Global Governance Critical Perspectives

Jim Whitman

Global Governance Critical Perspectives:

Global Governance Steven Hughes, Rorden Wilkinson, 2003-09-02
In recent years the role of global institutions such as the United Nations World Trade Organization International Monetary Fund and the World Bank has never been more important to the lives of individuals throughout the world This edited book provides critical perspectives on the role of these institutions and how they use their policies procedures and practices to manage global political socio economic legal and environmental affairs In contrast to previously published books on this subject *Global Governance* is organized thematically rather than by institution Each chapter examines core issues such as labour finance the environment health culture gender civil society poverty and development It should be essential reading for undergraduate students of international politics international political economy and international economics

Critical Perspectives on the Crisis of Global Governance S. Gill, 2015-01-02 The contributors highlight alternative imaginaries and social forces harnessing new organizational and political forms to counter and displace dominant strategies of rule They suggest that to address intensifying economic ecological and ethical crises far more effective legitimate and far sighted forms of global governance are required

Critical Perspectives on Global Governance Jean Grugel, Nicola Piper, 2007-12-12 The first in depth analysis of how global governance impacts on the lives of ordinary people This new volume includes four detailed case studies on labour migration children and development that explore the actual nature of governance policies in the GPE Jean Grugel and Nicola Piper clearly show how global governance the creation of global norms and regimes to regulate politics economic and social actors suggests and promotes ideals such as stable politics democracy human rights and individualism with a strategy to create a more ordered and ultimately better world They move away from the traditional focus on lites states and global institutions to explore and analyze how liberal global governance is really affecting ordinary people and how this is often an obstacle to development citizenship voice and inclusion Paying particular attention to the global South Asia and Latin America these expert authors trace the development of liberal global governance They also clearly examine and study how this regulation has spread from areas such as trade and investment to development labour migration children and the environment

Critical Perspectives on Global Governance Jean Grugel, Nicola Piper, 2007 This book explores and analyzes how liberal global governance is really affecting ordinary people and how this can be both an opportunity and an obstacle to development citizenship voice and inclusion To demonstrate this case studies represent some of the most marginalized groups of people in Asia and Latin America children and foreign workers By taking a bottom up perspective this study marks a shift from a vision of liberal global governance as a way to manage ordinary people to one that posits global governance as a potential opportunity structure for political activism as well as a space of regulation

The Global Governance Reader Rorden Wilkinson, 2005 This Reader provides students and scholars with a comprehensive and considered collection of articles covering the most theoretical and empirical contributions by leading

specialists in the field *Critical Perspectives on PISA as a Means of Global Governance* António Teodoro, 2022-03-24 This volume offers a critical examination of the Programme for International Students Assessment PISA focusing on its origins and implementation relationship to other international large scale assessments and its impacts on educational policy and reform at national and cross national levels Using empirical data gathered from a research project carried out by the CeiED at Lusofona University Lisbon the text highlights connections between PISA and emergent issues including the international circulation of big science expertise and policy and identifies its conceptual and methodological limits as a global governance project The volume ultimately provides a novel framework for understanding how OECD priorities are manifested through a regulatory instrument based on Human and Knowledge Capital Theory and so makes a powerful case to search for new humanistic approaches This text will benefit researchers academics and educators with an interest in education policy and politics international and comparative education and the sociology of education more broadly Those interested in the history of education will also benefit from this volume **Global Governance from Regional Perspectives** Anna

Triandafyllidou, 2017-06-16 Global Governance from Regional Perspectives argues that the academic debate on global governance has neglected the combination of power with value constellations culture Both input and output legitimacy for instance or the exercise of control and influence are inextricably related to culture worldviews and values The book questions theoretically the Western hegemonic and hence invisible definition of governance and related concepts as well as the Western hegemony over global governance institutions It looks from the ground up whether and how alternative practices institutions networks and concepts norms of global governance are emerging in relation to emerging powers and regional integration systems Global Governance from Regional Perspectives starts with a critical reading of global governance from multi disciplinary views and engages with two important and under studied aspects notably how global governance can be measured and what lies behind such measurements and questions the democratic deficit of global governance The book provides a series of regional and country perspectives on global governance which engage with a specific example of an institution process or issue that is used to highlight why and how the western hegemonic views and practices of global governance are or not contested The book offers a mapping of global governance phenomena in different regions of the world and a critical readings of those As such this volume is different from all international relations or political science collections on global governance and also opens up a new field of study that has been hitherto neglected in sociological or cultural studies *Critical Legal Perspectives on Global Governance* Gráinne de Búrca, Claire Kilpatrick, Joanne

