GRAVES, 2018 Desperate Passage Ethan Rarick, 2008-02-04 In late October 1846 the last wagon train of that year's westward migration stopped overnight before resuming its arduous climb over the Sierra Nevada Mountains unaware that a fearsome storm was gathering force After months of grueling travel the 81 men women and children would be trapped for a brutal winter with little food and only primitive shelter The conclusion is known by spring of the next year the Donner Party was synonymous with the most harrowing extremes of human survival But until now the full story of what happened what it tells us about human nature and about America's westward expansion remained shrouded in myth Drawing on fresh archaeological evidence recent research on topics ranging from survival rates to snowfall totals and heartbreaking letters and diaries made public by descendants a century and a half after the tragedy Ethan Rarick offers an intimate portrait of the Donner party and their unimaginable ordeal a mother who must divide her family a little girl who shines with courage a devoted wife who refuses to abandon her husband a man who risks his life merely to keep his word But Rarick resists both the gruesomely sensationalist accounts of the Donner party as well as later attempts to turn the survivors into archetypal pioneer heroes The Donner Party Rarick writes is a story of hard decisions that were neither heroic nor villainous Often the emigrants displayed a more realistic and typically human mixture of generosity and selfishness an alloy born of necessity A fast paced heart wrenching clear eyed narrative history A Desperate Hope casts new light on one of America's most horrific encounters between the dream of a better life and the harsh realities such dreams so often must confront
