Global Security Beyond The Millennium:

Global Security Beyond the Millennium Sharyl Cross, Igor A. Zevelev, Victor Kremenjuk, Vagan M. Gevorgian, 1999-07-16
Global Security Beyond the Millennium offers American and Russian perspectives on the evolution of the US Russian post Cold War security relationship obstacles and opportunities in bilateral cooperation and critical security challenges for the two countries on the threshold of the twenty first century American and Russian contributors discuss prospects for managing a range of issues encompassing both traditional military aspects of security as well as in depth exploration of the broader non military dimensions of international security The book is designed to challenge readers to think about some of the most pressing security issues of our time and the roles and responsibilities of the United States and Russia in preserving global stability and peace beyond the millennium China, Russia, and Twenty-First Century Global Geopolitics Paul J. Bolt, Sharyl N. Cross, 2018-02-02 This book provides a comprehensive analysis of the Chinese Russian bilateral relationship grounded in a historical perspective and discusses the implications of the burgeoning strategic partnership between these two major powers for world order and global geopolitics The volume compares the national worldviews priorities and strategic visions for the Chinese and Russian leadership examining several aspects of the relationship in detail The energy trade is the most important component of economic ties although both sides desire to broaden trade and investments In the military realm Russia sells advanced arms to China and the two countries engage in regular joint exercises Diplomatically these two Eurasian powers take similar approaches to conflicts in Ukraine and Syria and also cooperate on non traditional security issues including preventing coloured revolutions cyber management and terrorism These issue areas illustrate four themes Russia and China have common interests that cement their partnership including security protecting authoritarian institutions and re shaping aspects of the global order They are key players not only influencing regional issues but also international norms and institutions The Sino Russian partnership presents a potential counterbalance to the United States and democratic nations in shaping the contemporary and emerging geopolitical landscape Nevertheless the West is still an important partner for China and Russia Both seek better relations with the West but on the basis of mutual respect and equality Lastly Russia and China have frictions in their relationship and not all of their interests overlap The Sino Russian relationship has gained considerable momentum particularly since 2014 as Moscow turned to Beijing attempting to offset tensions with the West in the aftermath of Russia s annexation of Crimea and intervention in Ukraine However so far China and Russia describe their relationship as a comprehensive strategic partnership but they are not allies The Limits of Culture Brenda Shaffer, 2006 Experts analyze the effect of cultural interests on the foreign policy of states in the Caspian region including Iran Azerbaijan Armenia Georgia Afghanistan Kazakhstan and Pakistan Russian Governance in the 21st Century Irina Isakova, 2004-06-01 A stimulating new analysis of the dramatic systemic changes of the Russian state principles of the governance and its foreign policy orientation It reviews the extent of changes in Russian approaches to geopolitics and

the most appropriate geopolitical development patterns that influenced the transformation of Russian foreign policies and military strategic thinking on the eve of the 21st century

The Paradox that is Diplomatic Recognition: Unpacking the Somaliland Situation John Rabuogi Ahere, 2013-05-23 Somaliland is an example of a territory that has fulfilled the conditions that are pre requisite for state recognition in the international system Somaliland is however not recognised as a state Questions abound about why Somaliland finds itself in this situation when there are territories which obtained recognition after fulfilling a fraction of what Somaliland has achieved This study contributes to answering the aforementioned questions This study has certain objectives It delved into the examination of the criteria that is used for the recognition of states in the international system It also analyses the role of intergovernmental organizations in the non recognition of Somaliland The objective of this study is also to make an assessment of the nature of interactions between Somaliland and other actors in the international system

Russian National Security Michael H. Crutcher, 2001 This is an anthology of papers presented at a conference titled Russian National Security Perceptions Policies and Prospects conducted from 4-6 December 2000 The book organizes the papers into six sections The Russian National Security Community Russia and Europe Russian Policy Towards the Caucasus and Central Asia Russia and Asia Russia and the United States and Russia's Military Transformation

Green Planet Blues Geoffrey Dabelko, Ken Conca, 2019-09-06 Revised and updated throughout this unique anthology examines global environmental politics from a range of perspectives and captures the voices of both the powerless and the powerful Paradigms of sustainability environmental security and ecological justice illustrate the many ways environmental challenges and their solutions are framed in contemporary international debates about climate water forests toxics energy food and biodiversity Organized thematically the selections offer a truly global scope Seventeen new readings explore climate justice globalization land and water grabs climate change and conflict China's international environmental relations and the future of climate politics in the wake of the Paris Agreement This book stresses the underlying questions of power interests authority and legitimacy that shape environmental debates and it provides readers with a global range of perspectives on the critical challenges facing the planet and its people This new edition of Green Planet Blues connects directly with a wide range of upper level undergraduate and graduate level courses

