new and exciting chapter in her life first in California and later in Kansas where her husband was offered a new job She talks of her devastation at discovering that after having three children she had early stage cervical cancer Happily she survived and thrived in Kansas with her family This That and Everything is the charming memoir of a woman who continues to live her life to the fullest with love hope and a wonderful family Grands Visit the Stars Cecile Boyd Bullock,2013-04 In the book Grands Visit the Planetarium you will find that it is very family orientated Grandma and Grandpa love having their grandchildren come to visit They plan interesting things for them to do and love participating with them After their own children grow up and move out they look forward to spending time with their grandchildren Grandma enjoys getting ready by baking cookies Grandpa prepares by mowing the lawn and tightening the screws on the Jungle Jim and swing set Grandma and Grandpa find themselves amused by their grandchildren s antics They also love the way their grandchildren work together It fills Grandma s and Grandpa s hearts having their grandchildren around Grandparents are at a disadvantage when it comes to books directed toward them raising their grandchildren The Grand series focuses on just that along with the time they spend together The Grand series centers on how you would like your grandchildren to respond to the rest of the family The series also allows grandparents to personalize the story by inputting your grandchildren s names into the book
