## **Grant The Wilderness To Appomattox:**

With Grant and Meade from the Wilderness to Appomattox Theodore Lyman, 2014-04-07 Theodore Lyman was a member of the staff of General George Meade who commanded the Army of the Potomac during the Civil War from 1863 1865 including most famously at the Battle of Gettysburg Beginning in 1864 Meade's army was accompanied by Ulysses S Grant who made most of the command decisions for the Army of the Potomac even though Meade continued to nominally be in command of it With Grant and Meade from the Wilderness to Appomattox is an amazing collection of Lyman's letters in which he discusses contemporary events during the last year of the war including the Overland Campaign the siege of Petersburg and Lee's surrender to Grant at Appomattox Lee and Grant in Virginia, 19?? **From the Rapidan to Petersburg** Charles River Editors, 2025-05-02 With Robert E Lee's Army of Northern Virginia continuing to frustrate the Union Army of the Potomac's attempts to take Richmond in 1862 and 1863 President Lincoln shook things up by turning command of all the armies of the United States to Ulysses S Grant in March 1864 Lee had won stunning victories at battles like Chancellorsville and Second Bull Run by going on the offensive and taking the strategic initiative but Grant and Lincoln had no intention of letting him do so anymore Attaching himself to the Army of the Potomac Grant ordered Army of the Potomac commander George Meade Lee's army is your objective point Wherever Lee goes there you will go also From May 5 7 the two most famous generals of the Civil War squared off for the first time The 100 000 strong Army of the Potomac was double the size of Lee's hardened but battered Army of Northern Virginia It was a similar position to the one George McClellan had in 1862 and Joe Hooker had in 1863 and Grant's first attack at the Battle of the Wilderness followed a similar pattern Nevertheless Lee proved more than capable on the defensive The Battle of the Wilderness was fought so close to where the Battle of Chancellorsville took place a year earlier that soldiers encountered skeletons that had been buried in shallow graves in 1863 Moreover the woods were so thick that neither side could actually see who they were shooting at and whole brigades at times got lost in the forest Both armies sustained heavy casualties while Grant kept attempting to move the fighting to a setting more to his advantage but the heavy forest made coordinated movements almost impossible On May 5 and May 6 both armies attempted desperate attacks and counterattacks to strike a knockout blow but they were ultimately unable to dislodge each other Given the terrain and the nature of the fighting it was one of the most horrendous battles of the war with some wounded men literally burning to death in fires ignited by the battle that sparked the nearby underbrush and spread rapidly The defending Confederates technically won a tactical victory by holding their ground but they did so at a staggering cost inflicting 17 000 casualties on the Army of the Potomac and suffering 11 000 of their own On May 7 Grant disengaged his army from the battle His objective had been frustrated by Lee's skillful defense the same position as Hooker at Chancellorsville McClellan on the Virginian Peninsula and Burnside after Fredericksburg His men got the familiar dreadful feeling that they would retreat back toward Washington as they had too many times before This time however Grant made

the fateful decision to keep moving south inspiring his men by telling them that he was prepared to fight it out on this line if it takes all Summer The Battle of the Wilderness would only be the beginning of the Overland Campaign not the end of it From the Rapidan to Petersburg comprehensively covers the campaign and the events that led up to the battle the fighting itself and the aftermath of the battle Accounts of the battle by important participants are also included along with maps of the battle and pictures of important people places and events You will learn about the Wilderness like you never have before

**Great Military Leaders** William T. Worthington, 2002 Great Military Leaders A Bibliography with Vignettes **Spring 1865** Perry D. Jamieson, 2015 When Gen Robert E Lee fled from Petersburg and Richmond Virginia in April 1865 many observers did not realize that the Civil War had reached its nadir A large number of Confederates from Jefferson Davis down to the rank and file were determined to continue fighting Though Union successes had nearly extinguished the Confederacy's hope for an outright victory the South still believed it could force the Union to grant a negotiated peace that would salvage some of its war aims As evidence of the Confederacy's determination two major Union campaigns along with a number of smaller engagements were required to quell the continued organized Confederate military resistance In Spring 1865 Perry D Jamieson juxtaposes for the first time the major campaign against Lee that ended at Appomattox and Gen William T Sherman's march north through the Carolinas which culminated in Gen Joseph E Johnston's surrender at Bennett Place Jamieson also addresses the efforts required to put down armed resistance in the Deep South and the Trans Mississippi As both sides fought for political goals following Lee's surrender these campaigns had significant consequences for the political military context that shaped the end of the war as well as Reconstruction Campaigning (Marine Corps Doctrinal Publication 1-2) United States Marine Corps, 2005-05-01 Tactical success in combat does not of itself guarantee victory in war What matters ultimately in war is strategic success attainment of our political aims and the protection of our national interests The operational level of war provides the linkage between tactics and strategy It is the discipline of conceiving focusing and exploiting a variety of tactical actions to realize a strategic aim With that thought as our point of departure this publication discusses the intermediate operational level of war and the military campaign which is the vehicle for organizing tactical actions to achieve strategic objectives The Marine air ground task force MAGTF clearly has operational as well as tactical capabilities Thus it is essential that Marine leaders learn to think operationally Marine Corps Doctrinal Publication MCDP 1 2 Campaigning provides the doctrinal basis for military campaigning in the Marine Corps particularly as it pertains to a Marine commander or a MAGTF participating in the campaign **Grant's Allies: From the Wilderness to Appomattox** Pasquale De Marco, 2025-07-11 In Grant's Allies From the Wilderness to Appomattox historian Pasquale De Marco presents a captivating exploration of the dynamic relationships between Ulysses S Grant and the exceptional officers who fought alongside him during the Civil War's eastern campaign Through extensive research and engaging storytelling Pasquale De Marco brings to life the characters and events that shaped the eastern theater of the war We witness the unwavering loyalty

