## **Global Justice And Transnational Politics:**

Global Justice and Transnational Politics Pablo De Greiff, Ciaran Cronin, 2002 Essays exploring the prospects for transnational democracy in a world of increasing globalization      **Global Justice and Transnational Politics** Pablo De Greiff, Ciaran Cronin, Ciaran P. Cronin, 2002 Essays exploring the prospects for transnational democracy in a world of increasing globalization      **Political Theory of Global Justice** Luis Cabrera, 2006-02-03 This book offers a moral argument for world government claiming that not only do we have strong obligations to people elsewhere but that accountable integration among nation states will help ensure all persons can lead a decent life      The Global Justice Reader Thom Brooks, 2023-03-06 A unique compendium of foundational and contemporary writings in global justice newly revised and expanded The Global Justice Reader is the first resource of its kind to focus exclusively on this important topic in moral and political philosophy providing an expertly curated selection of both classic and contemporary work in one comprehensive volume Purpose built for course work this collection brings together the best in the field to help students appreciate the philosophical dimensions of critical global issues and chart the development of diverse concepts of justice and morality Newly revised and expanded the Reader presents key writings of the most influential writers on global justice including Thomas Hobbes Immanuel Kant John Stuart Mill Martha C Nussbaum and Peter Singer Thirty nine chapters across eleven thematically organized sections explore sovereignty rights to self determination human rights nationalism and patriotism cosmopolitanism global poverty women and global justice climate change and more Features seminal works from the moral and political philosophers of the past as well as important writings from leading contemporary thinkers Explores critical topics in current discourses surrounding immigration and citizenship global poverty just war terrorism and international environmental justice Highlights the need for shared philosophical resources to help address global problems Includes a brief introduction in each section setting out the issues of concern to global justice theorists Contains complete references in each chapter and a fully up to date extended bibliography to supplement further readings The revised edition of The Global Justice Reader remains an ideal textbook for undergraduate and graduate courses in global justice and human rights cosmopolitanism and nationalism environmental justice and social justice and citizenship and an excellent supplement for general courses in political philosophy political science social science and law      *Encyclopedia of Global Justice* Deen K. Chatterjee, 2012-01-23 This two volume Encyclopedia of Global Justice published by Springer along with Springer's book series Studies in Global Justice is a major publication venture toward a comprehensive coverage of this timely topic The Encyclopedia is an international interdisciplinary and collaborative project spanning all the relevant areas of scholarship related to issues of global justice and edited and advised by leading scholars from around the world The wide ranging entries present the latest ideas on this complex subject by authors who are at the cutting edge of inquiry The Encyclopedia sets the tone and direction of this increasingly important area of scholarship for years to come The entries number around 500 and

consist of essays of 300 to 5000 words The inclusion and length of entries are based on their significance to the topic of global justice regardless of their importance in other areas      *Grace and Global Justice* Richard Gibb,2006-10-18 What does it mean for the twenty first century church to conceive of itself as a community defined by the covenant of grace *Grace and Global Justice* explores the ramifications of this central Christian doctrine for the holistic mission of the church in the context of a globalized world      World Ethics and Climate Change: From International to Global Justice Paul G. Harris,2009-11-09 More than two decades of international negotiations have failed to stem emissions of greenhouse gases that are causing global warming and climate change This book identifies a way to escape this ongoing tragedy of the atmospheric commons It takes a fresh approach to the ethics and practice of international environmental justice and proposes fundamental adjustments to the climate change regime in the process drawing support from cosmopolitan ethics and global conceptions of justice The author argues for cosmopolitan diplomacy which sees people rather than states alone as the causes of climate change and the bearers of related rights duties and obligations      Current Debates in Global Justice Gillian Brock,Darrel Moellendorf,2006-03-30 Issues of global justice dominate our contemporary world Increasingly philosophers are turning their attention to thinking about particular issues of global justice and the accounts that would best facilitate theorizing about these This volume of papers on global justice derives from a mini conference held in conjunction with the Pacific Division meeting of the American Philosophical Association in Pasadena California in 2004 The idea of holding a mini conference on global justice was inspired by the growth of interest in such questions and it was hoped that organizing the mini conference would stimulate further good writing in this area We believe that our mission has been accomplished We received a number of thoughtful papers on both theoretical and more applied issues showing excellent coverage of a range of topics in the domain of global justice A selection of some of the very best papers is published in this special issue of *The Journal of Ethics* In particular we tried to include papers that would reflect some of the range of topics that were covered at the conference to give readers a sense of both the scope of the field as it is currently emerging and the direction that the debates seem to be taking As a result of increased attention to theorizing about global justice cosmopolitanism has enjoyed a resurgence of interest as well      **Multinational Corporations and Global Justice** Florian Wettstein,2009-10-08 *Multinational Corporations and Global Justice* Human Rights Obligations of a Quasi Governmental Institution addresses the changing role and responsibilities of large multinational companies in the global political economy This cross and interdisciplinary work makes innovative connections between current debates and streams of thought bringing together global justice human rights and corporate responsibility Conceiving of corporate social responsibility CSR from this unique perspective author Florian Wettstein takes readers well beyond the limitations of conventional notions which tend to focus on either beneficence or pure charity While the call for multinationals involvement in the solution of global problems has become stronger in recent times few specifics have been laid down regarding how to hold those institutions accountable in the global arena This text attempts

