 major weapons throughout human history beginning with clubs and maces through crossbows swords and gunpowder up to  
 the hypersonic railgun lasers and robotic weapons under development today Weapons and Warfare is designed to provide  
 students with a comprehensive and highly informative overview of weapons and their impact on the course of human history  
 In addition to providing basic factual information this encyclopedia will delve into the greater historical context and  
 significance of each weapon The chronological organization by time period will enable readers to fully understand the  
 evolution of weapons throughout history The work begins with a foreword by a top scholar and a detailed introductory essay  
 by the editor that provides an illuminating historical overview of weapons It then offers entries on more than 650 individual  
 weapons systems Each entry has sources for further reading The weapons are presented alphabetically within six time  
 periods ranging from the prehistoric and ancient periods to the contemporary period Each period has its own introduction  
 that treats the major trends occurring in that era In addition 50 sidebars offer fascinating facts on various weapons
