Economic Policy Beyond The Headlines:

Economic Policy Beyond the Headlines George P. Shultz, Kenneth W. Dam, 1998-06-20 Drawing on their experience as government insiders the authors of this book show how economic policy is shaped at the highest levels of government They reveal the interconnections between economic social and international policy covering such issues as the advocacy system

Economic Policy Beyond the Headlines George Pratt Shultz, Kenneth W. Dam, 1978 *Economic policy beyond the headlines* George P. Shultz and Kenneth W. Dam, 1977 *Monthly Labor Review* , 1979-04 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews **In the Nation's**

Service Philip Taubman, 2023-01-10 The definitive biography of a distinguished public servant who as US Secretary of Labor Secretary of the Treasury and Secretary of State was pivotal in steering the great powers toward the end of the Cold War Deftly solving critical but intractable national and global problems was the leitmotif of George Pratt Shultz's life No one at the highest levels of the United States government did it better or with greater consequence in the last half of the 20th century often against withering resistance His quiet effective leadership altered the arc of history While political social and cultural dynamics have changed profoundly since Shultz served at the commanding heights of American power in the 1970s and 1980s his legacy and the lessons of his career have even greater meaning now that the Shultz brand of conservatism has been almost erased in the modern Republican Party This book from longtime New York Times Washington reporter Philip Taubman restores the modest Shultz to his central place in American history Taubman reveals Shultz's gift for forging relationships with people and then harnessing the rapport to address national and international challenges under his motto trust is the coin of the realm as well as his difficulty standing up for his principles motivated by a powerful sense of loyalty that often trapped him in inaction Based on exclusive access to Shultz's personal papers housed in a sealed archive at the Hoover Institution *In the Nation's Service* offers a remarkable insider account of the behind the scenes struggles of the statesman who played a pivotal role in unwinding the Cold War *Selected Library Acquisitions* United States. Department of Transportation, *The Chicago School* Johan Van Overtveldt, 2009-03-01 This admirably detailed and thoroughly welcome history provides a fascinating examination of a pivotal moment in the evolution of economic theory The Economist When Richard Nixon said We are all Keynesians now in 1971 few could have predicted that the next three decades would result in a complete transformation of the global economic landscape The transformation was led by a small relatively obscure group within the University of Chicago's business school and its departments of economics and political science These thinkers including Milton Friedman Gary Becker George Stigler Robert Lucas and others revolutionized economic orthodoxy in the second half of the 20th century dominated the Nobel Prizes awarded in economics and changed how business is done around the world Written by a leading European economic thinker The Chicago School is the first in depth look at how this remarkable group came together Exhaustively detailed it provides a close recounting of the decade by decade progress of the

Chicago School's evolution As such it's an essential contribution to the intellectual history of our time Against Leviathan Robert Higgs, 2025-10-07 What is fundamentally wrong with government today In *Against Leviathan* economist and historian Robert Higgs offers an unflinching critical analysis of government power *Against Leviathan* combines an economist's analytical scrutiny an historian's respect for the facts and a refusal to accept the standard excuses and cruelties of government officialdom Topics include Social Security the paternalism of the FDA the War on Drugs the nature of political leadership civil liberties the conduct of the national surveillance state and governmental responses to a continuing stream of crises including domestic economic busts and foreign wars both hot and cold *Against Leviathan* is a thorough and penetrating critique and a significant contribution in this current time of crisis and unchecked expansion of government power The Consequences of Economic Rhetoric Arjo Klammer, Deirdre N. McCloskey, Robert M. Solow, 1988 The papers in this volume are drawn from a recent conference at Wellesley College for both theoretical and applied economists which explored the consequences of rhetoric and conversation within the field of economics *Presidential Selection* Alexander Heard, Michael Nelson, 1987 This study incorporates three important themes into the study of presidential selection What are the international implications of how the United States chooses its presidents How does the process affect other nations Does it enhance or diminish the ability of the United States to deal effectively with the rest of the world How do the changing characteristics of the presidential selection process affect the shaping of public policies and vice versa For example how have changes in citizen participation campaign technologies and campaign finance laws altered the balance of political power among institutions and interests What is the influence of the Constitution on presidential selection as in the prescribed qualifications for the office and in provisions for unusual circumstances *Economic Ideas in Political Time* Wesley W. Widmaier, 2016-07-14 Over the past century the rise and fall of economic policy orders has been shaped by a paradox as intellectual and institutional stability have repeatedly caused market instability and crisis To highlight such dynamics this volume offers a theory of economic ideas in political time The author counters paradigmatic and institutionalist views of ideas as enabling self-reinforcing path dependencies offering an alternative social psychological argument that ideas which initially reduce uncertainty can subsequently fuel misplaced certainty and crises Historically the book then traces the development and decline of the progressive Keynesian and neoliberal orders arguing that each order's principled foundations were gradually displaced by macroeconomic models that obscured new causes of the Great Depression Great Stagflation and Global Financial Crisis Finally in policy terms Widmaier stresses the costs of intellectual autonomy as efforts to prevent the last crisis have repeatedly obscured new causes of crises **Humane Economics** Jack C. High, Don Lavoie, 2006-10-27 Don Lavoie's published work encompassed a wide range of subjects socialism hermeneutics information technology and culture The subjects appear unrelated but a close examination of his research reveals an underlying unity of thought and an economics at sharp variance with the post World War II mainstream By linking economics to other disciplines Lavoie

