## **Grassroots Women A Memoir Of The Texas Republican Party:**

**Grassroots Women** Meg McKain Grier, 2001 The women whom you will meet in this book have always been a very powerful force These women brought political competition to Texas by building the Republican Party **Texas Through Women's Eyes** Judith N. McArthur, Harold L. Smith, 2010-09-01 This is social history at its very best The wide selection of firsthand accounts found in this text draw the reader in and most are absolutely fascinating This volume will make a significant contribution to the field of Texas women s history and I predict it will be the one book to which scholars and the reading public turn for information on twentieth century Texas women Elizabeth Hayes Turner Professor of History University of North Texas Texas Women broke barriers throughout the twentieth century winning the right to vote expanding their access to higher education entering new professions participating fully in civic and political life and planning their families Yet these major achievements have hardly been recognized in histories of twentieth century Texas By contrast Texas Through Women s Eyes offers a fascinating overview of women s experiences and achievements in the twentieth century with an inclusive focus on rural women working class women and women of color Judith N McArthur and Harold L Smith trace the history of Texas women through four eras They discuss how women entered the public sphere to work for social reforms and the right to vote during the Progressive era 1900 1920 how they continued working for reform and social justice and for greater opportunities in education and the workforce during the Great Depression and World War II 1920 1945 how African American and Mexican American women fought for labor and civil rights while Anglo women laid the foundation for two party politics during the postwar years 1945 1965 and how second wave feminists 1965 2000 promoted diverse and sometimes competing goals including passage of the Equal Rights Amendment reproductive freedom gender equity in sports and the rise of the New Right and the Republican party The authors take particular account of the interactions between genders and the hierarchies of race and ethnicity as they synthesize information from published histories with their own original research into women s lives They also include a wealth of first person accounts women s letters memoirs and oral histories This lively combination will appeal to a wide audience *Texas Women* Elizabeth Hayes Turner, Stephanie Cole, Rebecca Sharpless, 2015 This is a collection of biographies and composite essays of Texas women contextualized over the course of history to include subjects that reflect the enormous racial class and religious diversity of the state Offering insights into the complex ways that Texas position on the margins of the United States has shaped a particular kind of gendered experience there the volume also demonstrates how the larger questions in United States women s history are answered or reconceived in the state Beginning with Juliana Barr s essay which asserts that women marked the lines of dominion among Spanish and Indian nations in Texas and explodes the myth of Spanish domination in colonial Texas the essays examine the ways that women were able to use their borderland status to stretch the boundaries of their own lives Eric Walther demonstrates that the constant changing of governments in Texas Spanish Mexican Texan and U S gave slaves

the opportunities to resist their oppression because of the differences in the laws of slavery under Spanish or English or American law Gabriela Gonzalez examines the activism of Jovita Idar on behalf of civil rights for Mexicans and Mexican Americans on both sides of the border Renee Laegreid argues that female rodeo contestants employed a unique regional interplay of masculine and feminine behaviors to shape their identities as cowgirls [The Texas Right](#) David O'Donald Cullen, Kyle G. Wilkison, 2014-01-22 In *The Texas Right The Radical Roots of Lone Star Conservatism* some of our most accomplished and readable historians push the origins of present day Texas conservatism back to the decade preceding the twentieth century They illuminate the initial factors that began moving Texas to the far right even before the arrival of the New Deal By demonstrating that Texas politics foreshadowed the partisan realignment of the erstwhile Solid South the studies in this book challenge the traditional narrative that emphasizes the right wing critique of modern America voiced by among others radical conservatives of the state s Democratic Party beginning in the 1930s As the contributors show it is impossible to understand the Jeffersonian Democrats of 1936 the Texas Regular movement of 1944 the Dixiecrat Party of 1948 the Shivercrats of the 1950s state members of the John Birch Society Texas members of Young Americans for Freedom Reagan Democrats and most recently even the Tea Party movement without first understanding the underlying impulses that produced their formation **The House Will Come To Order** Patrick L. Cox, Michael Phillips, 2010-02-22 In a state assumed to have a constitutionally weak governor the Speaker of the Texas House wields enormous power with the ability to almost single handedly dictate the legislative agenda *The House Will Come to Order* charts the evolution of the Speaker s role from a relatively obscure office to one of the most powerful in the state This fascinating account drawn from the Briscoe Center s oral history project on the former Speakers is the story of transition modernization and power struggles Weaving a compelling story of scandal service and opportunity Patrick Cox and Michael Phillips describe the divisions within the traditional Democratic Party the ascendance of Republicans and how Texas business agriculture and media shaped perceptions of officeholders While the governor and lieutenant governor wielded their power the authors show how the modern Texas House Speaker built an office of equal power as the state became more complex and diverse The authors also explore how race class and gender affected this transition as they explain the importance of the office in Texas and the impact the state s Speakers have had on national politics At the apex of its power the Texas House Speaker s role at last receives the critical consideration it deserves *The Conservative Frontier* Jeff Roche, 2025-10-07 How West Texas business and culture molded the rise of conservatism in the United States Much of what we understand as modern American political conservatism was born in West Texas where today it predominates How did the people of such a vast region larger than New England and encompassing big cities like Lubbock and Amarillo as well as tiny towns from Anson to Dalhart develop such a uniform political culture And why and how did it go national Jeff Roche finds answers in the history of what he calls cowboy conservatism Political power players matter in this story but so do football coaches newspaper editors and a breakfast cereal

