Babbitt,2012-11-26 Ellen C Babbitt has collected and retold the best thirty nine of the 547 Jataka Tales These charming fables originated in India sometime around the fifth century and have been teaching children valuable lessons ever since Jataka Tales Ellen C. Babbitt,2024-11-24 TThe Jatakas or Birth stories form one of the sacred books of the Buddhists and relate to the adventures of the Buddha in his former existences the best character in any story being identified with the Master These legends were continually introduced

into the religious discourses of the Buddhist teachers to illustrate the doctrines of their faith or to magnify the glory and sanctity of the Buddha somewhat as medieval preachers in Europe used to enliven their sermons by introducing fables and popular tales to rouse the flagging interest of their hearers Sculptured scenes from the Jatakas found upon the carved railings around the relic shrines of Sanchi and Amaravati and of Bharhut indicate that the Birth stories were widely known in the third century B C and were then considered as part of the sacred history of the religion At first the tales were probably handed down orally and it is uncertain when they were put together in systematic form While some of the stories are Buddhistic and depend for their point on some custom or idea peculiar to Buddhism many are age old fables the flotsam and jetsam of folklore which have appeared under various guises throughout the centuries as when they were used by Boccaccio or Poggio merely as merry tales or by Chaucer who unwittingly puts a Jataka story into the mouth of his pardoners when he tells the tale of the Ryotoures three Quaint humor and gentle earnestness distinguish these legends and they teach many wholesome lessons among them the duty of kindness to animals Dr Felix Adler in his Moral Instruction of Children says The Jataka Tales contain deep truths and are calculated to impress lessons of great moral beauty The tale of the Merchant of Seri who gave up all that he had in exchange for a golden dish embodies much the same idea as the parable of the priceless Pearl in the New Testament The tale of the Measures of Rice illustrates the importance of a true estimate of values The tale of the Banyan Deer which offered its life to save a roe and her young illustrates self sacrifice of the noblest sort The tale of the Sandy Road is one of the finest in the collection **The Monkey and the Crocodile** Ellen C. Babbitt, Ellsworth

Young, 2015-09-16 Timid rabbits noble deer quarrelsome quails greedy merchants and other memorable animal and human characters populate these timeless fables all of which offer thought provoking morals Includes charming silhouette illustrations *Buddhist Animal Wisdom Stories* Mark W. McGinnis, 2004-11-09 Around the beginning of the common era Indian Buddhists began to collect fables or jataka tales illuminating various human virtues and foibles from kindness cooperation loyalty and self discipline on the one hand to greed pride foolishness and treachery on the other Instead of populating these stories with people they cast the animals of their immediate environment in the leading roles which may have given the tales a universal appeal that helped them travel around the world surfacing in the Middle East as Aesop's fables and in various other guises throughout East and Southeast Asia Africa Russia and Europe Author and painter Mark McGinnis has collected over forty of these hallowed popular tales and retold them in vividly poetic yet accessible language their original Buddhist messages firmly intact Each story is accompanied with a beautifully rendered full color painting making this an equally attractive book for children and adults whether Buddhist or not who love fine stories about their fellow wise and foolish creatures **Jataka Tales Re-told** Ellen C. Babbitt, 1912 Collects eighteen fables from the Jatakas of India Ladies from Hell Charlene Peoples, This Historical Autobiography is about the strong attitude of the Ladies from Hell who were fierce Scottish Warriors who fought in both world wars It speaks of the Peebles family history who came to

America to escape the chopping block They survived many battles in life and includes the inspiring autobiography of Charlene Peoples Her tragic story portrays the persevering strength and attitude of her Scottish ancestors the Ladies From Hell

[The Jataka Tales \(Complete\)](#) Anonymous, This conclusion is confirmed by the fact that J_taka scenes are found sculptured in the carvings on the railings round the relic shrines of Sanchi and Amaravati and especially those of Bharhut where the titles of several J_takas are clearly inscribed over some of the carvings These bas

reliefs prove that the birth legends were widely known in the third century B C and were then considered as part of the sacred history of the religion Fah hian when he visited Ceylon 400 A D saw at Abhayagiri representations of the 500 bodily forms which the Bodhisatta assumed during his successive births¹ and he particularly mentions his births as Sou to nou a bright flash of light the king of the elephants and an antelope These legends were also continually introduced into the religious discourses which were delivered by the various teachers in the course of their wanderings whether to magnify the glory of the Buddha or to illustrate Buddhist doctrines and precepts by appropriate examples somewhat in the same way as medi val preachers in Europe used to enliven their sermons by introducing fables and popular tales to rouse the flagging attention of their hearers It is quite uncertain when these various birth stories were put together in a systematic form such as we find in our present J_taka collection At first they were probably handed down orally but their growing popularity would ensure that their kernel at any rate would ere long be committed to some more permanent form In fact there is a singular parallel to this in the Gesta Romanorum which was compiled by an uncertain author in the 14th century and contains nearly 200 fables and stories told to illustrate various virtues and vices many of them winding up with a religious application Some of the birth stories are evidently Buddhistic and entirely depend for their point on some custom or idea peculiar to Buddhism but many are pieces of folk lore which have floated about the world for ages as the stray waifs of literature and are liable everywhere to be appropriated by any casual claimant The same stories may thus in the course of their long wanderings come to be recognised under widely different aspects as when they are used by Boccaccio or Poggio merely as merry tales or by some Welsh bard to embellish king Arthur s legendary glories or by some Buddhist sama_a or medi val friar to add point to his discourse Chaucer unwittingly puts a J_taka story into the mouth of his Pardoner when he tells his tale of the ryotoures three and another appears in Herodotus as the popular explanation of the sudden rise of the Alcmonid through Megacles marriage with Cleisthenes daughter and the rejection of his rival Hippocleides