Limiting institutions? James Sperling, Sean Kay, Victor Papacosma, 2018-07-30 This electronic version has been made available under a Creative Commons BY-NC-ND open access license Eurasian security governance has received increasing attention since 1989 The North Atlantic Treaty Organisation the institution that best served the security interests of the West in its competition with the Soviet Union is now relatively ill equipped resolve the threats emanating from Eurasia to the Atlantic system of security governance This book investigates the important role played by identity politics in the shaping of the Eurasian security environment It investigates both the state in post Soviet Eurasia as the primary site of institutionalisation and the state's concerted international action in the sphere of security This investigation requires a major caveat state centric approaches to security impose analytical costs by obscuring

substate and transnational actors and processes The terrorist attacks on the World Trade Center and the Pentagon marked the maturation of what had been described as the new terrorism Jervis has argued that the western system of security governance produced a security community that was contingent upon five necessary and sufficient conditions The United States has made an effort to integrate China Russia into the Atlantic security system via the Partnership for Peace PfP programme and the Euro Atlantic Partnership Council The Black Sea Economic Cooperation has become engaged in disseminating security concerns in fields such as environment energy and economy If the end of the Cold War left America triumphant Russia's new geopolitical hand seemed a terrible demotion Successfully rebalancing the West and building a collaborative system with Russia China Europe and America probably requires more wisdom and skill from the world's leaders

Russia In The New Century Victoria Bonnell, 2018-03-05 What has happened to Russia since the collapse of communism in 1991 and where is the country going in the new century Russia has escaped widespread social disorder or political collapse but few observers would argue that the situation has stabilized Seventeen distinguished scholars from the United States Russia and Europe analyze the institutions social forces and ideas that are transforming Russia and are in turn being transformed in Russia today The first multidisciplinary assessment of the Yeltsin era Russia in the New Century Stability or Disorder focuses on superpresidentialism the Constitutional Court the military the virtual economy the network society organized crime the new entrepreneurs workers survival networks Russian political parties and nationalism and the crisis in Dagestan Thirteen essays and the editors introduction offer new perspectives on Russia's prospects for stability and disorder in the twenty first century

Russia and Its New Diasporas Igor' Aleksandrovich Zevel'ev, 2001 Includes statistics

Political Construction Sites Pal Kolsto, 2018-02-19 The dissolution of the Soviet Union has provided scholars with tremendously rich material for the study of comparative nation building Not since the decolonization of Africa in the 1960s have so many new states been established in one stroke in one region The post Soviet states moreover have all the necessary prerequisites for fruitful comparison a number of similarities but also significant differences in terms of size culture and recent history In order to survive in the long run modern states normally must have a population that possesses some sense of unity Its citizens must adhere to some common values and common allegiance towards the same state institutions and symbols This does not mean that all inhabitants must necessarily share the same culture but they should at least regard themselves as members of the same nation Strategies to foster this kind of common nationhood in a population are usually referred to as nation building After a decade of post Soviet nation building certain patterns are emerging and not always the most obvious ones Some states seem to manage well against high odds while others appear to be disintegrating or sinking slowly into oblivion To a remarkable degree the former Soviet republics have chosen different models for their nation building This book examines the preconditions for these endeavors the goals the state leaders are aiming at and the means they employ to reach them

Cyberwar, Netwar and the Revolution in Military Affairs E. Halpin, P. Trevorrow, D.

Webb,S. Wright,2006-04-26 The end of the Cold War the Revolution in Military Affairs 9 11 and the War on Terror have radically altered the nature of conflict and security in the Twenty first Century This book considers how developments in technology effect the prosecution of war and what the changing nature of warfare means for human rights and civil society

Hegemonic Globalisation Thanh Duong,2017-11-22 This title was first published in 2002 This innovative work analyses how the United States has laid down the foundations for global power It reassesses and re evaluates the declinist renewal argument and challenges conventional balance of power theories demonstrating how the United States is attempting to hegemonically globalise the entire international system To evaluate the success of hegemonic globalisation the book analyses four major powers and regions Russia the People s Republic of China PRC the European Union EU and Japan and their historical political economic cultural and geopolitical relations with the United States Each study examines the tangible and intangible sources of their relationship and the possible tensions and resistance towards United States hegemony therein Providing much needed insight and a fresh perspective this book makes a worthwhile contribution to our understanding of contemporary international power

The Political Economy of Global Security Heikki Patomäki,2007-11-28 Provides an innovative study of future war crises and transformations of the global political economy by bringing together economic and political theory peace and conflict research and historical analogy to explore alternatives for the future

Security after Christendom John Heathershaw,2024-02-13 We live in the wealthiest and most heavily defended world in history so why do we feel so insecure In a secular world what does Christian theology have to say about this problem Security after Christendom combines practical examples social scientific research and an ecumenical approach to political theology to answer these questions It argues that Christendom was a plural phenomenon of imagined security communities of East and West whose unravelling continues to have implications for global politics today as dramatically illustrated by Russia s war in Ukraine While notions of a new Christendom are idolatrous and delusional secular imaginaries of national security or the liberal international order are both destructive and unstable True security radical inclusion nonviolent protection and abundant provision is an eschatological phenomenon inaugurated by Christ Security after Christendom is neither found in faithful government nor an exclusive church as polis approach but in relations of tension where the fallen powers are continuously confronted by prophetic practices A post Christendom community expresses its love for the world by seeking its security providentially limiting the disorders of the secular age and offering glimmers of a new earth

