**Philosophy** John Whitehead, John Reed Swanton, Lewis Pyle Mercer, Harvey Farrington, 1957 *The Springs of Liberty* Stewart Justman, 1999 Justman considers satire not as a genre but as a potential available to different genres He contrasts a line of English literature critical of journalism writers such as Addison Austen and Trollope with another less mannerly represented by writers who exploded the stock formulas of which so much journalism is made a line running from Swift through Dickens to Joyce and Orwell Discussed too is the exploitation of the power of satire in political doctrine BOOK JACKET **American Book Publishing Record**, 1987 **The Philosopher's Index: Subject index**, 1980 Honoré Fabri and the Concept of Impetus: A Bridge between Conceptual Frameworks Michael Elazar, 2011-05-20 This book discusses the impetus based physics of the Jesuit natural philosopher and mathematician Honor Fabri 1608 1688 a senior representative of Jesuit scientists during the period between Galileo's death 1642 and Newton's Principia 1687 It shows how Fabri while remaining loyal to a general Aristotelian outlook managed to reinterpret the old concept of impetus in such a way as to assimilate into his physics building blocks of modern science like Galileo's law of fall and Descartes principle of inertia This account of Fabri's theory is a novel one since his physics is commonly considered as a dogmatic rejection of the New Science not essentially different from the medieval impetus theory This book shows how New Science principles were taught in Jesuit Colleges in the 1640s thus depicting the sophisticated manner in which new ideas were settling within the lion's den of Catholic education **Subject Catalog** Library of Congress, 1978 *Subject Catalog*, 1978 Library of Congress, 1978 **The London Journal**, 1870 *Oliver Wendell Holmes and the Culture of Conversation* Peter Gibian, 2001-08-30 Peter Gibian explores the key role played by Oliver Wendell Holmes in what was known as America's Age of Conversation He was both a model and an analyst of the dynamic conversational form which became central to many areas of mid nineteenth century life Holmes multivoiced writings can serve as a key to open up the closed interiors of Victorian America whether in saloons or salons parlours or clubs hotels or boarding houses schoolrooms or doctors offices Combining social intellectual medical legal and literary history with close textual analysis and setting Holmes in dialogue with Emerson Hawthorne Melville Fuller Alcott and finally with his son Justice Oliver Wendell Holmes Junior Gibian radically redefines the context for our understanding of the major literary works of the American Renaissance Effort and Grace Simone Kotva, 2020-06-25 Philosophy and theology have long harboured contradictory views on spiritual practice While philosophy advocates the therapeutic benefits of daily meditation the theology of grace promotes an ideal of happiness bestowed with little effort As such the historical juxtaposition of effort and grace grounding modern spiritual exercise can be seen as the essential tension between the secular and sacred In *Effort and Grace* Simone Kotva explores an exciting new theory of spiritual endeavour from the tradition of French spiritualist philosophy Spiritual exercise has largely been studied in relation to ancient philosophy and the Ignatian tradition yet Kotva's new engagement with its more recent forms has alerted her to an understanding of contemplative practice as rife with critical potential Here she offers an interdisciplinary text tracing the
