Global Political Economy:

Global Political Economy Robert Gilpin, Jean M. Gilpin, 2001-03-12 The end of the Cold War has unleashed unique economic and political forces. Computers are an increasing impetus to the world economy along with technological developments. This work studies these developments and others to survey the approaches to understanding international economic relations.

Global Political Economy John Ravenhill, 2017 Global Political Economy offers a comprehensive introduction to the field by combining theory, history, and contemporary issues and debates. The authors, who are all leading international experts, introduce readers to the diversity of perspectives in GPE through chapters that combine careful analysis with detailed empirical material. New to this edition: A rewritten chapter on the Global Trade Regime by Professor Ann Capling and Dr Silke Trommer. Increased coverage of the rise of new actors, especially the BRICs and the role of developing economies in global governance from back cover.

Global Political Economy Ralf J. Leiteritz, Carolina Urrego-Sandoval, Jean Marie Chenou, 2025-03-29 A comprehensive guide to understanding the complexities of Global Political Economy, emphasising the importance of context and a truly global range of perspectives in analysing global issues.

Global Political Economy Ronen Palan, 2000 The text aims to provide succinct summaries of topical, wide-ranging issues and controversies, presenting a compact guide which should be of use to students and lecturers in IPE and international relations.

Global Political Economy Theodore H. Cohn, 2016-05-05 Praised for its authoritative coverage, Global Political Economy places the study of international political economy (IPE) in its broadest theoretical context, now updated to cover the continuing global economic crisis and regional relationships and impacts. This text not only helps students understand the fundamentals of how the global economy works but also encourages them to use theory to more fully grasp the connections between key issue areas like trade and development. Written by a leading IPE scholar, this text equally emphasizes theory and practice to provide a framework for analyzing current events and long-term developments in the global economy. New to the Seventh Edition: Focuses on the ongoing global economic crisis and the continuing European sovereign debt crisis along with other regional economic issues, including their implications for relationships in the global economy. Offers fuller and updated discussions of critical perspectives like feminism and environmentalism and includes new material differentiating among the terms neomercantilism, realism, mercantilism, and economic nationalism. Updated author-written Test Bank is provided to professors as an e-Resource on the book's Webpage.

Global Political Economy Robert O'Brien, Marc Williams, 2024-11-14 This seventh edition offers an accessible introduction to both the historical roots and the contemporary dynamics of today's world economy and considers traditional and critical theories of global political economy. Tracing the global economy from its early origins through each phase of a shifting world order, the book takes a non-Eurocentric approach, covering both traditional elements of the global economy such as trade and finance while also addressing important contemporary areas of concern, including social inequality, cryptocurrencies, populism, and protectionism. Reflecting the latest empirical and scholarly

developments this new edition offers new chapters on race and health along with an extensive companion website

Reconstructing the Global Political Economy Andersson, Erik, 2020-05-20 In an era of post globalisation the global political economy needs restructuring This future orientated textbook examines the challenges facing the world economy as a result of climate change social and economic inequality and provides future oriented solutions Andersson clearly presents and explains key concepts from Global Political Economy GPE to show how these can be used to design and analyse potential reconstructions of the global political economy offering the analytical tools and inroads to this reconstruction With a comprehensive exploration of the different ideological pathways that change might take through intersecting dimensions of gender race and class the author expertly guides the reader through thematic chapters such as The political economy of everyday life Regulation of global trade Post development Global value chain production Financial markets This textbook will help students and non specialist readers to see that global economic change is possible and show how core concepts from GPE can enable clear thinking about a global future that is environmentally socially and economically sustainable

International Political Economy Raymond C. Miller, 2008-09-03 This textbook is the perfect short introduction to the fundamental theories and issues of international political economy IPE Written in a concise and accessible style the text equips students with the necessary skills and knowledge to understand this complex and fascinating area Engaging with both classical theories and the main contemporary debates this is the ideal starting point for the study of IPE The text introduces students to the three main theoretical approaches in IPE free market institutionalist and historical materialist The strengths and weaknesses of the theories are then illustrated by a series of fascinating applied case studies in such core areas as international trade finance transnational corporations development and the environment Combining clear historical and theoretical explanation with detailed empirical examples this is essential reading for students of international political economy global governance and international economics Global Political Economy Theodore H. Cohn, Anil

Hira, 2025-05-05 Global Political Economy places the study of IPE in broad theoretical context equally emphasizing theory and practice to provide a framework for analyzing current events and long term developments in the global economy Andy Hira updates this essential book and the related instructor and student resources to cover recent global developments and shifts in scholarship New and updated for the Ninth Edition Provides an economics primer on how markets interest and exchange rates work comparative advantage and monetary and fiscal policy and material on getting a job in political economy Includes the basic tenets of realism Expands coverage on China including on bipolarity U S relations security economic tradeoffs Taiwan the Belt and Road Initiative and the failure of TPP Discusses Russia s invasion of Ukraine and builds on the material on sanctions Investigates the effects of the pandemic including post pandemic inflation Explores critical approaches to IR and different theoretical perspectives and gives more weight to the Global South including postcolonialism and intersectionality Focuses more on climate change and the environment technological advances and

migration Adds material on club goods cryptocurrencies labor rights global tax and offshoring socially responsible investment corporate social responsibility the Beijing Model the proposed global minimum tax ASEAN and the African Continental Free Trade Agreement Updates the tables figures graphics references and supplementary readings throughout Provides updated instructor resources including a Test Bank PowerPoint slides Exercises and an Instructor's Manual and a new student website with practice quizzes flashcards lecture videos and links to extensive additional resources including videos podcasts readings and data sources to support learning and engagement Praised for its authoritative coverage **Global Political Economy** is essential reading for both introductory and advanced IPE courses

