## **Global Economic Growth Theories Research Studies And Annotated Bibliography 1950 1997:**

**Global Economic Growth** Lewis-Guodo Liu, Robert Premus, 2000-01-30 Economists have come a long way in understanding the economic growth process since Adam Smith Economic growth research has not only had a great impact on policy making it has also generated a large and diverse literature Designed to facilitate teaching and research on economic growth this book will help the scholar and student to navigate the literature on determinants of economic growth The book's opening essay highlights the important theories and empirical findings while the bibliography includes over 1 200 annotated entries International in scope the volume covers individual country studies cross country comparative studies and cross continent and worldwide research With chapters arranged by continent and country the book enables the reader to quickly find titles of particular interest Although the focus is on English language titles the book includes works in other languages as well Coverage includes both books and articles With this book the reader can navigate through the literature accumulated over 45 years in just a few hours

**United States Entrepreneurs and the Companies They Built** Wahib Nasrallah, 2003-08-30 This pioneering work provides an index to over 1 700 biographies of prominent U S entrepreneurs innovators and company executives published in over 120 biographical collected works which are identified examined and indexed here These collected works cover a span of over 100 years and include men and women who shaped the history of American enterprise In the past collected works such as these have never been indexed but finally this book makes the biographies accessible to the general public Wahib Nasrallah has created the only book available today that indexes these stories of corporate success as they are documented in collected works of biography A large number of executive biographies are published in collected works that are rich with stories of American enterprise male and female entrepreneurs of many ethnic backgrounds Since these stories have never been indexed before United States Entrepreneurs and the Companies They Built An Index to Biographies and Collected Works is a central research tool in both academic and corporate worlds

*The Political Economy of Innovation Development* Iurii Bazhal, 2017-06-27 This book finds that the R D and technological innovation of a country is not a result but a factor of sustained economic growth Bazhal develops Schumpeter's theory to argue that genuine economic growth especially in transitioning and developing countries is only possible with innovation With a particular focus on the work of Ukrainian economists Tugan Batanobvsky and Vernadsky the text seeks to move the discipline forward and explain why innovation has become a primary factor of economic development in recent decades and why its role will become even more dominant in the future Chapters interrogate whether modern economic theory can explain how we ensure the effective functioning of the market economy The book shows that explanations of economists and politicians regarding the nature of the current economic and financial crisis and the causes of huge gaps in levels of wealth in market economies demonstrates that there are not enough satisfactory answers to this question