Scott, 2014-07-18 This book of essays written in honour of Professor David Trubek explores many of the themes which he has himself written about most notably the emergence of a global critical discourse on law and its application to global governance As law becomes ever more implicated in global governance and as processes related to and driven by globalisation transform legal systems at all levels it is important that critical traditions in law adapt to the changing legal

order and problematique The book brings together critical scholars from the EU and North and South America to explore the forms of law that are emerging in the global governance context the processes and legal roles that have developed and the critical discourses that have been formed By looking at critical appraisals of law at the global regional and national level the links among them and the normative implications of critical discourses the book aims to show the complexity of law in today's world and demonstrate the value of critical legal thought for our understanding of issues of contemporary governance and regulation Scholars from many countries contribute critical studies of global and regional institutions explore the governance of labour and development policy in depth and discuss the changing role of lawyers in global regulatory space **Global**

Governance from Regional Perspectives Anna Triandafyllidou, 2017 Global Governance from Regional Perspectives argues that the academic debate on global governance has neglected the combination of power with value constellations culture Both input and output legitimacy for instance or the exercise of control and influence are inextricably related to culture worldviews and values The book questions theoretically the Western hegemonic and hence invisible definition of governance and related concepts as well as the Western hegemony over global governance institutions It looks from the ground up whether and how alternative practices institutions networks and concepts norms of global governance are emerging in relation to emerging powers and regional integration systems Global Governance from Regional Perspectives starts with a critical reading of global governance from multi disciplinary views and engages with two important and understudied aspects notably how global governance can be measured and what lies behind such measurements and questions the democratic deficit of global governance The book provides a series of regional and country perspectives on global governance which engage with a specific example of an institution process or issue that is used to highlight why and how the western hegemonic views and practices of global governance are or not contested The book offers a mapping of global governance phenomena in different regions of the world and a critical readings of those As such this volume is different from all international relations or political science collections on global governance and also opens up a new field of study that has been hitherto neglected in sociological or cultural studies **The Fundamentals of Global Governance** J.

Whitman, 2009-04-08 What kind of activity is global governance What do all of the many sectoral forms of global governance of the planetary environment of global finance and global health have in common Moving beyond sector specific studies this book outlines the fundamentals of global governance in eight chapter length propositions Whose Peace? Critical

Perspectives on the Political Economy of Peacebuilding M. Pugh, N. Cooper, M. Turner, 2016-01-04 The book provides critical perspectives that reach beyond the technical approaches of international financial institutions and proponents of the liberal peace formula It investigates political economies characterized by the legacies of disruption to production and exchange by population displacement poverty and by criminality **The Limits of Global Governance** Jim Whitman, 2005 This book

provides a thorough overview of global governance exploring the key conceptual issues and illustrating them with

international case studies as well as offering a provocative critique of the research in the field World Intellectual Property Organization (WIPO) Christopher May, 2006-11-06 Covering the World Intellectual Property Organization this volume introduces a much ignored element of the contemporary structure of global governance to scholars of international political economy Christopher May discusses how the World Intellectual Property Organization works its antecedents and history the debates about the role and justification of intellectual property the role of WIPO within contemporary global politics the key elements of its relations with the World Trade Organization the Agreement on Trade Related Aspects of Intellectual Property Rights The analysis then examines the recent political economy of the organization and argues that far from being the neutral or technical agency that it often presents itself as the WIPO is highly politicized and acts to socialize policy makers and civil servants into a specific view of intellectual property However the recent proposal to establish a Development Agenda at the WIPO is an important development and the book concludes by examining the problems which have promoted this agenda suggesting that these reforms of the WIPO should be welcomed The World Intellectual Property Organization is a clear and accessible volume that will confirm the WIPO as one of the global institutions which any student of global governance must understand **Critical Security Studies** Columba Peoples, Nick Vaughan-Williams, 2020-11-29 This textbook introduces students to the sub field of critical security studies through a detailed yet accessible survey of emerging theories and practices This third edition contains two new chapters on Ontological security and In Security and the everyday and has been fully revised and updated Written in an accessible and clear manner Critical Security Studies offers a comprehensive and up to date introduction to critical security studies locates critical security studies within the broader context of social and political theory evaluates fundamental theoretical positions in critical security studies against a backdrop of new security challenges The book is divided into two main parts Part I Approaches surveys the newly extended and contested theoretical terrain of critical security studies constructivist theories Critical Theory feminist and gender approaches postcolonial perspectives poststructuralism and International Political Sociology Ontological security and securitisation theory Part II Issues examines how these various theoretical approaches have been put to work in critical considerations of environmental and planetary security health human security and development information technology and warfare migration and border security in security and the everyday and terror risk and resilience The historical and geographical scope of the book is deliberately broad and each of the chapters in Part II concretely illustrates one or more of the approaches discussed in Part I with clear internal referencing allowing the text to act as a holistic learning tool for students This book is essential reading for upper level students of critical security studies and an important resource for students of international global security political theory and international relations Critical Perspectives on Human Security David Chandler, Nik Hynek, 2010-09-13 This new book presents critical approaches towards Human Security which has become one of the key areas for policy and academic debate within Security Studies and IR The Human Security