to work out the normative basis underlying the responsibilities of multinational corporations thereby filling a crucial void in the literature and marking a milestone in the CSR debate

**Global Justice and Avant-Garde Political Agency** Lea Ypi, 2012 Why should states matter and how do relations between fellow citizens affect what is owed to distant strangers How if at all can demanding egalitarian principles inform political action in the real world This book proposes a novel solution through the concept of avant garde political agency Ypi grounds egalitarian principles on claims arising from conflicts over the distribution of global positional goods and illustrates the role of avant garde agents in shaping these conflicts and promoting democratic political transformations in response to them Against statist she defends the global scope of equality and derives remedial cosmopolitan principles from global responsibilities to relieve absolute deprivation Against cosmopolitans she shows that associative political relations play an essential role and that blanket condemnation of the state is unnecessary and ill directed Advocating an approach to global justice whereby domestic avant garde agents intervene politically so as to constrain and motivate fellow citizens to support cosmopolitan transformations this book offers a fresh and nuanced example of political theory in an activist mode Setting the contemporary debate on global justice in the context of recent methodological disputes on the relationship between ideal and nonideal theorizing Ypi's dialectical account illustrates how principles and agency can genuinely interact

**Justice and Peace** Gunther Hellmann, 2013-10-02 Justice and peace are key concepts in the discourse of many academic disciplines Conceptually they are obviously linked but perennial disputes surround the question of their interdependence and whether priority must be accorded to justice or peace This volume brings together a diverse group of internationally renowned scholars from the fields of political theory philosophy international relations history cultural anthropology and law to address these overarching questions and offer suggestions on how the friction between justice and peace might be resolved The contributors draw on long standing philosophical debates in order to address historical as well as contemporary conflicts ranging from the establishment and enforcement of legal and political norms in the disputes of early modern Europe to present day tensions inherent in the constitutionalization of international law

**Confucian Marxism** Weigang Chen, 2013-09-25 Buttressed by an autocratic system China's colossal economic growth over the past decades seems to have had the paradoxical effect of undermining the foundation of Western domination but at the same time invigorating Eurocentricism In particular it highlights the current relevance of the central conviction of Weber's Orient the absence of civic roots in non Western societies will create a kind of uncivic capitalist system in which one has no choice but to seek to compensate for instabilities through authoritarian institutions Does this mean that the West may alone afford to harmonize political stability with the universalistic ideal of justice as the basic structure of society If not how then is it possible to develop a notion of the primacy of social justice that transcends the limits of liberal democracy This book aims at addressing these timely questions by drawing on Confucian Marxism a distinctive perspective on civil society

