Great Britain The Lion At Home A Documentary History Of Domestic Policy 1689 1973:

Great Britain: the Lion at Home Joel H. Wiener, 1974 The Americanization of the British Press, 1830s-1914 J. Wiener, 2011-10-03 The first book to compare and contrast the rise of mass circulation press in Britain and America It provides insights into the origins of tabloid journalism and explores a range of cross cultural and literary issues tracing the history of key newspapers and the careers of influential journalists such as Bennett Russell Harmsworth and Pulitzer **The Birth of Industrial Britain** Kenneth Morgan, 2013-11-14 The Industrial Revolution had a profound and lasting effect on socioeconomic and cultural conditions in Britain The Birth of Industrial Britain examines the impact of early industrialisation on British society in the century before 1850 coinciding with Britain's transition from a late pre industrial economy to one based on industrialisation and urbanisation This fully revised and updated second edition provides a comprehensive range of pedagogical material to support the text including a Glossary of terms people and parliamentary acts new primary source documents and a brand new Chronology and Who's Who section The Birth of Industrial Britain provides an essential up to date synthesis of the impact of the Industrial Revolution on British society for students at all levels **Modernist Travel Writing** David G. Farley, 2010-11-30 As the study of travel writing has grown in recent years scholars have largely ignored the literature of modernist writers Modernist Travel Writing Intellectuals Abroad by David Farley addresses this gap by examining the ways in which a number of writers employed the techniques and stylistic innovations of modernism in their travel narratives to variously engage the political social and cultural milieu of the years between the world wars Modernist Travel Writing argues that the travel book is a crucial genre for understanding the development of modernism in the years between the wars despite the established view that travel writing during the interwar period was largely an escapist genre one in which writers hearkened back to the realism of nineteenth century literature in order to avoid interwar anxiety Farley analyzes works that exist on the margins of modernism generically and geographically works that have yet to receive the critical attention they deserve partly due to their classification as travel narratives and partly because of their complex modernist styles The book begins by examining the ways that travel and the emergent travel regulations in the wake of the First World War helped shape Ezra Pound's Cantos From there it goes on to examine E E Cummings's frustrated attempts to navigate the unworld of Soviet Russia in his book Eimi Wyndham Lewis's satiric journey through colonial Morocco in Filibusters in Barbary and Rebecca West's urgent efforts to make sense of the fractious Balkan states in Black Lamb and Grey Falcon These modernist writers traveled to countries that experienced most directly the tumult of revolution the effects of empire and the upheaval of war during the years between World War I and World War II Farley's study focuses on the question of what constitutes evidence for Pound Lewis Cummings and West as they establish their authority as eyewitnesses translate what they see for an audience back home and attempt to make sense of a transformed and transforming modern world Modernist Travel Writing makes an original contribution to the study of literary modernism while taking a distinctive

look at a unique subset within the growing field of travel writing studies David Farley's work will be of interest to students and teachers in both of these fields as well as to early twentieth century literary historians and general enthusiasts of modernist studies

Anglo-American Media Interactions, 1850-2000 Joel H. Wiener, Mark Hampton, 2007-07-11 This volume reveals the complicated ways in which British and American media have influenced each other over the past two centuries In doing so it adds an important transatlantic dimension to media scholarship while demonstrating the crucial and varied ways in which media have helped build an Anglo American special relationship

Churchill and Fisher Barry Gough, 2017-10-06 A vivid study of the politics and stress of high