paradigm has had considerable significance for academics policy makers and practitioners Under the rubric of Human Security security policy practices seem to have transformed their goals and approaches re prioritising economic and social welfare issues that were marginal to the state based geo political rivalries of the Cold War era Human Security has reflected and reinforced the reconceptualisation of international security both broadening and deepening it and in so doing it has helped extend and shape the space within which security concerns inform international policy practices However in its wider use Human Security has become an amorphous and unclear political concept seen by some as progressive and radical and by others as tainted by association with the imposition of neo liberal practices and values on non Western spaces or as legitimizing attacks on Iraq and Afghanistan This book is concerned with critical perspectives towards Human Security highlighting some of the tensions which can emerge between critical perspectives which discursively radicalise Human Security within frameworks of emancipatory possibility and those which attempt to deconstruct Human Security within the framework of an externally imposed attempt to regulate and order the globe on behalf of hegemonic power The chapters gathered in this edited collection represent a range of critical approaches which bring together alternative understandings of human security This book will be of great interest to students of human security studies and critical security studies war and conflict studies and international relations

Encyclopedia of Law and Development Koen De Feyter, Gamze E.

Türkelli, Stéphanie de Moerloose, 2021-01-29 This comprehensive Encyclopedia is an indispensable resource in the area of law and development Bringing together more than 80 entries the Encyclopedia spans a variety of approaches contextualised histories recent developments and forward looking insights into the role of law in development It is an invaluable reference point for scholars seeking to engage with issues at the intersection of law and development from both within and outside of the legal field as well as a thorough but succinct overview for post graduate students

Global Governance, Global

Government Luis Cabrera, 2012-01-02 Recent years have seen a remarkable resurgence in rigorous thought on global government by leading thinkers in international relations economics and political theory Not since the immediate post World War II period have so many scholars given serious attention to possibilities for global political integration This book will be of interest to students of international relations political theory international economics security and gender studies It pulls together some of the leading current thinkers on global government into a conversation about provocative global institutional visions Chapters here explore whether a world state should be viewed as inevitable ways in which global moral and political communities might be sustained and reasons to reject world government in favor of improvements to governance in the United Nations and other institutions

Land Grabbing and Global Governance Matias E. Margulis, Nora McKeon, Saturnino Borras Jr., 2016-05-23 Land grabbing per se is not a new phenomenon given its historical precedents in the eras of imperialism However the character scale pace orientation and key drivers of the recent wave of land grabs is a distinct historical event closely tied to the changing dynamics of the global agri food feed and fuel complex Land grabbing is

facilitated by ever greater flows of capital goods and ideas across borders and these flows occur through axes of power that are far more polycentric than the North South imperialist tradition Land grabs occur in the context of changes in the character of the global food regime formerly anchored by North Atlantic empires the integrated food energy complex seems to be headed towards multiple centres of power especially with the rise of the BRICS and the proliferation of middle income countries participating in many of the land transactions Land Grabbing and Global Governance offers insights from leading scholars and experts on contemporary land grabs This volume examines land grabs in direct relation to a global economy undergoing profound change and the role of new configurations of actors and power in governance institutions and practices This book was published as a special issue of Globalizations **The World We Could Win** Geraldine Fraser-Moleketi, 2005 Containing six essays this volume looks thematically at different elements or facets of Global Governance and the issues that arise It deals with some regional perspectives on Global Governance It aims to raise our eyes beyond the known world in public administration and also looks at the unit of analysis

Thank you certainly much for downloading **Global Governance Critical Perspectives**. Maybe you have knowledge that, people have seen numerous times for their favorite books past this Global Governance Critical Perspectives, but stop happening in harmful downloads.

Rather than enjoying a fine PDF bearing in mind a cup of coffee in the afternoon, on the other hand they juggled similar to some harmful virus inside their computer. **Global Governance Critical Perspectives** is approachable in our digital library an online entry to it is set as public for that reason you can download it instantly. might not be the Global Governance Critical Perspectives full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Global Governance Critical Perspectives eBooks, including some popular titles.

FAQs About Global Governance Critical Perspectives Books

What is a Global Governance Critical Perspectives PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Global Governance Critical Perspectives PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Global Governance Critical Perspectives PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Global Governance Critical Perspectives PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Global Governance Critical Perspectives PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