Global Political Economy Kavous Ardalan, 2018-12-18 This book applies a multiparadigmatic philosophical frame of analysis to the global political economy Crossing two disciplines and lines of literature social philosophy and global political economy this book considers seven aspects of global political economy and discusses each aspect from four diverse paradigmatic viewpoints functionalist interpretive radical humanist and radical structuralist The four paradigms are founded upon different assumptions about the nature of social science and the nature of society Each paradigm generates theories concepts and analytical tools which are different from those of other paradigms developing an understanding of the different paradigms leads to a better understanding of the multi faceted nature of the subject matter In this book the first chapter reviews the four paradigms Each of the next seven chapters provides four paradigmatic explanations for each of the seven aspects of the global political economy The final chapter concludes by recommending further paradigmatic diversity This book will be of particular interest to students and researchers interested in political economy heterodox economics political science and international relations

Global Political Economy and the Wealth of Nations Phillip Anthony O'Hara, 2004 Documents the major processes performance institutions problems and policies associated with global political economy This book presents an analysis of the changing distribution and production of wealth throughout the world the global technological revolution and a special study of Asia and Eastern Europe in the world system *The Emergence of the Global Political Economy* William Thompson, 2002-11-01 The Emergence of the Global Political Economy challenges the assumption that the international political economy is a recent phenomenon Instead this volume asserts that the current global political economy began to take shape around 1500 and that some of today's key processes were already perceivable several hundred years ago The book explains the interdependence between long term economic growth global political leadership and global war and how this interdependence has evolved over the last 500 years and includes discussion of the ascendance of Western Europe and the significance of the 1490s the military superiority thesis sequences of leadership and of challenge to the global political economy the importance of commodities from sugar and cloth to slaves and bullion the Anglo American rivalry until the First World War **International Political Economy** Thomas Oatley, 2004 This text uses theories developed from core assumptions to explain and interpret the creation and evolution of the postwar international economic system Oatley

provides undergraduates with the necessary background in history and economic theory and introduces students to the core elements of contemporary positive international political economy Global Political Economy David Reisman,2023-01-20 In his updated second edition David Reisman examines the ideological and material underpinnings of the global mixed economy Drawing upon current research in economics and international relations Global Political Economy is an impartial and comprehensive analysis of the world order in an age of reappraisal and doubt **The Global Political Economy of Israel** Jonathan Nitzan,Shimshon Bichler,2002-08-20 The debate about globalisation and its discontents **Global Political Economy: Theories of the global political economy** Bill Dunn,2009 A masterly explanation of events and upheavals in the world economy over the last 100 years **The Three Fields of Global Political Economy** Heikki Patomäki,2022-03-10 The Three Fields of Global Political Economy provides a systematic and future oriented account of global political economy dynamics since the Industrial Revolution and argues that major changes and conflicting processes can be understood through the concept of these three fields The first field is constituted by the circuit of capital and is characterised by a tendency towards economic liberalism The second field is brought about by reactions to and learning from cycles and crises and various negative experiences The third field is the field of reason of state It is evoked by struggles within and among states and has its own inner generative structures This book analyses the generic dynamics of these three fields of global political economy and explores their most significant causal effects such as growth employment distribution of income and wealth wars and ecological effects Together the prevailing three fields as well as the ideas and causal forces which generate them constitute the holomovement of the global political economy This book will appeal to advanced students and scholars of global studies international relations international political economy economic theory and governance as well as those working in social theory and sociology and to a broader audience interested in socioeconomics **The Global Political Economy** Stephen Gill,David Law,1988-07 As an introductory text The Global Political Economy has much to offer It presents theoretical material clearly and concisely offers an up to date review of the academic literature and reviews a wide range of issues current in policy circles Thomas Ilgen Pitzer College Perspective **Handbook on the International Political Economy of China** Ka Zeng,2019 This book examines the processes evolution and consequences of China s rapid integration into the global economy Through analyses of Beijing s international economic engagement in areas such as trade investment finance sustainable development and global economic governance it highlights the forces shaping China s increasingly prominent role in the global economic arena Chapters explore China s behavior in global economic governance the interests and motivations underlying China s international economic initiatives and the influence of politics including both domestic politics and foreign relations on the country s global economic footprint **Transformations in the Global Political Economy** Dennis Clark Pirages,Christine Sylvester,Dennis C. Pirages,2016-01-03 This book brings together a collection of essays that focus on the various dimensions of this transformation and prospects for future changes The book begins with an

analytical essay that offers an overview of causes of change in the global political economy
