Granta 63 Beasts

**John Herbert Slater, William Robert, F.
Partridge**

Granta 63 Beasts:

Book of Beasts Elizabeth Morrison, 2019 A celebration of the visual contributions of the bestiary one of the most popular types of illuminated books during the Middle Ages and an exploration of its lasting legacy Brimming with lively animals both real and fantastic the bestiary was one of the great illuminated manuscript traditions of the Middle Ages Encompassing imaginary creatures such as the unicorn siren and griffin exotic beasts including the tiger elephant and ape as well as animals native to Europe like the beaver dog and hedgehog the bestiary is a vibrant testimony to the medieval understanding of animals and their role in the world So iconic were the stories and images of the bestiary that its beasts essentially escaped from the pages appearing in a wide variety of manuscripts and other objects including tapestries ivories metalwork and sculpture With over 270 color illustrations and contributions by twenty five leading scholars this gorgeous volume explores the bestiary and its widespread influence on medieval art and culture as well as on modern and contemporary artists like Pablo Picasso and Damien Hirst Published to accompany an exhibition on view at the J Paul Getty Museum at the Getty Center May 14 to August 18 2019

The Cambridge Companion to Literature and Animals Derek Ryan, 2023-11-09 This book explores representations of animals and animality across the span of literary history from the Middle Ages to the present

Necessary Journeys Ian Jack, 2001 A collection of new writing

The Beast and the Monk Lady Susan Chitty, 1975

Fantastic Creatures in Mythology and Folklore Juliette Wood, 2018-08-23 Drawing on historical sources myth and folklore *Fantastic Creatures in Mythology and Folklore* explores the roles of fantastical beasts particularly the unicorn the mermaid and the dragon in a series of thematic chapters organised according to their legendary dwelling place be this land sea or air Through this original approach Juliette Wood provides the first study of mythical beasts in history from the medieval period to the present day providing new insights into the ways these creatures continue to define our constantly changing relationship to both real and imagined worlds It places particular emphasis on the role of the internet computer games and the cyberspace community and in doing so demonstrates that the core medieval myth surrounding these creatures remains static within the ever increasing arena of mass marketing and the internet This is a vital resource for undergraduates studying fantastic creatures in history literature and media studies

Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1915

The Secular Contract Alex Schulman, 2011-06-23 *The Secular Contract* seeks to defend the European Enlightenment's secularization of political philosophy by promoting an understanding of Enlightenment secular liberalism and extending it to contemporary issues The work proposes that the Enlightenment united the secularizing trends that occurred at the time across all areas of knowledge into a secular contract for modern politics It argues that this was a normatively valuable enterprise whose aims and arguments need to be recovered today especially in light of the challenges faced by the West including fundamentalist Christianity in the US and radical Islam in Europe Looking at the works of many thinkers such as Hobbes Jefferson Madison Rousseau the book then shifts to the present day to argue

for a different liberalism as suggested by such contemporary thinkers as William Galston or Stephen Macedo An engaging read *The Secular Contract* will appeal to anyone interested in political theory and the history of ideas *English Journeys* ,

Book-prices Current John Herbert Slater, William Roberta, F. Partridge, 1904 **The Enigma of Loch Ness** Henry H. Bauer, 2012-05-11 Like UFO s Big Foot and the Bermuda Triangle the Loch Ness monster continues to fascinate us by the persistence of its mystery While many authors have focused upon the search for Nessie Bauer is the first to present a detailed and balanced look at the history of the controversy surrounding this search Bauer is much more concerned with examining the sociological psychological and philosophical aspects of the Loch Ness controversy than with proving or disproving Nessie s existence He shows that the Nessie phenomenon has much to tell us about how we acquire our beliefs about the nature of the scientific enterprise and about the adversarial relationship between mainstream science and fringe subjects such as Nessie The result of more than a decade of research Bauer s study includes both famous and little known photos and illustrations the most complete bibliography yet compiled on the subject and a list of close to 800 reported sightings Whether you believe in Nessie or laugh at the mere thought of believing you ll find *The Enigma of Loch Ness* both entertaining and enlightening *Child Soldiers in the Western Imagination* David M Rosen, 2015-10-12 When we hear the term child soldiers most Americans imagine innocent victims roped into bloody conflicts in distant war torn lands like Sudan and Sierra Leone Yet our own history is filled with examples of children involved in warfare from adolescent prisoner of war Andrew Jackson to Civil War drummer boys who were once viewed as symbols of national pride rather than signs of human degradation In this daring new study anthropologist David M Rosen investigates why our cultural perception of the child soldier has changed so radically over the past two centuries *Child Soldiers in the Western Imagination* reveals how Western conceptions of childhood as a uniquely vulnerable and innocent state are a relatively recent invention Furthermore Rosen offers an illuminating history of how human rights organizations drew upon these sentiments to create the very term child soldier which they presented as the embodiment of war s human cost Filled with shocking historical accounts and facts and revealing the reasons why one cannot spell infantry without infant *Child Soldiers in the Western Imagination* seeks to shake us out of our pervasive historical amnesia It challenges us to stop looking at child soldiers through a biased set of idealized assumptions about childhood so that we can better address the realities of adolescents and pre adolescents in combat Presenting informative facts while examining fictional representations of the child soldier in popular culture this book is both eye opening and thought provoking **Book-prices Current** , 1904 *The Publishers' Circular and Booksellers' Record* , 1915 **Wild and Dangerous Performances** P. Tait, 2011-11-16 Elephants lions tigers and leopards evoke fascination and awe fear and excitement This book analyzes trained acts in twentieth century live circus and cinema reveals how humans anthropomorphize animals with their emotions and interrogates the notion that animals embody a phenomenology of emotions and feelings in culture **The Classic Fairy Tales (Second International Student Edition) (Norton Critical**

