of the subject John Lodewijks *History of Economics Review* This volume provides a non technical description of the main published works of every Nobel Memorial Economics winner from the first annual award in 1969 to 2004 This is a reference book par excellence it will interest not only those having some involvement with economics past or present but it should also attract more general readers wanting to unravel some of the mysteries surrounding economics and economists *Economic Outlook and Business Review* Vane and Mulhearn have produced an introduction to the careers and major publications of the 55 economists awarded the Bank of Sweden Prize in Economic Sciences in Memory of Alfred Nobel between 1969 and 2004 The short essays on each economist are readable and accurate they provide a discussion of the subjects major contributions and an introduction to the secondary literature often with the outstanding reports on the laureates work provided to the Economic Prize Committee of the Royal Swedish Academy of Sciences The collection is introduced with a review of the prize and the common characteristics of the winners thus far all neatly summarized in a table with each laureate s year and country of birth university year of first and higher degrees affiliation at the time of the award field of study and a summary citation This volume provides a very useful introduction to the development of economic ideas in the last three quarters of the 20th century Highly recommended D E Moggridge *Choice* Every serious research economist will want to have a look at this comprehensive work Edwin Burmeister Research Professor of Economics Duke University US The award of the Nobel Prize has for more than thirty years been economists way of informing the public at large about what work most of them think is important and about who has done it Anyone seeking to understand the development of recent economic ideas and the profession that has created them must deal with the Prize s history and Vane and Mulhearn have provided an indispensable guide to it brief readable and accurate David Laidler Professor Emeritus and Bank of Montreal Professor University of Western Ontario Canada This is a splendid account of the personal stories of the Nobel Laureates in Economics the diversity of practice of recent economists and perhaps above all the nature o

Economists at War Alan Bollard, 2020 Wartime is not just about military success *Economists at War* tells a different story about a group of remarkable economists who used their skills to help their countries fight their battles during the Chinese Japanese War Second World War and the Cold War 1935 55 was a time of conflict confrontation and destruction It was also a time when the skills of economists were called upon to finance the military to identify economic vulnerabilities and to help reconstruction *Economists at War* How a Handful of Economists Helped Win and Lose the World Wars focuses on the achievements of seven finance ministers advisors and central bankers from Japan China Germany the UK the USSR and the US It is a story of good and bad economic thinking good and bad policy and good and bad moral positions The economists suffered threats imprisonment trial and assassination

They all believed in the power of economics to make a difference and their contributions had a significant impact on political outcomes and military ends *Economists at War* shows the history of this turbulent period through a unique lens It details the tension between civilian resources and military requirements the desperate attempts to control economies wracked with inflation depression political argument and fighting and the clever schemes used to evade sanctions develop barter trade and use economic espionage Politicians and generals cannot win wars if they do not have the resources This book tells the human stories behind the economics of wartime

Economic Thinkers David A. Dieterle,2013-08-08 Who are the individuals whose novel ideas writings and philosophies have influenced economics throughout history and in doing so have helped change the world This encyclopedia provides a readable study of economics by examining the great economists themselves This book presents biographies of 200 economic thinkers throughout history supplying a one stop reference about the men and women whose ideas writings and philosophies created the foundation of our current understanding of economics

Depicting their subjects within the contexts of history development economics and econometrics these biographies provide an insightful overview of the world of economics through the economists of significance and the many subdisciplines topics eras and philosophies they represent *Economic Thinkers A Biographical Encyclopedia* begins by describing economic thinkers in ancient Greece and Rome moves through history to cover economists in the 15th through 19th centuries and addresses economic theory in the 20th century and the modern era Written to be easily accessible and highly readable the work will appeal to students scholars general readers and anyone interested in learning about the historical and philosophical foundation of economics

Ragnar Nurkse (1907-2007) Rainer Kattel,Jan A. Kregel,Erik S. Reinert,2011-07 Ragnar Nurkse 1907 2007 *Classical Development Economics and its Relevance for Today* presents a selection of papers that casts new insight on Nurkse s thought and discusses his relevance for today in light of the renewed interest in Nurkse amongst development economists The volume also celebrates the 100th anniversary of this profoundly important thinker s birth

Reader's Guide to the Social Sciences Jonathan Michie,2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense

Income and Employment in Theory and Practice G. Harcourt,Alessandro Roncaglia,Robin Rowley,1995-01-12 The essays in this volume are concerned with interpretations and extensions both theoretical and empirical of the work of Keynes and Kalecki and of Sraffa and with the relationships between the works of these three authors

History of Economic Thought Newsletter ,1997 **A Reflection on Sraffa's Revolution in Economic Theory** Ajit Sinha,2021-06-02 This book presents a substantial collection of essays from a wide range of well respected scholars addressing several aspects of Piero Sraffa s economics in light of continuing controversies over the interpretation that should be placed on his work It moves beyond

extant scholarship with an added emphasis on the philosophical dimension of Sraffa's seminal work *Production of Commodities by Means of Commodities*. Contributors probe new ways of thinking about the political economy of Sraffa and in doing so alongside the comments to each contribution by other scholars provide a cutting edge debate and discussion on non-mainstream economic theory. This book will be of interest to academics and advanced graduate students in economics with additional interest from scholars in philosophy and the methodology of science.

Battle Of Single European Market
 Gilles Grin, 2012-11-12 First published in 2004 This book studies the history of the single or internal market of the European Union since its beginnings after the Second World War until the end of 2000. The perspective is pluridisciplinary and incorporates several dimensions: historical, political, economic, legal and sociological.