demonstrated that economics is closer to the humanities than to the physical sciences The contributors to this volume explore Don Lavoie's legacy and its implications for economics

Gerald Ford and the Challenges of the 1970s Yanek Mieczkowski, 2005-04-22 A reappraisal of the brief presidency of Gerald Ford called to leadership in the midst of scandal stagflation and an energy crisis For many Americans Gerald Ford evokes an image of either an unelected president who abruptly pardoned his corrupt predecessor or an accident prone klutz spoofed on Saturday Night Live In this book Yanek Mieczkowski reexamines Ford's two and a half years in office showing that his presidency successfully confronted the most vexing crisis of the postwar era Viewing the 1970s primarily through the lens of economic events Mieczkowski argues that Ford's understanding of the national economy was better than any modern president's that he oversaw a dramatic reduction of inflation and that he attempted to solve the energy crisis with judicious policies Throughout his presidency Ford labored under the legacy of Watergate Democrats scored landslide victories in the 1974 midterm elections and within an anemic Republican Party the right wing challenged Ford's leadership even as pundits predicted the GOP's death Yet Ford reinvigorated the party and fashioned a 1976 campaign strategy against Jimmy Carter that brought him from thirty points behind to a dead heat on election day Drawing on numerous personal interviews with former President Ford cabinet officials and members of the Ninety fourth Congress Mieczkowski presents the first major work on Ford in more than a decade combining the best of biography and presidential history to paint an intriguing portrait of a president his times and his legacy This ambitious work calls for a reexamination of the Ford presidency in light of the formidable challenges he faced upon taking office A welcome and important addition to the literature on the Ford presidency Library Journal

The Growth of American Government Ballard C. Campbell, 2014-12-29 How and why has government gotten bigger Should be a compulsory assignment for any seminar on modern political culture The Journal of American History American government has evolved over the generations since the mid nineteenth century The changing character of these institutions is a critical part of the history of the United States This engaging survey focuses on the evolution of public policy and its relationship to the constitutional and political structure of government at the federal state and local levels A new chapter in this revised and updated edition also examines the debate about big government in recent decades A marvelous multidisciplinary synthesis that builds on the findings of historians of national state and local government along with those of economists and political scientists to provide a coherent account of the rise of modern American governing structures Journal of Interdisciplinary History

Agricultural Protectionism in the Industrialized World Fred H. Sanderson, 2016-03-17 Originally published in 1990 Agricultural Protectionism in the Industrialized World takes a detailed look into the domestic and international agricultural policies of the United States Europe Canada Japan Australia and New Zealand These areas are some of the most industrialised in the world and this study focuses on the benefits policies and costs related to protectionism of their agriculture These papers offer detailed analysis of the evolution objections and domestic and international implications

related to agriculture in specific countries as well as taking a global view of issues such as policy trends and costs and concluding with a discussion on the effects of free trade This title will be of interest to students of environmental studies