**The American Civil War in 1864** Charles River Editors, 2025-05-01

With Robert E. Lee's Army of Northern Virginia continuing to frustrate the Union Army of the Potomac's attempts to take Richmond in 1862 and 1863, President Lincoln shook things up by turning command of all the armies of the United States to Ulysses S. Grant in March 1864. Lee had won stunning victories at battles like Chancellorsville and Second Bull Run by going on the offensive and taking the strategic initiative, but Grant and Lincoln had no intention of letting him do so anymore. Attaching himself to the Army of the Potomac, Grant ordered Army of the Potomac commander George Meade. Lee's army is your objective point. Wherever Lee goes, there you will go also. From May 5-7, the two most famous generals of the Civil War squared off for the first time. The 100,000-strong Army of the Potomac was double the size of Lee's hardened but battered Army of Northern Virginia. It was a similar position to the one George McClellan had in 1862 and Joe Hooker had in 1863, and Grant's first attack at the Battle of the Wilderness followed a similar pattern. Nevertheless, Lee proved more than capable on the defensive. The Battle of the Wilderness was fought so close to where the Battle of Chancellorsville took place a year earlier that soldiers encountered skeletons that had been buried in shallow graves in 1863. Moreover, the woods were so thick that neither side could actually see who they were shooting at, and whole brigades at times got lost in the forest. Both armies sustained heavy casualties while Grant kept attempting to move the fighting to a setting more to his advantage, but the heavy forest made coordinated movements almost impossible. On May 5 and May 6, both armies attempted desperate attacks and counterattacks to strike a knockout blow, but they were ultimately unable to dislodge each other. Given the terrain and the nature of the fighting, it was one of the most horrendous battles of the war, with some wounded men literally burning to death in fires ignited by the battle that sparked the nearby underbrush and spread rapidly. The defending Confederates technically won a tactical victory by holding their ground, but they did so at a staggering cost, inflicting 17,000 casualties on the Army of the Potomac and suffering 11,000 of their own. On May 7, Grant

disengaged his army from the battle His objective had been frustrated by Lee s skillful defense the same position as Hooker at Chancellorsville McClellan on the Virginian Peninsula and Burnside after Fredericksburg His men got the familiar dreadful feeling that they would retreat back toward Washington as they had too many times before This time however Grant made the fateful decision to keep moving south inspiring his men by telling them that he was prepared to fight it out on this line if it takes all Summer The Battle of the Wilderness would only be the beginning of the Overland Campaign not the end of it Despite the fierce fighting Grant continued to push his battered but resilient army south hoping to beat Lee s army to the crossroads at Spotsylvania Court House but Lee s army beat Grant s to Spotsylvania and began digging in setting the scene for on and off fighting from May 8 21 that ultimately inflicted more casualties than the Battle of the Wilderness In fact with over 32 000 casualties among the two sides it was the deadliest battle of the Overland Campaign Although the Battle of Spotsylvania technically lasted nearly 2 weeks it is best remembered for the fighting that took place on May 12 at a salient in the Confederate line manned by Richard S Ewell s corps Known as the Mule Shoe a Union assault on the salient produced 24 hours of the most savage fighting conducted during the war forever christening that point in the line as the Bloody Angle

Assembly,1910      **The Army of the Potomac in the Overland and Petersburg Campaigns** Steven E. Sodergren,2017-06-05 The final year of the Civil War witnessed a profound transformation in the practice of modern warfare a shift that produced unprecedented consequences for the soldiers fighting on the front lines In *The Army of the Potomac in the Overland and Petersburg Campaigns* Steven E Sodergren examines the transition to trench warfare the lengthy campaigns of attrition that resulted and how these seemingly grim new realities affected the mindset and morale of Union soldiers The 1864 Overland Campaign created tremendous physical and emotional suffering for the men of the Army of the Potomac as they faced a remarkable increase in the level and frequency of combat By the end of this critical series of battles surviving Union soldiers began to express considerable doubt in their cause and their leaders as evidenced by widespread demoralization and the rising number of men deserting and disobeying orders Yet while the Petersburg campaign that followed further exposed the Army of the Potomac to the horrors of trench warfare it proved both physically and psychologically regenerative Comprehending that the extensive fortification network surrounding them benefitted their survival soldiers quickly adjusted to life in the trenches despite the harsh conditions The army s static position allowed the Union logistical structure to supply the front lines with much needed resources like food and mail even a few luxuries The elevated morale that resulted combined with the reelection of Abraham Lincoln in November 1864 and the increasing number of deserters from the Confederate lines only confirmed the growing belief among the soldiers in the trenches that Union victory was inevitable Taken together these aspects of the Petersburg experience mitigated the negative effects of trench warfare and allowed men to adapt more easily to their new world of combat Sodergren explores the many factors that

enabled the Army of the Potomac to endure the brutal physical conditions of trench warfare and emerge with a renewed sense of purpose as fighting resumed on the open battlefield in 1865 Drawing from soldiers letters and diaries official military correspondence and court martial records he paints a vivid picture of the daily lives of Union soldiers as they witnessed the beginnings of a profound shift in the way the world imagined and waged large scale warfare Education Department Bulletin ,1910 **Carrying the Flag** Gordon C.