command this book describes the decisive roles of young Winston Churchill as political head of the Admiralty during the First World War Churchill was locked together in a perilous destiny with the ageing British Admiral Jacky Fisher the professional master of the British Navy and the creator of the enormous battleships known as Dreadnoughts Upon these Titans at the Admiralty rested British command of the sea at the moment of its supreme test the challenge presented by the Kaiser's navy under the dangerous Admiral Alfred von Tirpitz Churchill and Fisher had vision genius and energy but the war unfolded in unexpected ways There were no Trafalgars no Nelsons Press and Parliament became battlegrounds for a public expecting decisive victory at sea An ill fated Dardanelles adventure by ships alone as Churchill determined on top of the Zeppelin raids on Britain brought about Fisher's departure from the Admiralty in turn bringing down Churchill They spent the balance of the war in the virtual wilderness This dual biography based on fresh and thorough appraisal of the Churchill and Fisher papers is a story for any military history buff It is about Churchill's and Fisher's war how each fought it how they waged it together and how they fought against each other face to face or behind the scenes It reveals a strange and unique pairing of sea lords who found themselves facing Armageddon and seeking to maintain the primacy of the Royal Navy the guardian of trade the succour of the British peoples and the shield of Empire Great Britain, 1974 *The Invention of the White Race* Theodore W. Allen, 2022-01-11 A comprehensive tour de force analysis of the birth of slavery racism and white supremacy in the American South and how it shaped our modern world A must read for all social justice activists teachers and scholars Roxanne Dunbar Ortiz author of *An Indigenous Peoples History of the United States* Long heralded as a classic study of the origin of white privilege from the activist who first coined the term Theodore W Allen's work remains an indispensable resource for making sense of our conflicted present a reference point for everyone from Roxanne Dunbar Ortiz and Nell Irvin Painter to Reni Eddo Lodge and Anibal Quijano When the first Africans arrived in Virginia in 1619 there were no white people there Nor according to colonial records would there be for another sixty years In this seminal work available for the first time here in a single volume Allen tells how America's ruling classes created the category of the white race as a means of social control Since that early invention white privileges have enforced the myth of racial superiority a fact central to maintaining ruling class domination over ordinary working people of all colors throughout the history of the Atlantic world Spanning centuries and nations Allen's analysis takes us from the plantations of Northern Ireland and the mines of Peru to the sugar fields of Brazil and colonies of Chesapeake Bay Virginia His account records lives of hardscrabble immigrant survival Faustian bargains with white supremacy the tragedy of human bondage and the stubborn unbreakable resistance to the global color line *The Invention of the White Race, Volume 2* Theodore W. Allen, 2014-06-03 On the steps of the Lincoln Memorial in 1963 Martin Luther King outlined a dream of an America where people would not be judged by the color of their skin That dream has yet to be realized but some three centuries ago it was a reality Back then neither social practice nor law recognized any special privileges in connection with being white But by the early decades of the eighteenth century that had

all changed Racial oppression became the norm in the plantation colonies and African Americans suffered under its yoke for more than two hundred years In Volume II of *The Invention of the White Race* Theodore Allen explores the transformation that turned African bond laborers into slaves and segregated them from their fellow proletarians of European origin In response to labor unrest where solidarities were not determined by skin color the plantation bourgeoisie sought to construct a buffer of poor whites whose new racial identity would protect them from the enslavement visited upon African Americans This was the invention of the white race an act of cruel ingenuity that haunts America to this day Allen s acclaimed study has become indispensable in debates on the origins of racial oppression in America In this updated edition scholar Jeffrey B Perry provides a new introduction a select bibliography and a study guide *Thomas Hardy and Contemporary Literary Studies* T. Dolin, P. Widdowson, 2004-04-07 For more than thirty years books and essays on Thomas Hardy have been at the forefront of developments in academic literary studies This collection brings together exciting new readings of Hardy s work by established and emerging critics which also reflect on continuities and changes in contemporary literary studies Covering a wide range of topics and approaches *Thomas Hardy and Contemporary Literary Studies* shows how Hardy s writing continues to provoke its readers to re-examine important issues in literary criticism and critical and cultural theory Contributors include Terry Eagleton and J Hillis Miller *The Hymnal 1982 Companion* Raymond F. Glover, 1990 The complete four volume set includes major essays and relevant discussions of the musical forms in *The Hymnal 1982* which cover such topics as popular religious song cultural diversity the relationship between *The Hymnal 1982* and the liturgies of *The Book of Common Prayer* the development of service music in the Episcopal Church hymn forms and a brief history of Christian hymnody in the United States and Britain In addition complete information is given on all hymns and service music which includes the sources of text and music as well as biographical and technical facts 2 949 pp **Great Britain: the Lion at Home** ,1974 *The Emperor of All Maladies* Siddhartha Mukherjee, 2011-08-09 This edition includes a new interview with the author P 4 of cover **Great Britain** ,1974 **Of Rule and Revenue** Margaret Levi, 1989-08-03 Margaret Levi s wide ranging theoretical and historical study demonstrates the importance of political relative to economic factors in accounting for revenue production policies **Liberalism** Domenico Losurdo, 2014-02-04 In this definitive historical investigation Italian author and philosopher Domenico Losurdo argues that from the outset liberalism as a philosophical position and ideology has been bound up with the most illiberal of policies slavery colonialism genocide racism and snobbery Narrating an intellectual history running from the eighteenth through to the twentieth centuries Losurdo examines the thought of preeminent liberal writers such as Locke Burke Tocqueville Constant Bentham and Sieys revealing the inner contradictions of an intellectual position that has exercised a formative influence on today s politics Among the dominant strains of liberalism he discerns the counter currents of more radical positions lost in the constitution of the modern world order **Contrahistoria del liberalismo** Domenico Losurdo, 2007-09