tycoon who founded a capitalist utopia The Conservative Frontier follows these and other figures as they promoted an ideology grounded in the entrepreneurial and proto libertarian attitudes of nineteenth century Texas ranchers including a fierce devotion to both individualism and small town notions of community responsibility This political sensibility was in turn popularized by its association with the mythology and iconography of the cowboy as imagined in twentieth century mass media By the 1970s and the rise of Ronald Reagan Roche shows it was clear that the cowboy conservatism of West Texas had set the stage for the emergence of the New Right the more professionalized and tech savvy operation that dominated national conservative politics for the next quarter century **The Republican Party of Texas** Wayne Thorburn,2021-06-01

On July 4 1867 a group of men assembled in Houston to establish the Republican Party of Texas Combatting entrenched statewide support for the Democratic Party and their own internal divisions Republicans struggled to gain a foothold in the Lone Star State which had sided with the Confederacy and aligned with the Democratic platform In The Republican Party of Texas Wayne Thorburn former executive director of the Texas GOP chronicles over one hundred and fifty years of the defeats and victories of the party that became the dominant political force in Texas in the modern era Thorburn documents the organizational structure of the Texas GOP drawing attention to prominent names such as Harry Wurzbach and George W Bush alongside lesser known community leaders who bolstered local support The 1960s and 1970s proved a watershed era for Texas Republicans as they shored up ideological divides and elected the first Republican governor and more state senators and congressional representatives than ever before From decisions about candidates and shifting allegiances and political stances to race based divisions and strategic cooperation with leaders in the Democratic Party Thorburn unearths the development of the GOP in Texas to understand the unique Texan conservatism that prevails today **The New Great**

**American Writers Cookbook** Dean Faulkner Wells,2009-10-20 Published in 1981 The Great American Writers Cookbook was a treasure trove of recipes submitted by the country s most celebrated authors This all new collection a fine follow up for a new era features recipes that range from peanut butter sandwiches to eggplant caviar with dishes and anecdotes offered by writers of every imaginable stripe ethnicity region and culture in America Contemporary novelists such as National Book Award winners Jonathan Franzen and the late great Bernard Malamud share space with columnists Dave Barry P J O'Rourke and Christopher Buckley with journalists and novelists Andrei Codrescu Anna Quindlen and John Berendt and with poet and novelist Sandra Cisneros The interspersing of recipes from older and younger generations reveals cookery as creatively diverse as the writings from David Guterson T C Boyle Elizabeth McCracken and former First Lady Barbara Bush This unusually tangy assortment of more than 150 recipes runs the gamut from tofu to heart clogging chili Writers play fast and loose with ingredients and forewarn readers planning to try them that some of the most seductive recipes are loaded with cholesterol With such temptations as Thighs of Delight Crevettes D sir a sexy spaghetti sauce and a lemon icebox pie that allegedly elicits proposals of marriage the recipes and stories revealing their origins is enticing bizarre and promisingly tasty