PEACE STUDIES, PUBLIC POLICY AND GLOBAL SECURITY - Volume II Ursula Oswald Spring, Ada Aharoni, Ralph V. Summy, Robert Charles Elliot,2010-07-24 Peace Studies Public Policy and Global Security is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Peace Studies Public Policy and Global Security provides the essential aspects and a myriad of issues of great relevance to our world such as Processes of Peace and Security International Security Peace Development and

Environment Security Threats Challenges Vulnerability and Risks Sustainable Food and Water Security World Economic Order This 11 volume set contains several chapters each of size 5000 30000 words with perspectives issues on Peace studies Public Policy and Global security These volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs

European Security Culture Marieke de Goede, 2011-12-01 Ondanks de huidige turbulentie in het Europese integratieproces worden er door de EU belangrijke stappen genomen op het gebied van veiligheidspolitiek en in de naam van terrorismebestrijding Een centraal element in de Europese veiligheidscultuur die hier ontstaat is de nadruk op voorzorg en het aanpakken van dreiging in een zo vroeg mogelijk stadium Het verbindend element tussen de EU Counterterrorism Strategy het nieuwe plan voor een Europees Terrorism Financing Tracking Programme en de Atalanta missie tegen piraterij is de nadruk op preventie en het anticiperen op mogelijke toekomstige dreiging Dergelijke programma's hebben echter implicaties voor transparantie en burgerrechten die op gespannen voet staan met de Europese normatieve ambities

International Political Sociology Tugba Basaran, Didier Bigo, Emmanuel-Pierre Guittet, R. B. J. Walker, 2016-07-22 This book presents an overview and evaluation of contemporary research in international political sociology IPS Bringing together leading scholars from many disciplines and diverse geographical backgrounds it provides unprecedented coverage of the key concepts and research through which IPS has opened up new ways of thinking about international relations It also considers some of the consequences of such innovations for established forms of social and political analysis It thus takes the reader on an intellectual journey engaging with questions about boundaries and limits among the many interrelated worlds in which we now live the ways we conceptualise them and how we continually reshape boundaries of identities spaces authorities and disciplinary knowledge The volume is organized three sections Lines Intersections and Directions The first section examines some influences that led to the formation of the project of IPS and how it has opened up avenues of research beyond the limits of an international relations discipline shaped within political science The second section explores some key concepts as well as a series of heated discussions about power and authority practices and governmentality performativity and reflexivity The third section explores some of the transversal topics of research that have been pursued within IPS including inequality migration citizenship the effect of technology on practices of security the role of experts and expertise data driven surveillance and the relation between mobility power and inequality This book will be an essential source of reference for students and across the social sciences

Military Spending and Global Security Jordi Calvo Rufanges, 2020-11-25 Global military expenditure reached an estimated 1 822 billion in 2018 and this book questions what that spending responds to and indeed what that entails in terms of global security The book draws from prior knowledge and research on military expenditure but introduces an all encompassing in depth and original analysis of military spending as a key and often overlooked factor of global instability delving into the present and future consequences of its perpetual growth as well as

confronting the reasoning behind it The authors argue that increasing military expenditure is not the best response to the emergencies militarization itself has helped create They assert that militarization is paradoxically both a cause of and a response to the grave challenges our society is facing The book explains why people are not well served by nation states when they continuously seek to out compete one another in the size and destructive powers of their militaries It discusses the scope of military spending around the world while explaining how militarism is linked with conflict and security threats and how military spending further prevents us from adequately dealing with global environmental problems like climate change A must read for scholars researchers and students from a wide range of disciplines It will also find an audience among professionals from the third sector and activists working on issues related to peace security and militarism as well as social and climate justice

Ethics and Global Security Anthony Burke, Katrina Lee-Koo, Matt McDonald, 2014-06-27 This book will be the first systematic examination of the role that ethics plays in international security in both theory and practice and offers the reader a concrete ethics for global security Questions of morality and ethics have long been central to global security from the death camps world wars and H bombs of the 20th century to the humanitarian missions tsunamis terrorism and refugees of the 21st This book goes beyond the Just War tradition to demonstrate how ethical commitments influence security theory policy and international law across a range of pressing global challenges The book highlights how from patrolling a territorial border to maintaining armed forces security practices have important ethical implications by excluding some from consideration presenting others as potential threats and exposing them to harm and licensing particular actions While many scholars and practitioners of security claim little interest in ethics ethics clearly has an interest in them This innovative book extends the traditional agenda of war and peace to consider the ethics of force short of war such as sanctions deterrence terrorism targeted killing and torture and the ethical implications of new security concerns such as identity gender humanitarianism the responsibility to protect and the global ecology It advances a concrete ethics for an era of global threats and makes a case for a cosmopolitan approach to the theory and practice of security that could inspire a more just stable and inclusive global order This book fills an important gap in the literature and will be of much interest to students of ethics security studies and international relations

The Top Books of the Year Global Security Beyond The Millennium The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Global Security Beyond The Millennium : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Pape, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