The American Economy Cynthia Clark, 2011-03-11 A compelling compilation of short entries longer topical essays and primary source documents that chronicles the historical development of the United States from an economic perspective Based on a work originally published in 2003 The American Economy A Historical Encyclopedia has been thoroughly updated with information on the accounting scandals of the early 2000s and the recession of 2008 including the government stimulus and bailout programs and the recession's impact on key markets With more than 600 short entries 31 longer essays and 32 primary source documents the encyclopedia spans American history from colonial times to the present Researchers will discover detailed information on people events and government actions that have shaped our economy with entries on such seminal issues as slavery migration patterns the welfare state the rise of the city and the development of financial institutions Throughout special attention is paid to the interdependence of economics with political social and cultural forces Covering everything from the national debt to monetary policy law unemployment inflation and government business relations this work is the ideal go to resource for quick answers in depth analysis or direction for further research *Crisis and Leviathan* Robert Higgs, 2025-10-07 Crisis and Leviathan is Higgs masterwork on how government grows in size scope and power in response to real or imagined crises From war to economic upheavals government overreach endures long after each crisis has passed impinging on civil liberties and fostering extensive corporate welfare Few topics are as timely as the growth of government To understand why government has grown Robert Higgs asserts one must understand how it has grown This book offers a coherent multi causal explanation guided by a novel analytical framework firmly grounded in historical evidence More than a study of trends in governmental spending taxation and employment Crisis and Leviathan is a thorough analysis of the actual occasions when and the specific means by which Big Government developed in the United States More than an abstract account it names names and highlights the actions of significant individuals The author examines how 20th century national emergencies mainly wars depressions and labor disturbances have prompted federal officials to take over previously private rights and activities When the crises passed a residue of new governmental powers remained Even more significantly each great crisis and the subsequent governmental measures went hand in hand with reinforcing shifts in public beliefs and attitudes toward the government's proper role in American life Integrating the contributions of scholars in diverse disciplines including history law political philosophy and the social sciences Crisis and Leviathan makes compelling reading for all those who seek to understand the transformation of America's political economy over the past century *Global Imbalances and the Lessons of Bretton Woods* Barry Eichengreen, 2010-01-22 Why the current Bretton Woods like international financial system featuring large current account deficits in the center country the United States and massive reserve accumulation by the periphery is not sustainable In Global Imbalances and the Lessons of Bretton Woods Barry

Eichengreen takes issue with the argument that today's international financial system is largely analogous to the Bretton Woods System of the period 1958 to 1973. Then as now it has been argued the United States ran balance of payment deficits, provided international reserves to other countries and acted as export market of last resort for the rest of the world. Then as now the story continues other countries were reluctant to revalue their currencies for fear of seeing their export-led growth slow and suffering capital losses on their foreign reserves. Eichengreen argues in response that the power of historical analogy lies not just in finding parallels but in highlighting differences and he finds important differences in the structure of the world economy today. Such differences he concludes mean that the current constellation of exchange rates and payments imbalances is unlikely to last as long as the original Bretton Woods System. Two of the most salient differences are the twin deficits and low savings rate of the United States which do not augur well for the sustainability of the country's international position. Such differences he concludes mean that the current constellation of exchange rates and payments imbalances is unlikely to last as long as the original Bretton Woods System. After identifying these differences, Eichengreen looks in detail at the Gold Pool, the mechanism through which European central banks sought to support the dollar in the 1960s. He shows that the Pool was fragile and short-lived which does not bode well for collective efforts on the part of Asian central banks to restrain reserve diversification and support the dollar today. He studies Japan's exit from its dollar peg in 1971, drawing lessons for China's transition to greater exchange rate flexibility. And he considers the history of reserve currency competition, asking if it has lessons for whether the dollar is destined to lose its standing as preeminent international currency to the euro or even the Chinese renminbi.

The Hidden Hand of American Hegemony David E.

Spiro, 2019-06-30. Between 1973 and 1980 the cost of crude oil rose suddenly and dramatically precipitating convulsions in international politics. Conventional wisdom holds that international capital markets adjusted automatically and remarkably well: enormous amounts of money flowed into oil-rich states and efficient markets then placed that new money in cash-poor Third World economies. David Spiro has followed the money trail and the story he tells contradicts the accepted beliefs. Most of the sudden flush of new oil wealth didn't go to poor oil-importing countries around the globe. Instead, the United States made a deal with Saudi Arabia to sell it U.S. securities in secret, a deal resulting in a substantial portion of Saudi assets being held by the U.S. government. With this arrangement, the U.S. government violated its agreements with allies in the developed world. Spiro argues that American policymakers took this action to prop up otherwise intolerable levels of U.S. public debt. In effect, recycled OPEC wealth subsidized the debt-happy policies of the U.S. government as well as the debt-happy consumption of its citizenry.

Economic Policy Beyond The Headlines Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Economic Policy Beyond The Headlines free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Economic Policy Beyond The Headlines free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Economic Policy Beyond The Headlines free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Economic Policy Beyond The Headlines. In conclusion, the internet offers numerous platforms and websites that allow users to download free

PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Economic Policy Beyond The Headlines any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Economic Policy Beyond The Headlines Books

1. Where can I buy Economic Policy Beyond The Headlines books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Economic Policy Beyond The Headlines book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
