champions on the US PGA tour provided some gems of golf knowledge in person while I was a dedicated student of the game. The incredible professionals I was fortunate to learn under certainly qualifies me for a general high standard of instruction with My Ten Definitive Golf Lessons Volume Three in the FINISH TO THE SKY series. With all the swing gimmicks and golf instructors with plenty of their passed back and forth opinions from self observation have little understanding of how the golf swing actually works which has been clearly shown from historical application. I ask these instructors of authority who they ever learned under that was a great ball striker so useful knowledge can be passed on to the golfing community without confusion. It's unlikely the majority of golf instructors today could provide a well known name of a great player or ball striker as their mentor. My Ten Definitive Golf Lessons FINISH TO THE SKY Volume Three will set a general standard of published instruction this needed to be written at sixty three years of age while I am still alive for future generations to learn from my golf swing and ball striking experiences of enjoyment and simplification.