Carl Menger's Lectures to Crown Prince Rudolf of Austria
 Carl Menger, Rudolf (Crown Prince of Austria), 1994-01-01 This book will be of interest on a number of different levels. Most simply it is a fascinating historical record of a pedagogical experience: the Notebooks present the historian of economic thought and those interested in the Austrian school in particular with a number of intriguing even frustrating puzzles. Peter Lewin *History of Economic Ideas* in all this volume provides a useful addition to our understanding of Carl Menger. The translation is very readable and the index is good. The Streisslers are to be commended for performing a real service to the scholarly community in editing and publishing this book.

Karen I Vaughn *Journal of the History of Economic Thought* In 1876 Carl Menger, then a young professor at the University of Vienna, was asked to teach the principles of political economy to Crown Prince Rudolf of Austria, the 17-year-old only son of Emperor Francis Joseph, who was to die tragically before he could inherit the throne. Rudolf's recently discovered Notebooks of these lectures, corrected by Menger, are a fascinating record of what the founder of the Austrian marginalist school thought worth teaching to the heir presumptive of a great power. Without referring to his own theories, Menger delivered a course on the economics of Adam Smith as presented in the mainstream German textbooks of the time in such a way that the Notebooks can be viewed as a key document on classical economic liberalism, pure and unadulterated. They cast new light on Menger's own theoretical discoveries, his view of government and his interpretation of classical economics. In this important volume, Rudolf's Notebooks are published for the first time both in German and an English translation. The editor's detailed introduction provides the historical and intellectual background to the Notebooks as well as a thorough analysis of classical economics and its treatment by Menger. The text is fully annotated in German and English with its surprising sources traced passage by passage.

International Bibliography of Economics 1998 Compiled by the British Library of Political and Economic Science, 1999-12-16 Renowned for its international coverage and rigorous selection procedures, this series provides the most comprehensive and scholarly bibliographic service available in the social sciences. Arranged by topic and indexed by author, subject and place name, each bibliography lists and annotates the most important works published in its field during the year of 1997, including hard-to-locate journal articles. Each volume also includes a complete list of the periodicals consulted.

Reconstructing Political Economy William K. Tabb, 2002-01-22 This volume offers an original perspective on the questions the great economists have asked and looks at their significance for today's world. Written in a provocative and accessible style, it examines how the diverse traditions of political economy have conceptualised economic issues, events, and theory. Going beyond the orthodoxies of mainstream economics, it shows the relevance of political economy to the debates on the economic meaning of our times. **Reconstructing Political Economy** is a timely and thought-provoking contribution to a political economy for our time. In this light, it offers fresh insights into such issues as modern theories of growth, the historic relations between state and market, and the significance of globalisation for modern societies.

The Affluent Society Revisited Mike Berry, 2013-12-12 This book revisits John Kenneth Galbraith's classic text *The Affluent Society* in the context of the background to and causes of the global economic crisis that erupted in 2008. Each chapter takes a major theme of Galbraith's book, distils his arguments, and then discusses to what extent they cast light on current developments both in developed economies and in the economics discipline. The themes include inequality, insecurity, inflation, debt, consumer behaviour, financialization, the economic role of government, social balance, the power of ideas, the role of power in the economy, and the nature of the good society. It considers the current problems of capitalism and the huge challenges facing democratic governments in tackling them. Written in non-technical language, this book is accessible to students of economics and the social sciences as well as to those who would have read *The Affluent Society* and the general reader interested in contemporary affairs and public policy.

Involuntary Unemployment Michel de Vroey, 2006-08 This book tackles the issue of involuntary employment, examining the issue in the light of Keynesian and Post Keynesian theory.

Who Pays for Canada? E.A. Heaman, David Tough, 2020-09-17 Canadians can never not argue about taxes. From the Chinese head tax to the Panama Papers, from the National Policy to the Canada-United States-Mexico Agreement, tax grievances always inspire private resentments and public debates. But if resentment and debate persist, the terms of the debate have continually altered and adapted to reflect changing social, economic, and political conditions in Canada and the wider world. The centenary of income tax is the occasion for Canadian scholars to wrestle with past and present debates about tax equity, efficiency, and justice. *Who Pays for Canada* explores the different ways governments can and should tax their peoples and evaluates how well Canada has done so. It brings together a diverse group of perspectives from academia, law, economics, political science, history, geography, philosophy, and accountancy, and from the wider world of activists and public servants. It asks how Canada compares to other countries and how other countries, especially the United States, influence Canadian tax policies. It also surveys internal tax tensions and politics through the lenses of region and jurisdiction, as well as race, class, and gender. Reasoning from tax perplexities and reforms in the past and the present, it argues that fair taxation requires an informed populace and a democratically inclined public will. Above all, this book serves as a reminder that it is not only what counts as fair that is important, but how fairness is evaluated. Revealing how closely tax policy is tied to mainstream politics, human

rights and morality Who Pays for Canada represents new perspectives on a matter of tremendous national urgency

Yeah, reviewing a books **Economic Thought Since Keynes A History And Dictionary Of Major Economists** could build up your near contacts listings. This is just one of the solutions for you to be successful. As understood, execution does not suggest that you have fantastic points.

Comprehending as with ease as conformity even more than additional will meet the expense of each success. bordering to, the declaration as competently as sharpness of this Economic Thought Since Keynes A History And Dictionary Of Major Economists can be taken as with ease as picked to act.

Economic Thought Since Keynes A History And Dictionary Of Major Economists Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Economic Thought Since Keynes A History And Dictionary Of Major Economists PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making

research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Economic Thought Since Keynes A History And Dictionary Of Major Economists PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Economic Thought Since Keynes A History And Dictionary Of Major Economists free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Economic Thought Since Keynes A History And Dictionary Of Major Economists Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