Editions) Maria Tatar, 2017 I have used this textbook for four courses on children's literature with enrollments of over ninety students. It is without doubt the most well organized selection of literary fairy tales and critical commentaries currently available. Students love it. Lita Barrie, California State University Los Angeles. This Norton Critical Edition includes seven different tale types: Little Red Riding Hood, Beauty and the Beast, Snow White, Sleeping Beauty, Cinderella, Bluebeard, and Tricksters. These groupings include multicultural versions, literary rescriptings, and introductions and annotations by Maria Tatar. Tales by Hans Christian Andersen and Oscar Wilde. More than fifteen critical essays exploring the various aspects of fairy tales. New to the Second Edition are interpretations by Ernst Bloch, Walter Benjamin, Max L. Thi Lewis, Hyde, Jessica Tiffin, and Hans Jörg Uther. A revised and updated Selected Bibliography.

The Holy Bible, 1854 *The English Catalogue of Books [annual]* Sampson Low, 1925 Vols for 1898-1968 include a directory of publishers.

Perpetrators of Mass Atrocities Alette Smeulers, 2023-12-22 The 9/11 attacks as well as the ones in Madrid, London, Paris, and Brussels, the genocides in Nazi Germany, Rwanda, and Cambodia, the torture in dictatorial regimes, the wars in former Yugoslavia, Syria, and Iraq, and currently in Ukraine, the sexual violence during periods of conflict, all make us wonder why would anyone do something like that? Who are these people? Drawing on 30 years of research, in this book Alette Smeulers explores the perpetrators of mass atrocities such as war crimes, crimes against humanity, genocide, and terrorism. Examining questions of why people kill and torture and how mass atrocities can be explained, Smeulers presents a typology of perpetrators with different ranks, roles, and motives. Devoting one chapter to each type of perpetrator, the book combines insights from academic research with illustrative case studies of well-known perpetrators from dictators to middlemen to lower ranking officials and terrorists. Their stories are explored in depth as the book examines their behaviour and motivation. *Perpetrators of Mass Atrocities* thus provides a comprehensive understanding of the causes of extreme mass violence. Such knowledge not only can help the international criminal justice system to be able to attribute blame in a fairer way but can also assist in preventing such atrocities being committed on the current scale. *Perpetrators of Mass Atrocities* is essential reading for all those interested in war crimes, genocide, terrorism, and mass violence.

Exotic England Yasmin Alibhai-Brown, 2015-03-05 England may be a small country on a small island, but its inhabitants have always had a boundless curiosity about the world beyond their shoreline. From the nation's modern origins in the Renaissance, travellers have eagerly roamed the globe and been enticed by the diversity and richness of other civilizations. And while this appetite for adventure has often been tainted by aggression or exploitation, the English have also carried within them a capacity to soak up new experiences and ideas and to weave them into every aspect of life, back home from language and literature to customs and culture. Here we trace this golden thread of otherness through five centuries of English history to reveal how it has shaped the buildings, flavoured the food, powered the economy, and created a truly diverse society. Today when England is no longer synonymous with Britain, and the English ask themselves who they are, Yasmin Alibhai Brown paints a sumptuous and illuminating portrait of who they have been and

brings a fresh invigorating perspective on what Englishness really means