**The Oxford Handbook of Global Justice** Thom Brooks, 2020 The Oxford Handbook of Global Justice explores an exciting area of

refreshing innovative new ideas for a changing world facing significant challenges      **Deparochialising Global Justice**  
Aejaz Ahmad Wani, 2024-08-27 This book offers a deparochial account of global justice and addresses disenchantment stemming from its West centrality and provincial theoretical formulations As the recurring global poverty debate restricts the duties of alleviating poverty and inequality to the developed world this book attempts to broaden the spectrum of duties to the super-rich of the developing world Drawing from the case study of India's super-rich as an exemplar of the potent agency of rising powers the book examines the structural relationship between unbridled affluence and the un-realisation of the human rights of the poor It contends that India's super-rich like their counterparts in other powerful developing countries both contribute as well as benefit from the highly decentralised global economic order that re-produces affluence of the few and deprivation of the many within these countries In doing so this book argues that the super-rich have a positive duty to alleviate poverty and reduce inequality beyond their free standing moral responsibility for philanthropy      **Humanity's Law**  
Ruti Teitel, 2011-10-07 A powerful account of one of the central transformations of the post Cold War era the profound normative shift in the international legal order from prioritizing state security to protecting human security      *Global Democracy: For and Against* Raffaele Marchetti, 2008-03-05 This book defends the case for the expansion of the democratic model to the global political sphere by examining the nexus between the phenomenon of international exclusion and the political response of global democracy      **The Cosmopolitanism Reader** Garrett W. Brown, David Held, 2010-12-28 In response to a renewed cosmopolitan enthusiasm this volume brings together 25 essays in the development of cosmopolitan thought by distinguished cosmopolitan thinkers and critics It looks at classical cosmopolitanism global justice culture and cosmopolitanism political cosmopolitanism and cosmopolitan global governance      **Spheres of Global Justice**  
Jean-Christophe Merle, 2013-06-22 *Spheres of Global Justice* analyzes six of the most important and controversial spheres of global justice each concerning a specific global social good These spheres are democratic participation migrations cultural minorities economic justice social justice and intergenerational justice Together they constitute two constellations dealt with in this collection of essays by leading scholars in two different volumes *Global Challenges to Liberal Democracy* and *Fair Distribution* These essays illustrate each of the spheres delving into their differences commonalities collisions and interconnections Unlike many writings on global justice *Spheres of Global Justice* does not content itself with describing the painful and advantageous effects of the globalization process as being ipso facto a global injustice or a just global order Rather this multidisciplinary collection of essays from a pluralist inspiration combines empirical analysis with theoretical approaches and ethical principles paying close attention to two aspects of the effects of the globalization process These aspects are the causal relationships that lead to such effects and the kinds of obligations or of normative relationships between global rights and correlative duties that applies to each specific individual case This volume illustrates how diverse global obligations are and how they can be grounded in diverse relationships identity ability to provide help causal

responsibility past injustices protection of agency and promotion of independence etc These essays also demonstrate that an ethical global approach has not only international or transnational but also domestic local and interpersonal dimensions

**Global Justice Activism and Policy Reform in Europe** Peter Utting, Mario Pianta, Annekathrin Ellersiek, 2012 Civil society activism around issues of global justice has proliferated in Europe during the past two decades Has such contestation and advocacy made a difference This book examines whether and how the organizations networks and campaigns involved have attained their policy objectives in the areas of debt relief international trade international taxation and corporate accountability The analysis also considers the relationship between national and transnational activism By comparing variations in the activism policy nexus in France Italy and the United Kingdom it seeks to understand how such interaction and policy outcomes vary in different institutional and political contexts

**Empire, Race and Global Justice** Duncan Bell, 2019-02-21 The status of boundaries and borders questions of global poverty and inequality criteria for the legitimate uses of force the value of international law human rights nationality sovereignty migration territory and citizenship debates over these critical issues are central to contemporary understandings of world politics Bringing together an interdisciplinary range of contributors including historians political theorists lawyers and international relations scholars this is the first volume of its kind to explore the racial and imperial dimensions of normative debates over global justice

### **Global Justice And Transnational Politics Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Global Justice And Transnational Politics has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Global Justice And Transnational Politics has opened up a world of possibilities. Downloading Global Justice And Transnational Politics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly

convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Global Justice And Transnational Politics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Global Justice And Transnational Politics. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Global Justice And Transnational Politics. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Global Justice And Transnational Politics, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Global Justice And Transnational Politics has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Global Justice And Transnational Politics Books**

1. Where can I buy Global Justice And Transnational Politics books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores

- offer a wide range of books in physical and digital formats.