The collection gives particular emphasis to contemporary southern writers Padgett Powell Jack Butler Larry Brown Ellen Gilchrist and Josephine Humphreys among others although their recipes are often far from being quintessentially southern Scintillating with writerly antics and witty histories as transfixing as the recipes themselves The New Great American Writers Cookbook is not just for daring cooks It s also a collector s item for food doting lovers of American literature *Nut Country* Edward H. Miller,2015-09-03 Taps the fascinating history of a surprisingly understudied place Dallas to reorient our understanding of America s Republican Right Darren Dochuk author of Anointed with Oil On the morning of November 22 1963 President Kennedy told Jackie as they started for Dallas We re heading into nut country today That day s events ultimately obscured and revealed just how right he was Oswald was a lone gunman but the city that surrounded him was full of people who hated Kennedy and everything he stood for led by a powerful group of ultraconservatives who would eventually remake the Republican party in their own image In *Nut Country* Edward H Miller tells the story of that transformation showing how a group of influential far right businessmen religious leaders and political operatives developed a potent mix of hardline anticommunism biblical literalism and racism to generate a violent populism and widespread power Though those figures were seen as extreme in Texas and elsewhere mainstream Republicans nonetheless found themselves forced to make alliances or tack to the right on topics like segregation As racial resentment came to fuel the national Republican party s divisive but effective Southern Strategy the power of the extreme conservatives rooted in Texas only grew Drawing direct lines from Dallas to DC Miller s captivating history offers a fresh understanding of the rise of the new Republican Party and the apocalyptic language conspiracy theories and ideological rigidity that remain potent features of our politics today Well researched and briskly written A timely intelligent and penetrating book The New York Times Book Review **Practicing Texas Politics** Lyle C. Brown,Joyce A. Langenegger,Ted Lewis,2001-11-23 This brief practical survey text is based on the best selling *Practicing Texas Politics* and covers the major topics of the larger text in a format that is 40% shorter The concise coverage makes the Brief ideal for instructors who want to supplement it with additional readings or other texts or use it as a supplement to an American Government text Several study aids throughout the text support student learning including lists of key terms and concepts bold faced vocabulary end of chapter readings a glossary and index and selected sources for research and reading Ninety percent of the end of chapter readings focus on contemporary Texas policy issues Increased coverage of gender and racial diversity reflects the most current topics in Texas politics Red State Wayne Thorburn,2014-09-01 In November 1960 the Democratic party dominated Texas The newly elected vice president Lyndon Johnson was a Texan Democrats held all thirty statewide elective positions The state legislature had 181 Democrats and no Republicans or anyone else Then fast forward fifty years to November 2010 Texas has not voted for a Democratic president since 1976 Every statewide elective office is held by Republicans Representing Texas in Washington is a congressional delegation of twenty five Republicans and nine Democrats Republicans control the Texas Senate by a margin of

nineteen to twelve and the Texas House of Representatives by 101 to 49 Red State explores why this transformation of Texas politics took place and what these changes imply for the future As both a political scientist and a Republican party insider Wayne Thorburn is especially qualified to explain how a solidly one party Democratic state has become a Republican stronghold He analyzes a wealth of data to show how changes in the state s demographics including an influx of new residents the shift from rural to urban and the growth of the Mexican American population have moved Texas through three stages of party competition from two tiered politics to two party competition between Democrats and Republicans and then to the return to one party dominance this time by Republicans His findings reveal that the shift from Democratic to Republican governance has been driven not by any change in Texans ideological perspective or public policy orientation even when Texans were voting Democrat conservatives outnumbered liberals or moderates but by the Republican party s increasing identification with conservatism since 1960

**Subject Guide to Books in Print** ,1991 *PAIS International in Print* Catherine Korvin,2003-05 This book contains bibliographic references with abstracts and subject headings to public and social policy literature and to world politics published in print and electronic formats international focus The Advocate ,2004-01-20 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States *The Advocate* ,2001-08-14 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States *Chicago Tribune Index* ,1994 **The Nation** ,2008 **Oral History Interview with Kay C. Copeland** Kay C. Copeland,Kristi Throne Strickland,Women in the Texas Republican Party Oral History Project,University of North Texas. Oral History Collection,1993 Interview with Kay C Copeland concerning her experiences and views on the impact of women on the development of the Republican Party in Texas from 1960 to 1993 Copeland also discusses the roots of her political conservatism grassroots volunteerism her role as precinct chair the Texas Federation of Republican Women her pro life stand the GOP and minorities and the impact of Congressman Jim Collins in getting women involved in politics *The Significance and Impact of Women on the Rise of the Republican Party in Twentieth Century Texas* Kristi Throne Strickland,2000 Oral History Interview with Vivian T. Starks Vivian T. Starks,Kristi Throne Strickland,Women in the Texas Republican Party Oral History Project,University of North Texas. Oral History Collection,1993 Interview with Vivian Starks a schoolteacher concerning her views on the impact and significance of women on the development of the Republican Party in Texas 1946 1993 Starks discusses the acceptance of African American women by Texas Republicans her political philosophy and women s issues
