Australia and World Crisis, 1914-1923 Neville Meaney, 2009-07-31 Australia and World Crisis 1914 1923 is the second volume in a pioneering two volume history of Australian defence and foreign policy It is based on wide ranging research in collections of personal and official papers in Australia Britain the United States and Canada Linking up with the first volume The Search for Security in the Pacific it offers a new and path breaking understanding of Australia's relations with the world from the outbreak of the First World War to the making of peace in Europe and the Pacific This study explores a number of fundamental issues that shaped

Australia's response to the world in this era such as race and culture geopolitics and security domestic divisions and ideas of loyalty and the philosophies and personalities of the chief policy makers From the outset of this global conflict Australia was involved in a hot war in Europe against Germany and its allies and in a cold war in the Pacific against Japan The British Australians for reasons of sentiment and interest supported the Mother Country but even as they did so they were deeply concerned about Japan's ambitions As a result Japan figured prominently in Australia's approach to the war and the peace Indeed for the Australians the cold war did not come to an end until the Washington Conference of 1921-2 when Japan with the other Pacific powers agreed to limit naval building and to respect existing territories in China and the Pacific In tracing out this story the book throws light on many particular aspects of the hot and cold wars They include the origins of Asian studies in Australia intelligence gathering the secret service and loyalty leagues the fear of Japan in the conscription controversy Irish Catholics and the Anglo Irish War The labour movement and the Bolshevik revolution the ideological clash of the American President and the Australian Prime Minister over peacemaking the visit of the Prince of Wales Britishness and the failure of the idea of Greater Britain all influenced the development of Australia's defence and foreign policy At the end of the book there is an attempt to provide an assessment of Australia's leadership through these testing times and to point out the significance of this experience for a later generation of Australia policy makers

The Times Literary Supplement Index, 1940 *The Oxford Handbook of Arab Novelistic Traditions* Wail S. Hassan, 2017 The Oxford Handbook of Arab Novelistic Traditions encompasses the genesis of the Arabic novel in the second half of the nineteenth century and its development to the present in every Arab country as well as Arab immigrant writing in many languages around the world Suburban Space, the Novel and Australian Modernity Brigid Rooney, 2018-11-15 Suburban Space the Novel and Australian Modernity investigates the interaction between suburbs and suburbia in a century long series of Australian novels It puts the often trenchantly anti suburban rhetoric of fiction in dialogue with its evocative and imaginative rendering of suburban place and time Suburban Space the Novel and Australian Modernity rethinks existing cultural debates about suburbia in Australia and elsewhere by putting novelistic representations of suburbs suburban interiors homes streets forms and lives over time in dialogue with the often negative idea of suburbia in fiction as an amnesic and conformist cultural wasteland Suburban space the novel and Australian modernity shows in other words how Australian novels dramatize the collision between the sensory terrain of the remembered suburb and the cultural critique of suburbia It is through such contradictions that novels create resonant mental maps of place and time Australian novels are a prism through which suburbs as sites of everyday colonization defined by successive waves of urban development are able to be glimpsed sidelong *APAIS 1991: Australian public affairs information service*,
