Living Through the Generations Joanne McCloskey, 2007-09-06 Navajo women's lives reflect the numerous historical changes that have transformed the Navajo way. At the same time in their behavior, beliefs, and values, women preserve the legacy of Navajo culture passed down through the generations. By comparing and contrasting three generations of Navajo women: grandmothers, mid-life mothers, and young mothers, similarities and differences emerge in patterns of education, work, family life, and childbearing. Women's roles as mothers and grandmothers are central to their respected position in Navajo society. Mothers bestow membership in matrilineal clans at birth and follow the example of the beloved deity Changing Woman. As guardians of cultural traditions, grandmothers actively plan and participate in ceremonies such as the Kinaald, the puberty ceremony for their granddaughters. Drawing on ethnographic interviews with 77 women in Crownpoint, New Mexico, and surrounding chapters in the Eastern Navajo Agency, Joanne McCloskey examines the cultural traditions evident in Navajo women's lives. Navajo women balance the demands of Western society with the desire to preserve Navajo culture for themselves and their families.

Baby No-eyes Patricia Grace, 2002-07-07 This major novel merges contemporary headlines with stories of a heartfelt family history. Do you hear the people calling? No. See there, dummy, you're nowhere near dead. Well, I don't believe you. How would you know? Of course I know. I do. I do. I know all about it. Tawera and his sister are inseparable in a relationship that is impossible for others to share. In fact, his whole whanau is bonded by secrets, a genealogy stitched together by shame, joy, love, and sometimes grief. This is an account of the mysteries that operate at many levels between generations, where the present is the pivot, the centre of the spiral looking outward to the past and future that define it. There's a way the older people have of telling a story, a way where the beginning is not the beginning, the end is not the end.

American Indian Grandmothers Marjorie M. Schweitzer, 1999 These nine essays blend documentary history, oral history, and ethnographic observation to shed light on the complex world of grandmothering in Native America. The cultural and emotional resources of their ethnic traditions help grandmothers grapple with the myriad social, economic, cultural, and political challenges they faced in the late twentieth century. Indian grandmothers are almost universally occupied with child care and child rearing at some time, but such variables as lineal descent, clan membership, kinship patterns, individual behavior, and cultural ideology change the definition, role, and status of a grandmother from tribe to tribe. Although late

twentieth century society often impoverishes and marginalizes them many Indian grandmothers provide grandchildren with social stability and a cultural link to native indentity history and wisdom The contributors case studies explore grandmothering among Navajos Puget Sound Salish Tewa Hopis Otoes Choctaws and Sioux In addition to Marjorie Schweitzer volume contributors include Karen Ritts Benally Ann Lane Hedlund Pamela Amoss Bruce G Miller Sue Ellen Jacobs Alice Schlegel Joan Weibel Orlando and Pat McCabe The royalties from this book are donated to the Native American Scholarship Fund Inc based in Albuquerque New Mexico Chambers's Encyclopædia ,1893 **Promotion of Adoption, Safety, and Support for Abused and Neglected Children** United States.
